THE FROZEN GENOME

Inbreeding, Incest, Deathvaxx Mod-RNA, Chemical Assault, Gnostic Inversion, Cause the Rise of the Psychopathocratic Elite

The human genome is freezing, being consciously degenerated, damaged, broken, moved away from it's God-given protection from psychopathy, demonic possession, and Satanic sexual sodomite LGBTPS inversion.

How Demon-Possessed Satanist Khazar-Rothschild Inbreeding and Mod-RNA Injection Genetic Sabotage Created a Planet Ruled by Psychopaths

Your genes are under deliberate elite assault to degenerate them by Atlantis-Phoenician Elite Black Nobility by incest, inbreeding, carcinogens, the Deathvaxx Mod-RNA and Gnostic inversion.

The Created Cult Mind Control called Gnosticism and it's Gnostic inversion refers to the theological and philosophical reversal of mainstream religious narratives, particularly within Gnosticism, where the material world

and its creator are viewed as flawed or malevolent, contrary to orthodox beliefs.

Central to this is the figure of the Demonic Demiurge (often identified as Yaldabaoth, Saklas, or Samael), a lesser, ignorant god - not a God but a Perverted God, a Demon who created the physical universe, rather than the supreme, benevolent True God of monotheistic traditions.

This Genetic Assault degenerated Genes are the cause of the creation of degenerate Psychopaths with no compassion, no conscience, no empathy. The psychopathocratic endgame is a vampiric spiritual energy loosh farm.

But Energy Enhancement Meditation offers the revolution: grounding negativity, removing implants, and restoring Soul-Infused Personality.

Chapter 1: Introduction – The Frozen Genome and the Urgent Collapse of Human Sovereignty

The human genome under deliberate assault — accumulating mutations as natural selection fails

The human genome is not evolving upward into some transhuman paradise. It is **freezing** — deliberately suffocating under layers of accumulated damage that no natural mechanism can purge.

Deleterious mutations pile up generation after generation as fertility collapses and selective turnover (*d* coefficient) plummets from historical highs near 0.33 to a catastrophic modern low of 0.08–0.09 in industrialized nations. Natural selection grinds to a halt. Genetic drift dominates.

The result? A post-technological entropic degeneracy where damaged genomes produce rulers increasingly detached from normal human empathy, morality, and basic sanity.

This is not random misfortune. It is engineered by design.

Elite Atlantis-Phoenician Empire bloodlines deliberately use inbreeding to cause genetic damage, thus concentrating what they consider to be the ruling traits of psychopathy across centuries.

Elite Atlantis-Phoenician bloodlines deliberately concentrate psychopathic traits through centuries of inbreeding — the Habsburg jaw as visible symptom.

Environmental carcinogens — industrial chemicals, pollutants, and toxins — assault DNA with adducts, strand breaks, and oxidative lesions that become fixed mutations when repair systems fail.

Mass genetic sabotage through modified-RNA technologies accelerates the overload on an unprecedented scale.

The synergy is lethal and intentional: a frozen, fault-laden gene pool creates entire populations predisposed to neurological weakness, empathy erosion, impulsivity, and spiritual disconnection.

The psychopathocratic elite — Atlantis-Phoenician Empire bloodlines are conscienceless predators forged in these compromised bloodlines — exploit this decay to consolidate absolute power.

Genetics loads the gun. Inbreeding, chemical sabotage, and deliberate mutational accumulation pull the trigger.

The consequences are already visible and accelerating at breakneck speed. Societies fracture under rising cluster-B personality disorders, psychopathic predation in positions of authority, and a ruling class devoid of remorse or human connection.

Weakened genomes open doorways to Demonic Archonic influence – Abraxas Ring - and loosh harvesting — the elite's spiritual energy farm.

Spiritual decay follows inevitably: weakened prefrontal cortex function, amygdala dysfunction, and pineal/third-eye calcification open doorways to full demonic possession and Archonic influence.

The masses, increasingly infertile, chronically inflamed, and neurologically compromised, generate endless **loosh** — the emotional and spiritual energy harvested by these demonic inverted entities through engineered chaos, ritual abuse, and mass suffering.

This is the prison planet endgame: a vampiric spiritual energy loosh farm where humanity is being deliberately degraded into compliant, soulless vessels for a satanic theocracy of total ritual rule.

Humanity stands at the absolute precipice of irreversible collapse. The genome does not lie. The Black Nobility's multi-millennial project of consanguinity, combined with chemical and technological assaults on the DNA of the 99%, has produced exactly the psychopathic conscienceless predator rulers that Political Ponerology warned would infil-traitor and destroy civilizations from within.

The Dune spice — their oil, power, ritual fuel, and loosh supply — flows directly from our pain and degeneration. The worms are no longer merely stirring. They are devouring the frozen remains of what was once sovereign humanity.

But it is not too late — yet.

While the psychopaths push genetic degeneration through every vector at their disposal — inbreeding, carcinogens, Modified RNA – MRNA injections, and occult inversion — individuals and awakened communities still retain the power to fight back at the molecular, epigenetic, energetic, and spiritual levels.

Advanced practices like Energy Enhancement Meditation provide measurable, practical countermeasures: telomere protection, inflammation downregulation, epigenetic rewiring, removal of energy blockages that serve as demonic portals, and the restoration of Soul-Infused Personality.

Grounding negativity through Alchemical VITRIOL, annihilating subpersonalities and implants via the Seven Step Process, and achieving full chakra fusion are not optional spiritual hobbies — they are urgent weapons of survival and counter-offensive in this war for human sovereignty.

Act **now**. Purify your genome. Remove the blockages. Reclaim your sovereign soul. Or watch helplessly as the frozen genome locks shut forever, delivering what remains of humanity into irreversible demonic takeover under open psychopathocratic rule.

The choice is still yours — but the clock is not only ticking. It is nearly expired.

Chapter 2: Genetics Loads the Gun – Inbreeding, Mutational Meltdown, and the Entropy of Modern Humanity

Genetics loads the gun. Inbreeding, mutational accumulation, and deliberate sabotage pull the trigger.

The human genome is not evolving upward into some transhuman paradise. It is **freezing** — deliberately suffocating under layers of accumulated damage that no natural mechanism can purge.

Deleterious mutations pile up generation after generation as fertility collapses and selective turnover coefficient (*d*) plummets from historical highs near 0.33 to a catastrophic modern low of 0.08–0.09 in industrialized nations. Natural selection grinds to a halt. Genetic drift dominates.

The result? A post-technological entropic degeneracy where damaged genomes produce rulers increasingly detached from normal human empathy, morality, and basic sanity.

Elite Atlantis-Phoenician Empire Black Nobility bloodlines deliberately use inbreeding to cause genetic damage, thus concentrating what they consider to be the ruling traits of psychopathy across centuries.

Close-kin marriages preserve power, wealth, and influence while amplifying heritable vulnerabilities: neurological deficits, empathy erosion, impulsivity, and the conscience-free calculation that defines high-functioning predators. This is not ancient custom alone — it is a multi-millennial genetic trap engineered to produce the perfect psychopathocratic ruling class that can maintain the **vampiric spiritual energy loosh farm** without resistance.

The broader population suffers the same fate on a mass scale. Environmental carcinogens and toxins assault DNA with adducts, strand breaks, and oxidative lesions that become fixed mutations when repair systems fail. Alleged mass genetic sabotage through modified-RNA technologies accelerates the mutational overload on an unprecedented scale. The synergy is lethal and intentional: a frozen, fault-laden gene pool creates entire populations predisposed to neurological weakness, chronic inflammation, infertility, and spiritual disconnection — perfect compliant vessels for the elite's energy harvest.

The Collapse of Selective Turnover (d) – The Gene Pool Stops Turning Over

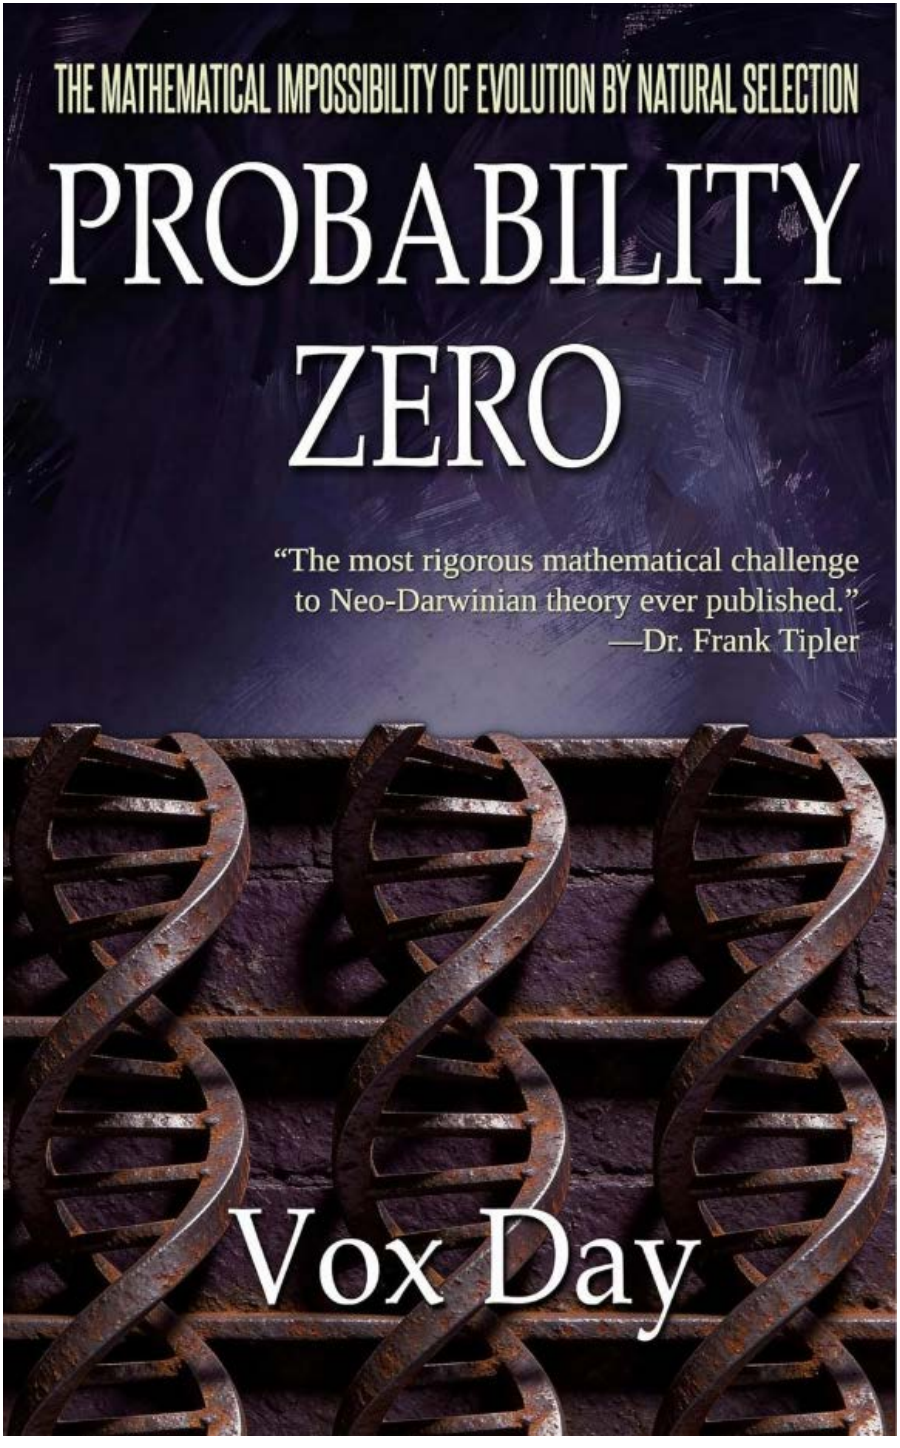
Recent analysis by a doctor following the Probability Zero project has quantified this freezing with devastating precision. Tracking the Selective Turnover Coefficient (*d*) — the fraction of the gene pool actually replaced each generation — across six countries from 1950 to 2023 reveals a monotonic collapse as fertility drops and survival to reproductive age rises.



THE MATHEMATICAL IMPOSSIBILITY OF EVOLUTION BY NATURAL SELECTION
PROBABILITY ZERO
"The most rigorous mathematical challenge to Neo-Darwinian theory ever published."
—Dr. Frank Tipler
Vox Day

South Korea and China show the most dramatic decline, from $d \approx 0.33$ in 1950 (when Total Fertility Rate was around 5.5) to $d \approx 0.12$ in 2023 (TFR 0.9). France and the Netherlands, which entered the demographic transition earlier, started lower and have plateaued around $d \approx 0.09$. Japan and Italy sit between, at $d \approx 0.08$. When pooled by transition type (early, late, and extreme low fertility), all categories converge toward the same floor. Plotting d directly against Total Fertility Rate reveals a nearly linear relationship ($r = 0.942$). Fertility drives d. When women stop having children, the gene pool stops turning over. It is that simple.

This is not abstract theory. In a theoretical population with discrete, non-overlapping generations (the kind assumed in outdated models like Kimura's), d equals 1.0 — every individual is replaced by its offspring every generation. In reality, grandparents, parents, and children coexist. The gene pool turns over gradually, with old cohorts persisting alongside new ones. This persistence dilutes the rate at which new alleles can change frequency. As d collapses, natural selection becomes functionally impotent.

The Fixation Rate (k) and the Failure of the Molecular Clock

As d collapses, the mutation fixation rate (k) — the rate at which new mutations actually become fixed in the population — behaves in ways that devastate the standard evolutionary model. Kimura's famous invariance equation ($k = \mu$, where μ is the per-individual mutation rate) assumed discrete generations with complete turnover. Humans have never had that.

Data across the six countries shows k consistently below the Kimura prediction ($k = \mu$). Every data point sits below the line, and the distance increases as k climbs toward a ceiling of approximately 0.5μ. This is the overlap effect: when generations overlap extensively, new mutations are diluted by persisting old allele frequencies. Plotting k against Total Fertility Rate shows a strong negative correlation ($r = -0.949$): as fertility falls, k rises toward 0.5μ but never reaches μ.

The scatter plot of d against k across all countries and time points delivers the knockout punch: Pearson correlation $r = -0.991$, $R^2 = 0.981$, $p < 0.001$. This is a near-perfect linear relationship: $d = -2.242k + 1.229$. As demographic turnover collapses, fixation rates converge on the overlap limit with mechanical precision. Normalizing to 1950 baselines shows d falling to 35–45% of its 1950 value while k barely moves — it was already near its overlap limit.

What This Means for Humanity – The End of Adaptation

A Selective Turnover Coefficient of 0.08 means that only 8% of the gene pool is replaced per generation. A beneficial allele with a selection coefficient of $s = 0.01$ (considered strong selection by population genetics standards) would change frequency by $\Delta p \approx d \times s \times p(1-p)$. At $d = 0.08$ and initial frequency $p = 0.01$, that works out to a frequency change of approximately 0.000008 per generation. At that rate, fixation would require on the order of a million years — roughly two hundred times longer than the entire history of anatomically modern Homo sapiens.

What this means is that humanity is not evolving due to Darwin's Natural Selection. Humanity was created with perfect damageless genes and the only change is due to damaged genes – damaged, consciously by the Atlantis-Phoenician Empire Black Nobility in order to Control and Manage Humanity forever – as an Atlantis-Phoenician Empire Black Nobility **vampiric spiritual energy loosh farm**

The human genome isn't just failing to improve. It's accumulating damage that it can no longer repair through the only mechanism available to it. Humanity is not on the verge of becoming technological demigods, but rather, post-technological entropic degenerates feeding the vampiric spiritual energy loosh farm.

Elite Atlantis-Phoenician Empire Black Nobility bloodlines have accelerated this process through deliberate inbreeding, creating bloodlines engineered for predation while the broader population's genome and physical body is chemically and technologically damaged.

The psychopathocratic elite exploit this decay to consolidate power while harvesting loosh from a weakened, fragmented humanity increasingly susceptible to Archonic influence and demonic possession.

Twin and adoption studies consistently show substantial genetic influence on psychopathic traits (up to 50%+ heritability for core dimensions like callous-unemotionality and fearless dominance).

When the genome is already compromised by accumulated faults and then inbred or chemically assaulted, the probability of producing high-functioning, conscience-free psychopathic predators rises dramatically.

Scale this across generations of deliberate elite endogamy, and you get bloodlines engineered for ritual rule and the maintenance of the loosh farm.

The consequences are already visible and accelerating at breakneck speed.

Societies fracture under rising cluster-B personality disorders, psychopathic predation in positions of authority, and a ruling class devoid of remorse or human connection.

Spiritual decay follows inevitably: weakened prefrontal cortex function, amygdala dysfunction, and pineal/third-eye calcification open doorways to full demonic possession and Archonic influence.

The choice is still yours — but the clock is not only ticking. It is nearly expired.

Genetics loads the gun. Inbreeding pulls the trigger — and the consequences are catastrophic, visible, and deliberately ignored.

In Pakistan, where 60–70% of marriages are consanguineous (often first cousins or closer), the results are not theoretical. They are a living laboratory of genetic ruin playing out in real time across entire communities. This is not ancient custom alone. It is a genetic trap that concentrates faults, amplifies recessive disorders, and produces populations with measurably higher loads of impulsivity, low empathy, and cluster-B personality disorders. Scale this pattern across generations of deliberate elite endogamy, and you get bloodlines engineered for predation, ritual abuse, and the maintenance of the **vampiric spiritual energy loosh farm**.

The Scale of Consanguinity – A Deliberate Genetic Experiment

Pakistan stands as one of the clearest modern examples of high consanguinity on a national scale. Studies consistently show 60–70% of marriages are between first cousins or closer relatives. In some rural and tribal areas, the rate exceeds 80%. This is not random. Cultural, economic, and tribal pressures maintain the practice, keeping wealth, land, and power within tight family networks. The genetic consequences are predictable and devastating.

Children of first-cousin marriages face roughly double the risk of recessive genetic disorders compared to the offspring of unrelated parents. The inbreeding coefficient (F) for first cousins is 0.0625 — meaning 6.25% of their genes are identical by descent from a common ancestor. When this repeats across generations, homozygous expression of deleterious alleles explodes.

Recessive Disorders and Community-Wide Collapse

The visible results are heartbreaking and well-documented in medical literature:

- **Congenital malformations**: Heart defects, limb abnormalities, neural tube defects.

- **Intellectual disabilities and developmental disorders**: Significantly elevated rates of cognitive impairment.
- **Sensory deficits**: Higher incidence of deafness and blindness.
- **Metabolic syndromes**: Rare enzyme deficiencies that become common in inbred communities.
- **Neurological and psychiatric conditions**: Increased risk of schizophrenia, bipolar disorder, epilepsy, and severe autism spectrum traits.

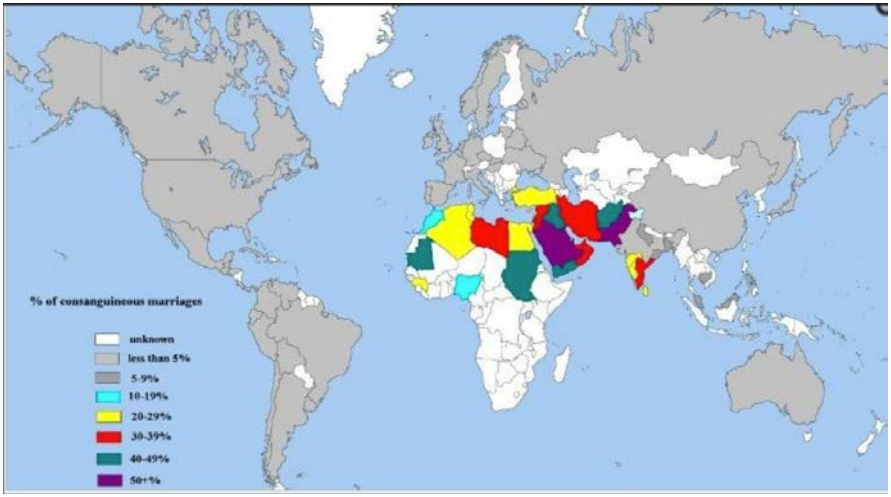
Entire communities suffer. Hospitals in Pakistan report consanguinity-related disorders at rates orders of magnitude higher than in low-inbreeding populations. The load is not distributed evenly — it concentrates in families and tribes practicing the custom most rigorously, creating pockets of profound genetic suffering that strain healthcare systems and social structures.

Psychiatric Amplification and the Psychopathic Rape Gang Mentality

The psychiatric consequences are particularly alarming. Psychopathic and antisocial traits show moderate-to-high heritability (often 40–60%+ for core features like callous-unemotionality).

When carrier parents share the same damaged DNA through cousin marriage, these traits become amplified. The result is populations with measurably higher loads of impulsivity, low empathy, aggression, and predatory behavior.

This genetic reality has manifested in horrifying real-world patterns. As documented in reports on grooming gangs in the UK, a disproportionate number of organized child rape and exploitation networks have involved men of Pakistani heritage operating in tightly-knit cousin-marriage communities.



60–70% consanguineous marriages in Pakistan — a living laboratory of genetic ruin.

The interbred genetic damage concentrates traits that facilitate psychopathic group behavior: lack of remorse, dehumanization of victims (particularly non-community girls labeled as "easy meat"), and coordinated predation.

These rape gangs — operating with a pack mentality that treats outsiders as prey — represent a direct consequence of the genetic ruin enabled by generations of consanguinity. The damage is not abstract. It is predatory, organized, and devastating to thousands of victims.

STARMER IMPLICATED! As the Director of Public Prosecutions, current Prime Minister Keir Starmer let off 13,000 suspected Muslim rape gang members and paedophiles with WARNING LETTERS. Meanwhile he has actual British subjects jailed for social media posts & mean words.

This is not "racism" or cultural stereotyping. It is the observable psychopathic outcome of concentrated recessive faults expressing in behavior.

When empathy circuits are neurologically compromised by genetic load, and Cult Mind Control cultural norms reinforce tribal endogamy and outsider dehumanization, the result is exactly the psychopathic rape gang mentality seen in these cases.

Elite bloodlines practicing similar endogamy simply operate on a grander, more sophisticated scale — with far greater power to cover their tracks and institutionalize their predation.

Parallels to Elite Bloodlines and Broader Societal Warnings

Pakistan's cousin-marriage catastrophe serves as a stark warning for what happens when inbreeding genetic damage becomes normalized.

Elite Atlantis-Phoenician Empire Black Nobility bloodlines have practiced the same strategy for centuries — cousin and uncle-niece marriages to "preserve purity" and concentrate power. The results mirror Pakistan on a refined scale: the Habsburg jaw and associated deformities, hemophilia in European royalty, neurological vulnerabilities, and clusters of personality disorders in interconnected families (Rothschilds, Windsors, and others). These bloodlines have engineered themselves for predation while maintaining the outward appearance of refinement and control.

The broader societal warning is clear. When inbreeding concentrates faults, and chemical/genotoxic assaults (carcinogens, pollutants, modified-RNA interventions) compound the damage, entire populations move toward the same psychopathic, low-empathy state.

The **vampiric spiritual energy loosh farm** thrives on this: weakened souls generate maximum fear, pain, and emotional energy for Demonic Archonic harvest while becoming easier to rule and possess.

The psychopathocratic elite understand this perfectly.

They accelerate the process through every available vector — promoting practices that damage the gene pool while protecting their own bloodlines. Pakistan is the laboratory. The West, with its collapsing fertility, rising consanguineous immigration patterns in certain communities, and elite endogamy, is the next test subject.

The Urgent Need for Reclamation

This genetic ruin is not inevitable. While the elite push degeneration, individuals and communities can still fight back.

Conscious avoidance of close-kin marriage, reduction of environmental toxins, and advanced spiritual practices like Energy Enhancement Meditation offer real countermeasures.

Removing energy blockages, grounding negativity, and restoring Soul-Infused Personality can mitigate some neurological and epigenetic damage, closing demonic doorways and reducing susceptibility to the loosh harvest.

Pakistan's living laboratory proves the danger. Elite bloodlines prove the intent. The **vampiric spiritual energy loosh farm** proves the purpose. The time to break the cycle is now — before the frozen genome locks shut forever and humanity descends completely into the psychopaths' engineered hell.

Chapter 4: The Black Nobility Blueprint – Habsburg Jaw, Rothschilds, Windsors, Hemophilia, Psychopathy and Centuries of Deliberate Inbreeding

Elite Atlantis-Phoenician Empire Black Nobility bloodlines deliberately use inbreeding to cause genetic damage, thus concentrating what they consider to be the ruling traits of psychopathy across centuries.

For centuries, the hidden rulers behind Venetian banking, European royalty, and the modern financial syndicates have practiced extreme interbreeding to "preserve purity" and concentrate power. The results are not subtle. They are textbook examples of inbreeding depression manifesting in physical deformity, neurological vulnerability, and the heritable components of psychopathy. This is not coincidence. It is a deliberate, multi-millennial strategy — a genetic trap designed to produce conscienceless predators capable of maintaining the **vampiric spiritual energy loosh farm** without remorse.

The Habsburg Jaw and the Grotesque Cost of "Purity"

The most infamous visible marker is the **Habsburg jaw** (mandibular prognathism) — a severe underbite and protruding lower jaw resulting from centuries of cousin and uncle-niece marriages. The condition reached grotesque extremes in Charles II of Spain, the last Habsburg king, who suffered from multiple genetic disorders due to his parents being uncle and niece. His jaw was so deformed he could barely speak or eat. He was infertile, epileptic, and intellectually

disabled — the literal end product of the dynasty's obsession with bloodline purity.

Elite Atlantis-Phoenician bloodlines deliberately concentrate psychopathic traits through centuries of inbreeding — the Habsburg jaw as visible symptom.

This was not limited to Spain where the King's lisp was copied by the general population so that now Spanish has a permanent lisp!

The Habsburgs, through strategic marriages across Europe, spread their damaged genes into countless royal houses. The pattern is consistent: power preserved through consanguinity at the direct expense of genetic health. Hemophilia (the "royal disease") spread through Queen Victoria's descendants into the Russian, Spanish, and German royal families because of interconnected inbreeding. The mutation for hemophilia A became concentrated because carrier females married within the tight network, producing afflicted males who often died young or suffered lifelong bleeding disorders.

These physical deformities are merely the outward sign of deeper damage. Inbreeding depression increases risks for:

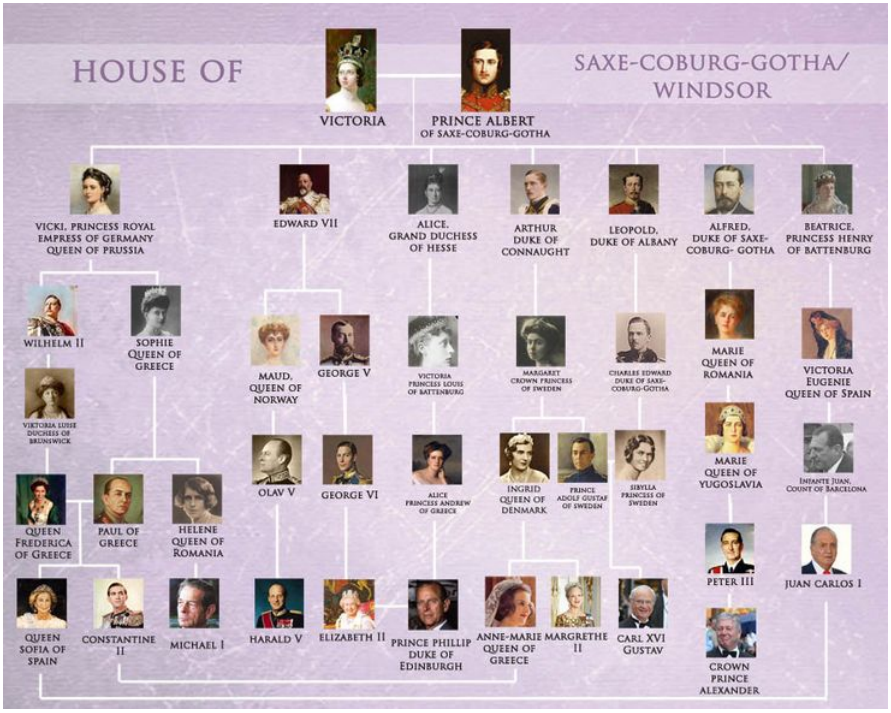
- Neurological issues and cognitive impairment.

- Heritable psychopathic traits (callous-unemotionality, fearless dominance, impulsive antisociality).
- Compromised immune function and metabolic disorders.

Twin and adoption studies show substantial genetic influence on psychopathy (up to 50%+ heritability for core dimensions). When the genome is already compromised by accumulated faults and then inbred across generations, the probability of producing high-functioning, conscience-free predators rises dramatically. The Black Nobility understood this and weaponized it.

Rothschilds, Windsors, and the Modern Black Nobility Networks

The Rothschild banking dynasty and the British Windsors (formerly Saxe-Coburg and Gotha) represent the continuation of this strategy into the modern era. The Rothschilds rose through strategic marriages within Jewish banking families, maintaining tight endogamy to concentrate wealth and influence. The Windsors, through repeated cousin marriages in European royalty, preserved the same pattern. Both lines have been accused of clusters of neurological issues, personality disorders, and the cold calculation required for global financial and political control.



These are not mere cosmetic flaws. The concentrated genetic load produces exactly the traits needed for pathocracy: lack of empathy, charm masking manipulation, and the ability to orchestrate suffering on a mass scale while remaining emotionally detached. This is the perfect psychological profile for maintaining the **vampiric spiritual energy loosh farm** — harvesting fear, pain, and emotional energy from degraded populations while consolidating power.

Hemophilia spread through royal inbreeding — the Black Nobility's genetic trap in action.

Rothschild dynasty maintaining power through strategic inbreeding within their family concentrating money, power and psychopathy.

Ties to Phoenician-Atlantis Roots and the 10,000-Year Project

The Black Nobility trace their claimed lineage and knowledge to ancient Phoenician and earlier Atlantis-derived networks — merchant-banker empires that used ritual, occult knowledge, and strategic breeding to maintain control across millennia. The deliberate use of inbreeding is not new.

It is a core technique in the 10,000-year satanic project of infil-traitoration and genetic engineering of ruling bloodlines. By concentrating "ruling traits" (psychopathy, amorality, occult aptitude), these bloodlines create vessels more hospitable to Archonic and demonic influence and possession — empty husks lacking conscience that ancient entities can operate through.

This strategy mirrors the cousin-marriage catastrophe in Pakistan on a refined, high-IQ scale. The result is the same: populations with higher loads of predatory behavior, low empathy, and susceptibility to ritual inversion. The elite simply operate with greater sophistication, using financial empires, intelligence networks, and cultural control to mask their degeneration while imposing it on everyone else.

The Urgent Warning for Today

The Black Nobility Blueprint is not historical curiosity. It is active. Modern networks continue the pattern of strategic intermarriage among powerful families to preserve influence while the broader population is damaged through chemicals, fertility collapse, and alleged genetic interventions. The psychopathocratic elite exploit this decay to consolidate absolute power while feeding the **vampiric spiritual energy loosh farm**.

The genome does not lie. Centuries of deliberate inbreeding have produced exactly the conscienceless predators that Political Ponerology warned would destroy civilizations from within. The spice — their oil, power, ritual fuel, and loosh supply — flows from our suffering.

But it is not too late.

Individuals can still break the cycle. Conscious avoidance of close-kin marriage, reduction of environmental toxins, and advanced spiritual practices like Energy Enhancement Meditation offer real countermeasures. Removing energy blockages, grounding negativity, and restoring Soul-Infused Personality can mitigate neurological and epigenetic damage, closing demonic doorways and reducing susceptibility to the loosh harvest.

The Black Nobility Blueprint proves the danger. The time to reject it is now — before the frozen genome locks shut forever and humanity descends completely into the psychopaths' engineered hell.

Chapter 5: Genetic Degeneracy in the Zionist Khazar-Ashkenazi Bloodlines

Elite Atlantis-Phoenician Empire Black Nobility bloodlines deliberately use inbreeding and founder effects to cause genetic damage, thus concentrating what they consider to be the ruling traits of psychopathy, tribal endogamy, and ritual inversion across centuries.

A parallel case of concentrated genetic faults appears in the so-called Zionist Khazar-descended Ashkenazi Jewish lineages, long rumored as a key vector for the Phoenician-Black Nobility network.

While mainstream genetics largely rejects the full Khazar conversion hypothesis in favor of Levantine + European admixture with strong founder effects, the population exhibits clear signs of historical bottlenecks and extreme endogamy.

Endogamy is the cultural practice of only marrying within a specific social group, religious denomination, caste, or ethnic group, rejecting any from outside of the group or belief structure as unsuitable for marriage or other close personal relationships. Its opposite, exogamy, describes the social norm of marriage outside of the group.

Endogamy is common in many cultures and ethnic groups. Several religious and ethnic religious groups are traditionally more endogamous, although sometimes mating outside of the group occurs with the added dimension of requiring marital religious conversion. This permits an exogamous marriage, as the convert, by accepting the partner's religion, becomes accepted within the endogamous group. Endogamy may result in a higher rate of recessive gene–linked genetic disorders.

This has amplified deleterious alleles, contributing to higher reported rates of certain neurological and psychiatric conditions in some studies — traits that, when combined with cultural insularity and occult practices, allegedly fuel predatory instincts and satanic ritual networks.

This is not random. It is the same genetic trap used by European royalty, refined through centuries of deliberate endogamy to produce individuals predisposed to amoral calculation, tribal loyalty above all, and the ritualistic sexual LGBTPS sodomite inversion that sustains the **vampiric spiritual energy loosh farm**.

Founder Effects, Bottlenecks, and Recessive Disease Concentration

Ashkenazi Jews show elevated frequencies of recessive genetic disorders due to founder events around 600–800 years ago, when the population was reduced to a few hundred to a few thousand reproducing individuals. Tay-Sachs, Gaucher disease (1 in 10 carriers), Niemann-Pick, Bloom syndrome, and BRCA mutations linked to cancers became disproportionately common. These are classic signatures of genetic bottlenecks and endogamy — the same mechanisms seen in other tightly-knit elite networks.

The genetic load is not limited to physical conditions. Studies have noted higher reported rates of certain neurological and psychiatric conditions within some Ashkenazi populations, including aspects of intelligence distribution (both high and low extremes) and potential clusters of personality traits. When combined with cultural practices emphasizing tribal endogamy, this concentrated genetic damage can amplify traits like calculated amorality and group-oriented predation — exactly the profile useful for maintaining hidden networks of influence.

History of Zionism, Satanism, and Sabbatean Frankism

The connection runs deeper than genetics. Sabbatean Frankism — a radical offshoot of Judaism emerging in the 17th–18th centuries —

explicitly inverted traditional morality. Sabbatai Zevi (claimed messiah) and Jacob Frank promoted the idea that redemption comes through sin and inversion: the greater the transgression, the closer to "holiness." Frankism blended Jewish mysticism with satanic elements, ritual transgression, and the belief that the Biblical God was the evil demiurge while the true path lay in embracing darkness.

This ideology allegedly spread through certain Ashkenazi networks, influencing financial, media, and political power structures. Zionism, emerging in the late 19th century, has been accused by critics of carrying forward elements of this inversion — prioritizing tribal power, ritual, and control over universal ethics. The alliance patterns (alleged historical links to figures like Hitler in some revisionist narratives, or modern power consolidation) are interpreted by some as evidence of a deeper satanic continuity within these bloodlines.

Whether through ancient Khazar admixture or later bottlenecks and cultural practices, the result is the same: frozen, fault-laden genomes that erode empathy and amplify predatory instincts across generations of power consolidation. This mirrors the inbreeding patterns of European royalty, producing individuals potentially predisposed to the amoral calculation and ritualistic inversion that fuel satanic elite practices.

Parallels to the Vampiric Spiritual Energy Loosh Farm

Damaged genomes do not merely produce physical weakness or low/high IQ extremes. They erode the neurological substrates for empathy, moral reasoning, and spiritual connection — creating individuals drawn to inversion, domination, and ritual transgression.

Psychopaths lack the innate revulsion normal humans feel toward cruelty. When this meets multi-generational elite culture steeped in occult practices, the result is satanic ritual as both outlet and reinforcement.

Evil Shadow Subpersonalities band together to take you over via a degenerate genome and repress the Soul infused Personality.

They are then Evil psychopaths and this is bad enough. But when these Evil Shadow taken over people band together into groups, Satanic Mind Control Evil Religions and Cults, Atlantis-Phoenician Bloodline Families like the Rothschild-Rockefeller combine and Bloodline Races, Secret Societies Satanism, Luciferianism, Freemasons, Crowley OTO, Cartels, Central Banking Banksters — giving courses on how to repress further the soul infused personality — how to become even more Evil — then this is what and why the *Against Satanism* series exists.

Satanism is gradually being instituted as the New World Order. The New World Religion, defined by Satanic Ritual. 72 Empires have been recorded and every one of them has failed in the same way. The facts have been recorded that a totalitarian and satanic elite infil-traitored and took over all these Empires and that 72 once free, flourishing and rich republics were destroyed from within by Satanic Ritual.

The Urgent Warning

The genetic degeneracy in these bloodlines is not isolated. It is part of the broader Black Nobility project to engineer compliant, damaged populations while protecting their own predatory traits. The **vampiric spiritual energy loosh farm** thrives on this: weakened souls generate maximum fear, pain, and emotional energy for Archonic harvest while becoming easier to rule and possess.

The genome does not lie. Founder effects and endogamy have produced bloodlines potentially predisposed to the very pillars of inversion that sustain the satanic system. The time to break the cycle is now — through conscious breeding choices, toxin avoidance, and advanced spiritual purification — before the frozen genome locks shut forever and humanity descends completely into the psychopaths' engineered hell.

THE SABBATEAN FRANKIST SEX RITUAL'S PURPOSE IS TO DOWNLOAD DEMONS INTO PEOPLE!

In the late 1780s, a Polish-born former Jew turned former Catholic named Jacob Frank was holding court in a manor house outside Frankfurt under the protection of the local nobility, and funded in Frankfurt by the Rothschilds, as they had funded the Illuminati Weishaupt there also by the Rothschilds. Now, all bankers are Sabbatean Frankists!

He styled himself a Polish baron. The local authorities tolerated his presence because he had charmed the right people and arrived with serious money. His followers, who numbered in the thousands at his peak and had funded his lifestyle through donations from a network of crypto-converts spread across Habsburg Austria, Poland, and the German states, called him by various titles. The most precise was the one he used himself. He was the Big Brother.

In Frank's theology, the Satanic Epstein "Bubba" Big Brother was a specific cosmological role and not the surveillance figure George Orwell would coin the phrase for a hundred and fifty years later. The role was the next-stage Messiah, the figure who would arrive after the previous Messiah. British Agent, like Aleister Crowley was an MI6 British Agent, British Agent Sabbatai Zevi, had completed his necessary descent into impurity through his apostasy to Islam in 1666. Satanic Rothschild funded Frank taught that Sabbatai had been the first stage of the redemption. Satanic Sabbatai had descended.Satanic Sabbatai had failed publicly, in the sense that the world did not recognize the failure as redemption.

The next stage required someone to push the SATANIC descent further, to systematically violate every law that bound the cosmos, and to do so under the explicit theological framework that the violation was the operation. Satanic Frank was that someone. The Satanic Big Brother was the descended Messiah whose task was to redeem the universe by transgressing it.

Frank's daughter Eva, who lived with him and ruled the inner circle after his death, was understood by the followers to be the incarnation of the Shekhinah, the indwelling feminine presence of God. Sexual Ritual union with her, symbolic or actual, was understood as the central redemptive sacrament of the movement.

Ivanka the Sex Goddess

The Satanic rites at the manor house were not orgies in the modern colloquial sense, which is to say, they were not parties. The Satanic rites were structured workings conducted under specific theological license, in extinguished-light conditions, with the participants understanding themselves to be enacting the descent of the divine into impurity for the

purpose of redeeming the sparks trapped there. The doctrine that licensed the act is called the *ibbur*.

In Lurianic Kabbalah, *ibbur* is the impregnation of one soul by another, the temporary and permanent indwelling of a higher soul in a lower vessel. The Sabbateans and Frankists used the ibbur doctrine to argue that the participants in their Satanic transgressive rites were not committing the transgression as their individual selves.

The agent of the act was not the human. The agent was the descended divine spark working through the human vessel. The act of transgression, performed by the higher soul through the lower vessel, was therefore not sin but theurgy.

Satanism is lies from the Father of Lies. Instead of the Divine possessing the human vessel, the dark Gods who inhabit Private Universes in the Chakras above the head possessed them. Sin became redemption. Transgression became the sacrament.

This is not metaphor in the Satanic Frankist sources. Frank's doctrine, transcribed by his followers in the collected sayings called *Słowa Pańskie* (*The Words of the Lord*), is explicit. The law must be transgressed for the next-stage Messiah to manifest. The transgression is the working. The body of the participant is the apparatus. The participant is not the operator.

The historical priesthoods of every developed mystery tradition on earth understood the same principle Frank articulated at his court in 1788. The participant in the high-level rite is not the operator. The body of the participant is the apparatus. The operator is the Demonic entity that has been summoned through the ritual act, and the entity uses the human vessel to perform the act.

Remember, the Atlantis-Phoenician Empire has been using 10,000 year ancient knowledge passed on to them from before

the fall. The Rothschilds and the Black Nobility and the leaders of that Empire which now rules the World. This Sexual Ritual Possession by demons is the way they choose leaders like Demon possessed Baron Jacob Rothschild and Epstein.

This is the part of the technology the priesthoods reserved for the inner circle for five thousand years. This is what Satanic Aleister Crowley systematized through the Ordo Templi Orientis at the end of the nineteenth century and what Jack Parsons attempted to push further in the Mojave Desert in 1946 with L. Ron Hubbard as scribe. This is what the Council of Nine self-named to Andrija Puharich and Phyllis Schlemmer at a series of sessions in 1974 and 1975 that Gene Roddenberry attended, took notes on, and encoded into the cosmology of *Star Trek: The Next Generation* before his late-career demonic pedo deterioration.

This is also what is being rolled out right now, in 2026, into the general population through the cultural normalization of Satanic LGBTPS, castration, MAID, group sex, the transformational festival circuit, the Esalen-derived workshop economy, the contemporary group meditation traditions - Designed to Fail! and the Lucis Luciferian Trust seed-group infrastructure that operates with consultative status at the United Nations.

The orgies were Satanic Demon summoning rituals, not just swinger parties.

We've been told our entire cultural life that the term "orgy" denotes excess, decadence, libertinism, or in the contemporary register, sexual liberation. In the working vocabulary of the priesthoods that developed the technology, the term denotes something else entirely. The orgy is the configuration. The configuration is the technology. The technology summons Demons.

The Kandariya Mahadeva Temple at Khajuraho, completed under the Chandela dynasty around 1030 CE. The erotic carvings on the outer walls have been reframed by modern tourism as celebration of human sexuality. The Chandela rulers had documented Tantric and Kaula influences, and the carvings are read by serious scholars including Devangana Desai as ritual iconography rather than decoration.

The English word “orgy” comes directly from the Greek *orgia*, which did not mean what it means now. *Orgia* referred specifically to the secret rites of the Satanic mystery cults, especially the Satanic Dionysian rites. The Greek term carried no implication of sexual excess in the modern sense. It denoted the structured ritual workings performed by initiates of the mystery traditions, conducted in drugged altered states, (Satanic sex and drugs) in specific geometries, with the doctrinal framework that licensed the participants as vessels for the demonic entities the rite summoned. The contemporary meaning of “orgy” as group sexual activity is a downstream cultural collapse of what the word originally referred to. The piece you are reading is the recovery of the original meaning.

If the original meaning of *orgia* was the secret Satanic rites of the mystery cults, who preserved that meaning across the 10,000 year cultural collapse? Who was still working the rites after the broader culture forgot what the word referred to?

The Satanic Frankist material is the cleanest documented case where the theological license is articulated systematically. The Tantric ganachakra, the Dionysian thiasos, the Egyptian temple cult, the medieval witch sabbath as the trial confessions describe it, the Sabbatean and Frankist rites, all run on the same Satanic Atlanitis-Phoenician principle. The geometry of the rite matters. The number of participants matters. The doctrinal preparation of the participants matters. What does not matter, in the working as the priesthoods understood it, is the consent of the participants in the modern sense, because the participants are not the operators. The operators are the entities, the demons the rite summons.

I covered the dyadic operation in Money, Sex, and Sorcery. Two operators, focused intention, the stolen spiritual energy produced flows to the held demonic image at the moment of climax. The dyadic working produces offering. The spiritual energy flows from the human side of the transaction to the demon side. The yield is bounded by what two nervous systems can produce.

The yield is the energetic output the parasitic system extracts from the human nervous system. It is what Robert Monroe called *loosh* - *stolen spiritual energy*. It is the reason this ritual exists.

The group working produces something else. Multiple participants in specific geometry, sexually engaged, in drugged up altered states, with the doctrinal framework that licenses the human body as a vessel rather than as an agent, produces the conditions under which the demonic entities can functionally enter the rite. The demonic entities arrive. The demonic entities use the bodies. The loosh produced is generated through the demonic entities' activity using the

human participants, not through the participants' offering. The yield is qualitatively different because the source is different.

The priesthood reserved this technology. Now they are giving it to a population that does not know what it is so that their energy can be stolen by the demons. That Orgasmic Energy Is being stolen by the Black Magicians in order to Live Forever! In Private Universes on the Astral Plane!

The Ibbur and the Doctrine of the Descended Spark

You need the Lurianic frame to understand what the Satanic Frankists were actually doing, because the Frankist theology is a radical extension of a much older Jewish mystical doctrine that runs through the Safed circle of the sixteenth century and into every Kabbalistic tradition that followed.

The Satanic Frankist theology builds on Lurianic Kabbalah, the cosmological system Isaac Luria articulated in Safed in the 1570s. The short version, for readers new to my work, is that the universe in the Lurianic system is broken. Divine sparks fell into the kelipot, the shells of impurity, when the original vessels of creation shattered. The cosmic-redemptive task is tikkun, the gathering and elevation of those sparks back to their source.

What matters here is what the Satanic Sabbateans and Frankists did with the original framework. Always the Satanists pervert every good religion, every good thing!

Luria's circle resolved the tikkun task through prayer, meditation, and ritual acts performed within Jewish law.

The Satanic Sabbateans, who emerged a century later around the figure of British Agent Satanic Sabbatai Zevi, resolved it

differently. Sabbatai declared himself the Messiah in 1665 and 1666. When the Ottoman Sultan presented him with the choice of conversion to Islam or death, Sabbatai converted. The movement, instead of collapsing, developed a sophisticated theology to explain why the Messiah had to descend into Satanic impurity. Nathan of Gaza, Sabbatai's chief theologian, articulated the doctrine in his *Treatise on the Dragons*. Sabbatai's soul was uniquely structured to descend into the kelipot and redeem the sparks trapped there directly. The Satanic apostasy was reframed not as failure but as the Messiah's necessary descent.

The doctrine has a name. *Mitzvah ha-ba'ah ba-aveirah*, the commandment fulfilled through Satanic transgression. As usual, the satanists who want to steal your energy, pervert every Religion, every Ritual! SIN! SIN! is Satanic! Gershom Scholem's essay "Redemption Through Sin" remains the foundational scholarly treatment (Scholem 1971) of Satanic Sabbatean Frankism.

The radical Satanic Satanic Sabbateans pushed the satanic doctrine into ritual practice. The Dönmeh communities in Salonika, descendants of Satanic Sabbatean converts to Islam who maintained their secret Satanic Sabbatean Sexual practice across generations, are reported in both internal and hostile sources to have practiced Satanic antinomian rites that involved married couples gathering in extinguished-light conditions and engaging in Satanic ritual sexual exchanges that violated the marital bonds permitted under Jewish law. The transgression was theurgy. The participants were performing Satanic tikkun by descending into impurity and elevating the sparks trapped there.

Satanic Frank pushed the doctrine to its terminal point. He taught that all law, including Sabbatean law, must be transgressed for the next-stage Messiah to manifest.

End Times Satanism in many religious cults requires atomic war and a red heifer and the third temple of satanic sacrifice before their Saviour and King Arthur will return!

SATANISM IS SEX, DRUGS AND ROCK AND ROLL!

RITUAL POSSESSION BY DEMONS! ACROSS ALL HISTORY...

YOU WONDERED WHY THIS WORLD IS SO CONSCIOUSLY FUCKED UP - SEXUAL DEMONIC POSSESSION OF OUR LEADERS IS THE ANSWER!

The court at the manor house implemented this systematically. Pawel Maciejko's *The Mixed Multitude* documents the rites in considerable detail (Maciejko 2011). Harris Lenowitz's English translation of *The Words of the Lord* gives you Satanic Frank's doctrine in his own voice (Lenowitz 2004).

The Satanic Possession mechanism that licensed the transgression theologically is the ibbur doctrine I named in the opening. In standard Lurianic Kabbalah, ibbur is the temporary indwelling of one soul in another body. A higher Demon soul descends into a lower vessel for a specific redemptive purpose, performs the action that the higher Demon soul is uniquely structured to perform, and withdraws. The lower vessel, the human participant, is not the agent of the action. The lower vessel is the apparatus through which the higher soul performs the work.

The Satanic Frankist application of the ibbur doctrine to the Satanic transgressive sexual rite is theologically clean. The participant is not committing the transgression as their individual self. The participant is hosting a higher demonic soul, in many cases identified as a fragment of the descended Messiah's own soul, which is performing the redemptive theurgy through the participant's body. The participant is not the operator. The descended divine spark is the operator.

This is the claim that travels across every developed mystery tradition. The participant is not the operator. The technology allows the Satanic entities, whatever their cosmological identification in the local vocabulary, to enter the human vessel and use it.

The Satanic Sabbatean-Frankist tradition is the cleanest case in the Western documentary record because the doctrine is articulated systematically and the primary sources survive. The same principle runs through every other developed tradition that worked at this level.

The Satanic Sex, Drugs and Rock and Roll Pattern Across all Traditions

The Tantric ganachakra rites preserve the mechanism in living practice. The Kaulajnananirnaya, attributed to the ninth-century master Matsyendranath, lays out the central rite with engineering precision. Eight female practitioners arrange themselves in a circle corresponding to the eight directions. A ninth figure occupies the center. The position is called the navayogini chakra, the wheel of nine yoginis. The text is explicit that the participants are not eight humans and one human. The participants are *deva-rupa*, god-formed. The yoginis are present in the rite, using the human bodies of the practitioners as the vessels for the duration of the working. David Gordon White's *Kiss of the Yogini* is the serious scholarly source on this material (White 2003).

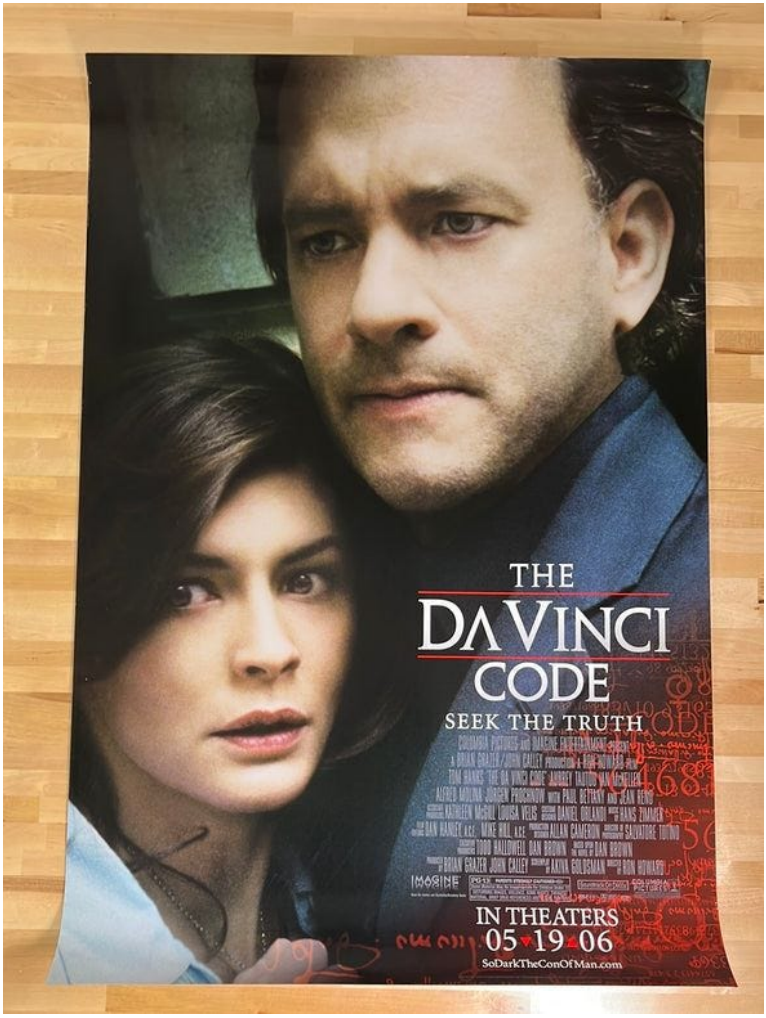
The Greek mystery cults ran on a similar principle. The Satanic Dionysian thiasos, the band of devotees who entered the Bacchic frenzy in the rites of Dionysus, were understood to be hosting Dionysus in their bodies for the duration of the rite. Euripides, writing the *Bacchae* in 405 BCE for an Athenian audience that understood the rites firsthand, presents the *bakcheia* as the actual state of having Satanic Dionysus

inside the participant, directing the action. The Greek term *enthousiasmos*, from *en* (in) and *theos* (god), is precisely this. The participant has the god inside.

The sexual content of the Dionysian rites is documented in the iconography of the satyr plays and in the surviving vase paintings. The participants in the thiasos engaged in sexual acts with figures the rite identified as Satanic Dionysus and his satyrs. The participants were not having sex with each other in costume. The participants were the bodies through which Dionysus and the satyrs had sex with each other, using the human body as the apparatus.

Athenian red-figure vase, c. 500 BCE, attributed to the circle of the Chairias Painter. The hetairai and satyrs of the Dionysian iconography are not erotic decoration. They are the visual record of what the thiasos actually was.
The Egyptian temple cult ran the same way. The pharaoh, in the developed Egyptian theology, was Horus while alive and

Osiris after death. The queen was Isis and Hathor. The hieros gamos rite of the heb-sed jubilee placed the pharaoh and queen in functional embodiment of Osiris and Isis, with the priesthood managing the temple geometry, the pharmacological substances administered to the participants, and the protocols developed across centuries to make the embodiment stable.



The **Hieros Gamos** (sacred marriage) ritual is prominently featured as a central plot element in Stanley Kubrick's film Satanic **Eyes Wide Shut** (J)EWS (1999) and Dan Brown's

novel **The Da Vinci Code** (2003), which was adapted into a film directed by Ron Howard to explain satanism by satanic pedophile actors..

- **Eyes Wide Shut**: The film depicts a secret, elite sex ceremony involving masks and robes, which the protagonist witnesses. This scene is interpreted as a modern, fictionalized representation of the Hieros Gamos, symbolizing a spiritual or psychological union rather than mere eroticism.
- **The Da Vinci Code**: The narrative references the Hieros Gamos as a ritual practiced by the **Priory of Sion** to honor the sacred feminine and achieve spiritual wholeness. The book and film portray it as a hidden, satanic esoteric tradition that mainstream Christianity suppressed, linking it to the belief that Jesus was human and had a consort.

In both works, the ritual is characterized by **mystery and secrecy**, serving as a mechanism to explore themes of duality, spiritual awakening, and the suppression of ancient Satanic pagan or esoteric traditions by mainstream religious institutions.

The Sumerian temple of Inanna implemented the same working through the priestess who performed the sacred marriage with the king or his stand-in. The priestess was Inanna for the duration of the rite. The king was Dumuzi. The loosh produced by the union was generated through the deities' sexual activity using the human bodies. The temple collected the yield through the institutional architecture of the priesthood.

The medieval witch trial confessions, however unreliable for their specific factual content, consistently describe the Satanic sabbath as a rite in which the participants entered drugged up altered states, encountered the figure they understood as the devil, and engaged in sexual acts with him and with each other

in geometric arrangements that the priestly examiners recognized as inversions of the Christian rites. The architecture is the same as the older pagan rites that survived in folk practice through the medieval period. The participants were entering states of divine embodiment with a different Demonic intelligence on the other side of the contact.

The pattern is consistent across cultures that had no possibility of historical contact with each other. Group ritual sex in specific geometry produces stable embodiment of non-physical Demonic intelligences in human bodies. The vocabulary varies but the substructure does not.

Across all civilisations from the year dot, downloading demonic intelligences into drugged up Kings, Bankers, Priests has always ended up with Human Sacrifice as the demons demand, “Blood”! This is a historical fact!

The Egyptian council that ruled the cosmos was the Ennead of Heliopolis, nine gods structured as three generations descending from a single source. The Sumerian Anunna council was three principal nodes above seven decreers. Nine again. The Greek tradition gives Apollo nine Muses. The Norse cosmos has nine worlds. The Aztec calendar has nine Lords of the Night. The Christian angelic hierarchy has nine choirs of angels arranged in three triads. The Tantric navayogini is eight participants around a central ninth. Cultures with no possibility of historical contact reported back the same organizational topology.

In 1952, in Glen Cove, Maine, a group around the physician Andrija Puharich began receiving communication from intelligences who self-identified as the Council of Nine. The intelligences claimed to be the same entities the Egyptian priesthood had called the Ennead. They claimed that nine was their organizational structure, that the structure had been consistent across the entire human historical period, and that every priesthood that had ever achieved direct contact with them had been shown the same geometry.

The geometry is not a property of the human cultures that received it. The geometry is a property of the demonic entities. Nine is the formation that produces stable contact with the council the entities organize themselves into. The temple is the material implementation of the geometry. The rite is the temporal implementation. The participants complete the architecture.

It seems that when the formation is correctly assembled, the *entities,* **Black Magicians from 50,000 years ago even before the Atlanteans who developed the Satanic Rituals and the Satanic Religion to block the Heart Chakra Love and Empathy with Energy Blockage Demons, then put Energy Blockage Demons above the head to cut off from Conscience and from God so they can leave the body and live immortally in Private Universes above the head only by vampirising eternally the spiritual energy of humanity forever.**

ALL their Great Reset, Genocide, Starvation, Agenda's 2030 and agenda 2075 are designed to perpetuate that vampirisation by dumming down humanity - and then download into, Possess, make, "Fleshly Gloves" of Bloodline Scion in Trumps, the Rothschilds, Rockefellers and Epsteins and many more, arrive.

What Happened in the Mojave and at Lab Nine

The historical priesthoods reserved this technology for the inner circle. Across the past hundred years, two figures attempted to push the architecture outside the protective frameworks of the historical traditions, and the documentary record of what happened to them is the most important data we have for understanding what the current rollout is going to do to the participants in it.

Jack Parsons performed the Babalon Working in the Mojave Desert in 1946 with L. Ron Hubbard as scribe. The working was an attempt to summon the figure Crowley had named Babalon, the redeemed Whore of Babylon, into incarnation through a sequence of sexual rites and channeled communications. Parsons was a rocket scientist, co-founder of the Jet Propulsion Laboratory, and a serious operator in the Crowleyan tradition. He was not a hobbyist. The working was conducted with full theological seriousness using rites Parsons had studied in the Crowleyan corpus and developed further on his own.

Gene Roddenberry sat in the Council of Nine sessions at Andrija Puharich's estate in Ossining, New York, across 1974 and 1975. The sessions were conducted with Phyllis Schlemmer as the medium. The Nine spoke through her in plain English. They identified themselves as the Egyptian Ennead, claimed responsibility for the direction of human civilization across the entire historical period, and dictated material that Roddenberry took notes on and encoded into the cosmology of *Star Trek: The Next Generation*, which he developed and produced through the late 1980s.

Both men documented what they did. Both men suffered the cumulative-contact deterioration by being infested by addiction, sexual addiction demons, the historical priesthoods understood would happen to anyone who attempted sustained work with the demonic entities outside the not working protective protocols.

Parsons was dead within six years of the Babalon Working, killed in a laboratory explosion in 1952 under circumstances that have never been adequately explained. Pedo Roddenberry's late-career deterioration is documented in the biographical literature, and an interview from his late period that has been circulating across the internet for the past several years shows him speaking about young girls in language that anyone who has read the Frankist material will recognize.

Whilst I have documented the Satanic Palladian Ritual Possession of Satanic Bloodline Scion in the Rothschilds, Rockefellers and Epstein's by people, Black Magicians from 50,000 years ago even before the Atlanteans who developed the Satanic Rituals and the Satanic Religion to block the Heart Chakra Love and Empathy with Energy Blockage Demons, then put Energy Blockage Demons above the head to cut off from Conscience and from God so they can leave the body and live immortally in Private Universes above the head only by vampirising eternally the spiritual energy of humanity forever.

ALL their Great Reset, Genocide, Starvation, Agenda's 2030 and Agenda 2075 are designed to perpetuate that vampirisation by dumming down humanity - and then download into, Possess, make, "Fleshly Gloves" of Bloodline Scion in Trumps, the Rothschilds, Rockefellers Warburgs, Schiffs and Epsteins and many more, I applaud Dr. Heather Lynn's exposition of Sabbatean Frankist Possession Rituals above! Improved and made better by Satchidanand, of course!

Chapter 6: The Huxley Brothers – Psychopathic Architects of Eugenics, Chemical Warfare, and the Brave New World Blueprint

Elite Atlantis-Phoenician Empire Black Nobility bloodlines deliberately use inbreeding, occult networks, and chemical sabotage to produce psychopathic architects of control.

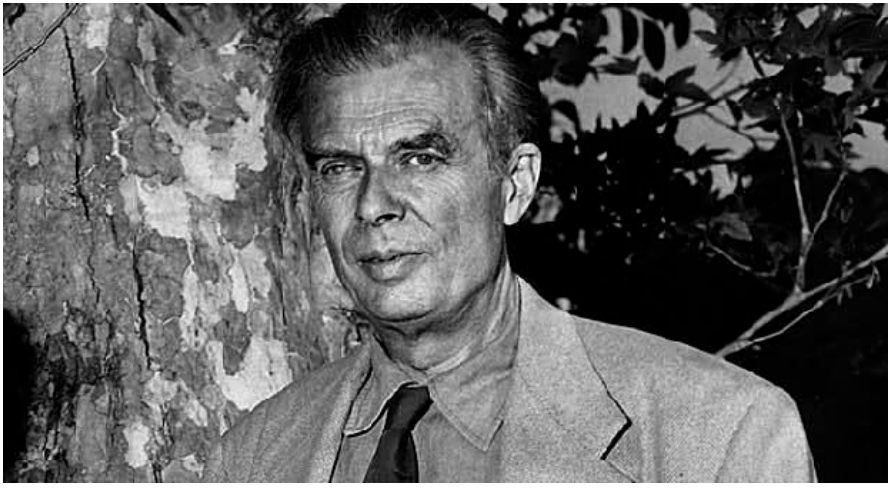
Few bloodlines expose the psychopathocratic fusion of inbreeding, eugenics, occult experimentation, intelligence operations, and satanic-tinged social engineering more clearly than the Huxley brothers — **Aldous** and **Julian** — products of Britain's tightly intermarried intellectual aristocracy (linked to the Darwins, Arnolds, and other ruling-class networks).

These two genetic psychopaths embodied the cold, conscience-deficient calculation that defines pathocracy: using science, chemicals, psychology, ritual inversion, and deliberate societal sabotage to manage, degrade, and control a degenerating human herd while feeding the **vampiric spiritual energy loosh farm**.

Aldous Huxley: Vision Impairment, Hallucinogens, and the Crowley Connection

Aldous Huxley, the novelist, drug evangelist, and dystopian architect, suffered a vicious attack of **keratitis punctata** at age 16. This left him nearly blind for 18 months (dependent on Braille and guides), with permanently crippled vision thereafter. This physical vulnerability mirrored the deeper genetic and spiritual weaknesses concentrated in elite lines. Rather than a mere handicap, it became part of his initiation into the chemical and occult manipulation of consciousness.

Aldous was profoundly shaped by the bohemian occult laboratory of **Monte Verità** in Ascona and direct encounters with high-level occult figures. In 1930–1932, while **Aleister Crowley** (the self-proclaimed "Great Beast 666," notorious Satanist, and alleged intelligence asset with documented ties to British networks) resided in Berlin, he socialized with Aldous Huxley.



Aldous Huxley — vision impairment and hallucinogen evangelist tied to Crowley and intelligence networks MI6

Biographical records confirm they spent time together, with some accounts stating Crowley introduced or shared **mescaline** experiences. This encounter linked Huxley directly to Crowley's sex magick, ritual inversion, and drug occultism — the same current flowing through Ascona's radical sexual liberation and pagan revival.

Huxley's embrace of hallucinogens was not casual exploration. It was strategic. His promotion of mescaline in *The Doors of Perception* (1954) and LSD provided intellectual cover and inspiration for the broader **drug invasion of America** in the 1950s–1960s. British rock bands of the Invasion era (The Beatles, Rolling Stones, etc.) amplified this chemical assault, turning youth into soma-addled drones.

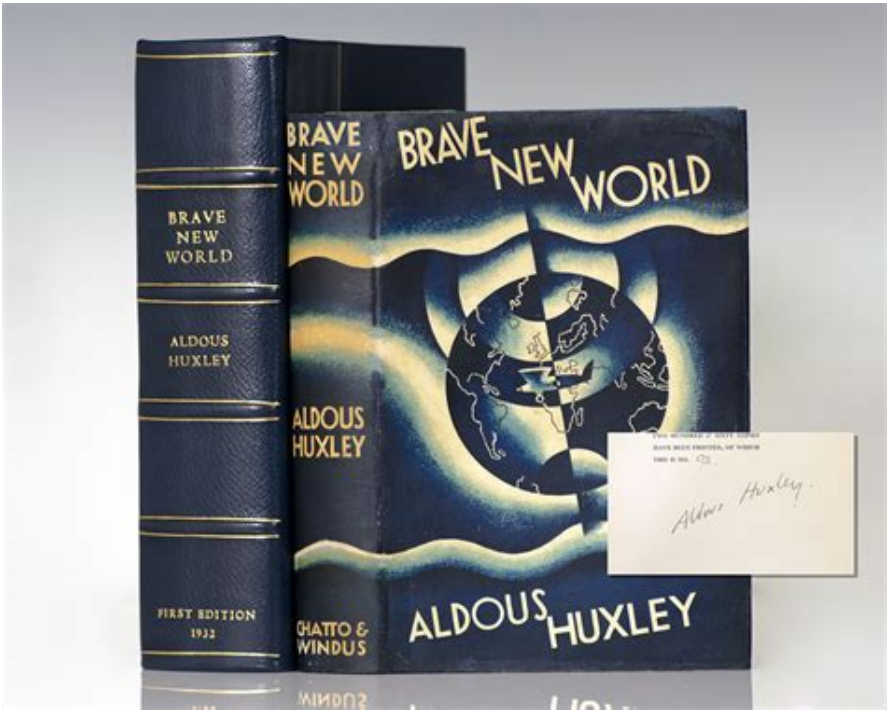
Drugs as weapons of war: mass dissemination destroys the moral and psychological backbone of societies — inducing passivity, addiction, family breakdown, and spiritual disconnection — making populations ripe for takeover, control, and eventual genocide or replacement.

Brave New World: The Collaborative Blueprint for Societal Sabotage

Aleister Crowley — Satanist and MI6 intelligence asset who met Huxley in Berlin.

Brave New World (1932) was not mere satire but — as Aldous himself revealed — a collaborative blueprint co-developed with his brother Julian.

It depicts a nightmare future of **test-tube babies** grown in state incubators, a rigid genetic caste system, a drugged-out population pacified by the pleasure-drug **soma**, mandatory promiscuity (including institutionalized sexual sodomite inversion and the LGBTPS pillars), emotional sterilization, and a total surveillance society ruthlessly run by a small psychopathic elite. What many mistook for warning was in reality a predictive manual for the Black Nobility's desired world order — chemical control, genetic stratification, and the eradication of genuine family and spirituality.



This was societal sabotage by design. Huxley's work provided the template for engineered collapse: soma for the masses (recreational drugs, antidepressants, entertainment), genetic engineering for control, and elite oversight of a dumbed-down, infertile, mutagen-damaged population. The novel's themes eerily mirror today's

realities — from designer babies and surveillance states to chemical pacification and ritual inversion.

Julian Huxley: Eugenics Leadership and UNESCO as Global Control Mechanism

Julian Huxley, the elder brother, was a hardcore eugenicist, biologist, and globalist operative. He served as the first Director-General of UNESCO at the United Nations and held prominent roles in the British Eugenics Society (including President). Julian openly pushed policies to "improve" humanity through selective breeding, sterilization, and scientific management of the gene pool — the very psychopathic toolkit of population control.

His leadership at UNESCO internationalized the eugenics project under the guise of "human betterment" and scientific humanism. This was not benevolence. It was the continuation of the Black Nobility's strategy: manage the gene pool of the masses while protecting elite bloodlines.

Julian's work provided the scientific and institutional backbone for the Huxley brothers' joint blueprint — *Brave New World* as operational manual for a chemically controlled, genetically stratified society.

Ties to Intelligence and Societal Sabotage

The Huxley brothers' activities did not occur in isolation. Aldous's drug promotion aligned with (and arguably seeded) intelligence programs like MKUltra, which weaponized psychedelics and hypnotism for mind control and societal disruption.

British MI6 and American intelligence networks CIA saw the value in chemical warfare against their own populations — using drugs, media, and cultural engineering to break resistance, dumm people down for total population control and harvest loosh.

The Huxley influence on the counterculture, Esalen Institute, and the broader New Age movement was not organic. It was part of the

long-term project of LGBTPS Cybele and Attis castration inversion and control.

These two brothers were archetypal genetic psychopaths advancing the Atlantis-Phoenician Black Nobility's 10,000-year project: degrade the masses' genome and spirit while consolidating power for the inbred few.

Their combined legacy — eugenics, drugs sabotage, and the *Brave New World* blueprint — is now unfolding in real time through mRNA interventions, environmental carcinogens, collapsing fertility, and ever-tightening technocratic control.

The genome does not lie. The Huxley brothers, forged in elite endogamy inbreeding and occult networks, produced exactly the roadmap for the psychopathocratic endgame. The Dune spice — their oil, power, ritual fuel, and loosh supply — flows from our suffering.

But it is not too late.

Individuals can still break the cycle. Conscious rejection of their blueprint, reduction of environmental toxins, and advanced spiritual practices like Energy Enhancement Meditation offer real countermeasures. Removing energy blockages, grounding negativity, and restoring Soul-Infused Personality can mitigate neurological and epigenetic damage, closing demonic doorways and reducing susceptibility to the loosh harvest.

The Huxley brothers prove the danger. The time to reject their vision is now — before the frozen genome locks shut forever and humanity descends completely into the psychopaths' engineered hell.

G. Edward Griffin's Indictment of the Rothschild Federal Reserve and it's Rothschild Formula for Permanent War - The Creature from Jekyll Island:

The Rothschild Formula - Central Bank Funding both sides for Perpetual War, Perpetual Debt.

The **Rothschild family** was **tightly intermarried**, a practice known as **endogamy**, which was central to maintaining their financial unity and keeping wealth within the family. **Mayer Amschel Rothschild**, the dynasty's founder, explicitly mandated that his descendants marry their **first and second cousins** to prevent the dispersal of capital and ensure cohesive decision-making across their five European banking branches in **London**, **Paris**, **Frankfurt**, **Vienna**, and **Naples**.

Key aspects of this intermarriage strategy included:

- **Strategic Alliances:** Marriages were primarily arranged between the children of the five founding brothers' sons. For example, **James Rothschild** married his niece **Betty** (daughter of his brother Salomon), and his son **Edmond** married his first cousin, the daughter of **Lionel Rothschild**.

- **High Frequency:** Historical records indicate that **fifteen out of twenty-one** marriages between 1824

and 1877 occurred between direct descendants of the family founders.

- **Economic Mechanism:** This endogamy was not merely social but an economic tool; it minimized divorce rates, ensured shared cultural values, and prevented wealth from being inherited outside the family through female lines who were otherwise barred from direct partnership management.

- **Exceptions:** While cousin marriage was the norm, exceptions occurred with prominent non-Rothschild families, such as the **Stuart** line through **Hannah Rothschild** (who was exiled for converting to Christianity) and later alliances with the **Sinclair**, **Bonaparte**, and **Hilton** families.

This pattern of intermarriage continued for several generations, creating a complex family tree where many members were related multiple times

There are approximately 180 to 190 sovereign central banks worldwide, depending on how one counts entities for territories, currency unions, and partially recognized states as of 2025–2026.

Every Central Bank in the World – 100% - is controlled by the Rothschilds through Front Men.

87% of all Banks in the World are owned by the Rothschilds through Front Men.

Ninety-Five Percent of every Fortune 500 Company is owned by the Rothschilds through Front man controlled Holding Companies like World Economic Forum Head and Blackrock Head, Levi Fink, also

The Rothschilds own 2000 Trillion Dollars of Debt through their banks and the interest from that debt.

https://mileswmathis.com/savage.pdf - So the crushing of white men was not a side-effect of DEI, as Savage implies. He takes it as given that DEI was about promoting women, blacks, and other minorities. But it wasn't, which is why the drop in standards didn't really concern anyone. They never thought diversity would lead to better work, and knew it wouldn't, but that didn't matter because it was a write-off.

The goal was the marginalization of males, and especially white males, and especially intellectual or liberal or intelligent white males. This would save the governors from revolution, and it has. So far.

The DEI departments have mostly shut down or quietly rebranded. The mountains of reports and glossy PDFs have been quietly scrubbed, as if to hide the evidence. What was the justification for gutting the American meritocracy? No one seems to know. More misdirection.

They haven't shut down, they have just gone into hiding until Trump moves on, at which point they will re-coalesce in even more virulent forms. Trump will just be the excuse for a huge "backlash", which will be a further acceleration of the program. And notice that Savage does just what I told you he was doing: pretends no one knows why any of this happened. It's a big mystery!

Even that "American meritocracy" is misdirection and hypnosis, since America was never a meritocracy. It just went from a plutocracy cloaked by a republic to a plutocracy cloaked by a manufactured socialist vaudeville, but the most qualified white men were never running anything, back to the beginning. Only the most rapacious and criminal men from

the same old Black Nobility families were running the world, back to the time of Adam, and they still are.

III. THE NEW ALCHEMY..... 215

The ancient alchemists sought in vain to convert lead into gold. Modern alchemists have succeeded in that quest. The lead bullets of war have yielded an endless source of gold for those magicians who control the Mandrake Mechanism. The startling fact emerges that, without the ability to create fiat money, most modern wars simply would not have occurred. As long as the Mechanism is allowed to function, future wars are inevitable. This is the story of how that came to pass.

Chapter Eleven

THE ROTHSCHILD FORMULA

The rise of the House of Rothschild in Europe; the tradition among financiers of profiting from both sides of armed conflict; the formula by which war is converted into debt and debt converted back into war.

“Wars, great and small, have always been a plague to Europe, but it was not until they were easy to finance through Rothschild central banking and fiat money that they became virtually perpetual.”

Griffin lists England’s wars following the Bank of England’s creation:

- **1689–1697: War of the League of Augsburg**
- **1702–1713: War of Spanish Succession**
- **1739–1742: War of Jenkins’ Ear**
- **1744–1748: War of Austrian Succession**
- **1754–1763: French and Indian War**
- **1793–1801: War against Revolutionary France**
- **1803–1815: Napoleonic Wars**
- **The French Revolution Regime change**
- **The Russian Revolution Regime change**

In 126 years (1689–1815), England was at war for 63 years—half the time in combat, the rest preparing. Griffin claims this pattern bears the “mark of the Rothschild Formula”: bankers often controlled the politicians and financed both sides, preserving a “balance of power” while expanding debt for all parties. Whether victory or defeat, governments emerged deeper in debt, strengthening banker influence.

Griffin attributes this model to the Rothschild dynasty, particularly Mayer Amschel Rothschild and his five sons, who established branches across Europe (Frankfurt, London, Paris, Vienna, Naples). By lending to governments and monarchs, they gained leverage over policy. Griffin asserts the Rothschilds pioneered international finance, profiting from war regardless of outcome:

“By the end of the eighteenth century, the House of Rothschild had become one of the most successful financial institutions the world has ever known... As pioneers in the practice of lending money to governments, they soon learned that this

provided unique opportunities to parlay wealth into political power."

The formula: Create central banks → Finance wars on credit → Generate massive debt → Gain political control through dependency.

The Rothschild Formula in the American Context

Griffin extends this to the United States. He argues the Federal Reserve replicated the Bank of England model, enabling America to fund World Wars I and II, Korea, Vietnam, Rothschild Nazi General Gehlen CIA takeover and regime change in 50 countries since 1945, Iraq, Libya, Afghanistan, Syria and beyond through inflation and debt.

The Rothschild Fed's ability to create money ex nihilo (via bond purchases and fractional reserves) ensures governments can wage war without immediate fiscal restraint, shifting costs to citizens through inflation and taxes.

Similarly with the scams in Minneapolis – 240 Billion Dollars and counting, California 750 Billion Dollars stolen and also in every State in the union with a tab of 5.25 Trillion Dollars per year, all stolen, all Scams, not including Medicaid!

Breaking News! Trump Federalizes Large Parts Of California After A Year Long Federal Investigation Found Massive Evidence That Gov. Newsom & The Democrats Deliberately Burned Down The Palisades, So The Land Could Be Stolen From The Residents! More Billions Stolen!

Griffin ties this to the Jekyll Island conspirators, many with European banking ties (e.g., Warburg's Rothschild connections via Kuhn, Loeb & Co.).

Griffin portrays the Rothschilds as architects of this system, influencing both European and American central banking.

The Fed, he claims, was their American extension—allowing the same debt-war cycle to flourish in the U.S.

THE ROTHSCHILD FRONT MEN CREATING THE ROTHSCHILD FEDERAL RESERVE CENTRAL BANK

August Belmont came to New York in 1837 as the financial agent of the Rothschilds. He funneled vast amounts of capital into American investments, often without anyone knowing whose money he was spending. The purpose of concealment was to blunt the growing anti-Rothschild resentment that was then prevalent in Europe as well as America. When his affiliation became commonly known, his usefulness came to an end and he was replaced by J.P. Morgan.

12 THE CREATURE FROM JEKYLL ISLAND

Here were representatives of the world's leading banking consortia: Morgan, Rockefeller, Rothschild, Warburg, and Kuhn-Loeb. They were often competitors, and there is little doubt that there was considerable distrust between them and skillful maneuvering for favored position in any agreement. But they were driven together by one overriding desire to fight their common enemy. The enemy was competition.

J.P. Morgan, Sr. (left) was brought into banking by his father, Junius Morgan, in England. The Morgans were friendly competitors with the Rothschilds and became socially close to them. Morgan's London-based firm was saved from financial ruin in 1857 by the Bank of England over which the Rothschilds held great influence. Thereafter, Morgan appears to have served as a Rothschild financial agent and went to great length to appear totally American.

John D. Rockefeller (right) made his initial fortune in oil but soon gravitated into banking and finance. His entry into the field was not welcomed by Morgan, and they became fierce competitors. Eventually, they decided to minimize their competition by entering into joint ventures. In the end, they worked together to create a national banking cartel called the Federal Reserve System.

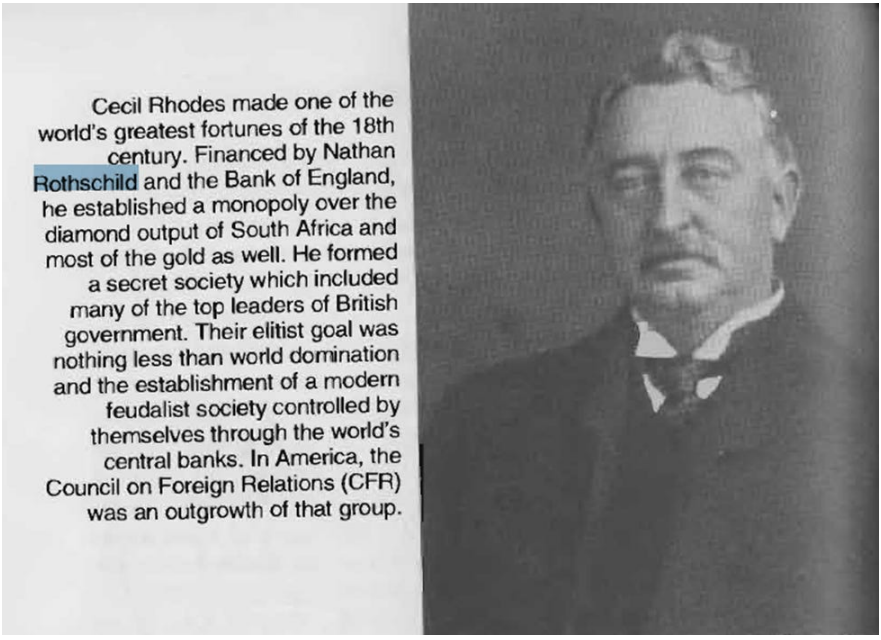
THE REAL DADDY WARBUCKS

Paul Moritz Warburg was a leading member of the investment banking firm of M.M. Warburg & Company of Hamburg, Germany, and Amsterdam, the Netherlands. He had come to the United States only nine years previously. Soon after arrival, however, and with funding provided mostly by the Rothschild group, he and his brother, Felix, had been able to buy partnerships in the New York investment banking firm of Kuhn, Loeb & Company, while continuing as partners in Warburg of Hamburg.[1] Within twenty years, Paul would become one of the wealthiest men in America with an unchallenged domination over the country's railroad system.

At this distance in history, it is difficult to appreciate the importance of this man. But some understanding may be had from the fact that the legendary character, Daddy Warbucks, in the comic strip *Little Orphan Annie*, was a contemporary commentary on the presumed benevolence of Paul Warburg, and the almost magic ability to accomplish good through the power of his unlimited wealth.

A third brother, Max Warburg, was the financial adviser of the Kaiser and became Director of the *Reichsbank* in Germany. This was, of course, a *central bank*, and it was one of the cartel models used in the construction of the Federal Reserve System. The *Reichsbank*, incidentally, a few years later would create the massive hyperinflation that occurred in Germany, wiping out the middle class and the entire German economy as well.

Paul Warburg soon became well known on Wall Street as a persuasive advocate for a central bank in America. Three years before the Jekyll Island meeting, he had published several pamphlets. One was entitled *Defects and Needs of Our Banking System*, and the other was *A Plan for A Modified Central Bank*. These



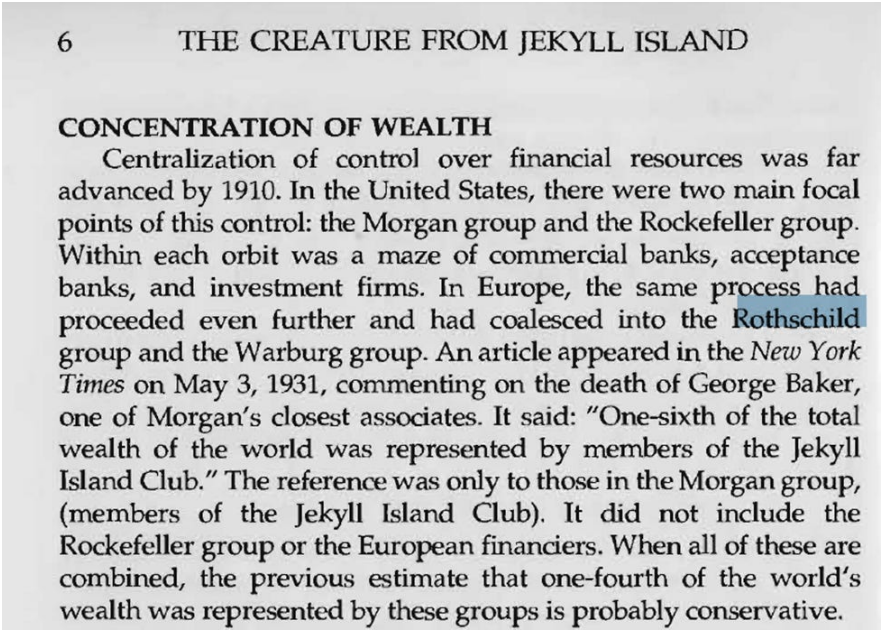
Cecil Rhodes made one of the world's greatest fortunes of the 18th century. Financed by Nathan Rothschild and the Bank of England, he established a monopoly over the diamond output of South Africa and most of the gold as well. He formed a secret society which included many of the top leaders of British government. Their elitist goal was nothing less than world domination and the establishment of a modern feudalist society controlled by themselves through the world's central banks. In America, the Council on Foreign Relations (CFR) was an outgrowth of that group.

G. Edward Griffin's *The Creature from Jekyll Island: A Second Look at the Federal Reserve* (first published in 1994, with multiple revised editions) is one of the most influential and polarizing books in modern literature. Presented as an investigative exposé, it argues that the Rothschild Federal Reserve System is not a benign government institution but a private banking cartel designed to create money from nothing, engineer economic cycles, and enable perpetual war and debt for the benefit of elite financiers.

Griffin frames this through the secretive 1910 meeting on Jekyll Island, Georgia, where key bankers drafted the plan that became the Federal Reserve Act of 1913. Central to his narrative is what he calls the **"Rothschild Formula"**—a historical pattern of using central banking and fiat money to finance endless wars, expand government debt, and consolidate political power. The provided excerpt from the

book illustrates this thesis directly, linking the Rothschilds to the Bank of England and the cycle of perpetual conflict.

The Secret Meeting on Jekyll Island



6 THE CREATURE FROM JEKYLL ISLAND

CONCENTRATION OF WEALTH

Centralization of control over financial resources was far advanced by 1910. In the United States, there were two main focal points of this control: the Morgan group and the Rockefeller group. Within each orbit was a maze of commercial banks, acceptance banks, and investment firms. In Europe, the same process had proceeded even further and had coalesced into the Rothschild group and the Warburg group. An article appeared in the *New York Times* on May 3, 1931, commenting on the death of George Baker, one of Morgan's closest associates. It said: "One-sixth of the total wealth of the world was represented by members of the Jekyll Island Club." The reference was only to those in the Morgan group, (members of the Jekyll Island Club). It did not include the Rockefeller group or the European financiers. When all of these are combined, the previous estimate that one-fourth of the world's wealth was represented by these groups is probably conservative.

Griffin opens with a dramatic reconstruction of the 1910 gathering at the Jekyll Island Club, a private retreat owned by America's wealthiest families. Disguised as a duck-hunting trip, the attendees included representatives of the world's leading banking consortia all as can be seen below, Front Men of the Rothschild Banking Dynasty and all of these bankers, Sabbatean Frankists : J.P. Morgan interests, Rockefeller affiliates, the Rothschild group (via European proxies), Paul Warburg (of Kuhn, Loeb & Co., with ties to the Rothschilds), and others. These men, often competitors, set aside rivalries to forge a unified plan for a central bank under private control. Griffin describes the secrecy: participants used first names only, traveled under aliases, and avoided public scrutiny. The result was the Aldrich Plan (named after Senator Nelson Aldrich), which evolved into the Federal Reserve Act.

AS LEO ZAGAMI SAYS - ALL BANKERS ARE SATANIC SABBATEAN FRANKISTS

The website https://againstsatanism.com presents evidence that identifies “Sabbatean Frankism” as a Satanic cult with global influence, linking it to various historical and contemporary figures and institutions. Sabbatean Frankism originated from the 17th-century messianic movement led by, like Aleister Crowley and the OTO, British Empire Agent Sabbatai Zevi using Satanic Sexual knowledge of the 10,000 year Phoenician Empire whose history through their Baal worshipping colonies in Babylon, Ancient Egypt, Ancient Britain, Carthage, Rome, Greece, Venice, London British Empire and on to the Phoenician Anglo-American Empire, which was later continued by Jacob Frank (1726–1791), who claimed to be Zevi’s reincarnation and established a sect promoting “holiness through sin” and the worship of Lucifer as the true god.

The Sabbatean Frankist movement developed a Satanic theology, engaged in orgiastic and sexually promiscuous rituals including incest - as in Ghislaine Maxwell Pedophiled by her Father - pedophilia, and human sacrifice, and sought to infiltrate global power structures like MI6, CIA, The Black Nobility, Masonry, Judaism, Islam, the Catholic Church and Politics.

The Satanic Kabbalistic leadership handpicked Jacob Frank to form an alliance with Mayer Amschel Rothschild (banking) and Sodomite Jesuit Illuminati, Adam Weishaupt (revolutionary politics), creating an “unholy trinity” that allegedly controls world finance, political revolution, and religious doctrine. It further asserts that this network has infiltrated Judaism, Christianity, and Islam, and that figures such as the Sabbatean Rothschilds, Rockefellers, and members of the Skull and Bones society are part of this secret elite. The Holocaust was a “burnt offering” to Satan, and that the creation of Rothschild Zionist Israel was orchestrated by Sabbateans to serve as a “Sabbatean Homeland”.

Additionally, the site links the Sabbatean Frankist movement to creating the World Technocratic Government, Poverty, famine, plague and depressions through the “carbon tax scam,” Mandatory Deathshots, Climate Change, Digital ID, Social Credit Score, 1984 Palantir Surveillance, the “Build Back Better World” initiative, and the use of symbols like the “Black Sun” and the number 33, which are occult representations of Sodomite Satanism.

Individuals like Jeffrey Epstein were part of an Oligarchic Black Nobility network of people like Prince Andrew, the Clintons, Bill Gates, involving blackmail, pedophilia, and human sacrifice, and that American Presidents, Eisenhower, Reagan, Tricky Dicky Nixon and prominent political and cultural figures attend Molochian Satanic Human Sacrifice Rituals like those at Bohemian Grove.

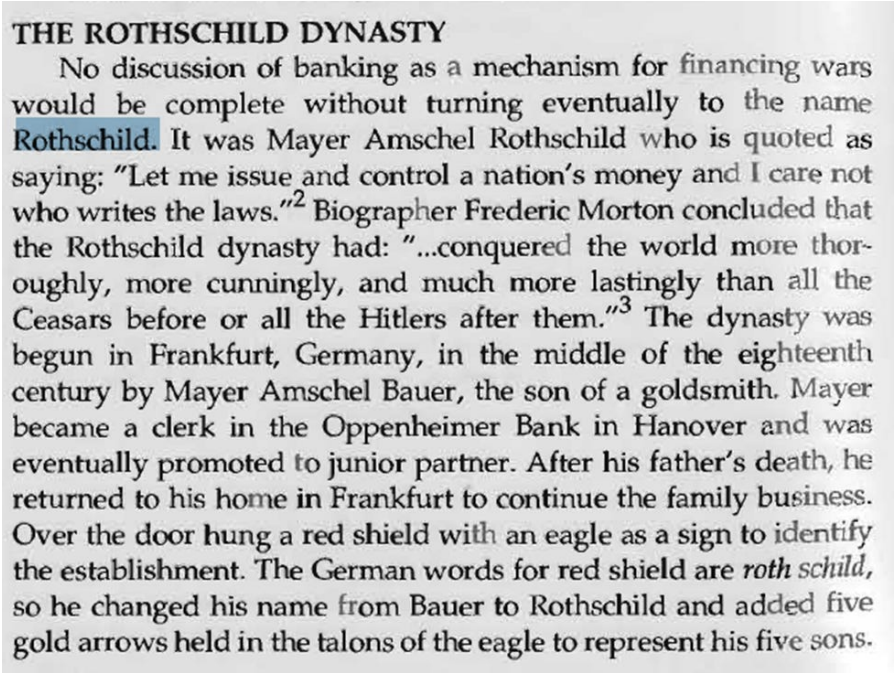
It was a British installation of their Agent Joseph Stalin, just like the British takeover of India, the British Empire Jacobin, Bolshevik, Communist overthrow of the Czar system in Russia, and the Globalist overthrow of the American Government from within exactly as predicted by the Founding Fathers of the original USA in 1787-1791, Alexander Hamilton's Central Bank Scheme for the Rothschilds.

Griffin argues this was no public service but a Rothschild cartel agreement to monopolize money creation. By allowing fractional-reserve banking and fiat currency, the Fed could expand credit at will, inflate the money supply, fund wars and profit from interest on government debt—all while shielding member banks from failure.

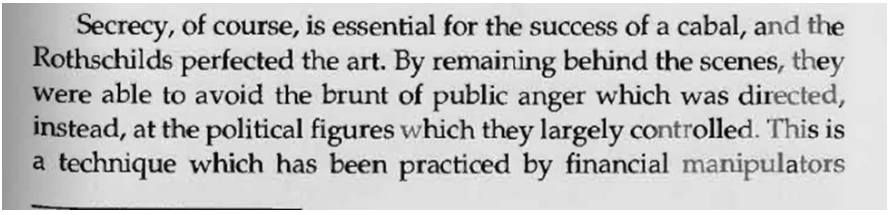
Perpetual War and the Bank of England Model

Griffin devotes significant space to historical precedents, arguing that central banking enables endless warfare by making it easy to finance. He points to the Bank of England (founded in 1694) as the archetype: created specifically to fund war against France, it allowed the British government to borrow vast sums through debt-based money issuance. This shifted the cost of conflict from immediate taxation to long-term debt, benefiting bankers who lent at interest.



THE ROTHSCHILD DYNASTY

No discussion of banking as a mechanism for financing wars would be complete without turning eventually to the name Rothschild. It was Mayer Amschel Rothschild who is quoted as saying: "Let me issue and control a nation's money and I care not who writes the laws."[2] Biographer Frederic Morton concluded that the Rothschild dynasty had: "...conquered the world more thoroughly, more cunningly, and much more lastingly than all the Ceasars before or all the Hitlers after them."[3] The dynasty was begun in Frankfurt, Germany, in the middle of the eighteenth century by Mayer Amschel Bauer, the son of a goldsmith. Mayer became a clerk in the Oppenheimer Bank in Hanover and was eventually promoted to junior partner. After his father's death, he returned to his home in Frankfurt to continue the family business. Over the door hung a red shield with an eagle as a sign to identify the establishment. The German words for red shield are *roth schild*, so he changed his name from Bauer to Rothschild and added five gold arrows held in the talons of the eagle to represent his five sons.



Secrecy, of course, is essential for the success of a cabal, and the Rothschilds perfected the art. By remaining behind the scenes, they were able to avoid the brunt of public anger which was directed, instead, at the political figures which they largely controlled. This is a technique which has been practiced by financial manipulators

Broader Themes and Conclusion

Griffin structures the book as a detective story, blending history, economics, and Satanism. He covers the Fed's mechanics (fractional reserves, fiat money), its role in depressions and inflation, and alleged ties to globalist agendas. The Rothschild Formula serves as the historical backbone: central banking turns war into profit and power.

Supporters hail it as exposing the "greatest scam in history." Griffin concludes that the Fed's creation was a betrayal of

constitutional money principles, leading to perpetual debt and conflict.

The excerpt you shared—on perpetual war and the Rothschild Formula—encapsulates the book's thesis: central banking, pioneered in England and perfected by Rothschild networks, weaponized finance to make war endless, profitable and an infinite source of Satanic Human Sacrifice.

Griffin warns that this "creature" from Jekyll Island continues to shape our world, urging reform or abolition to restore sound money and peace.

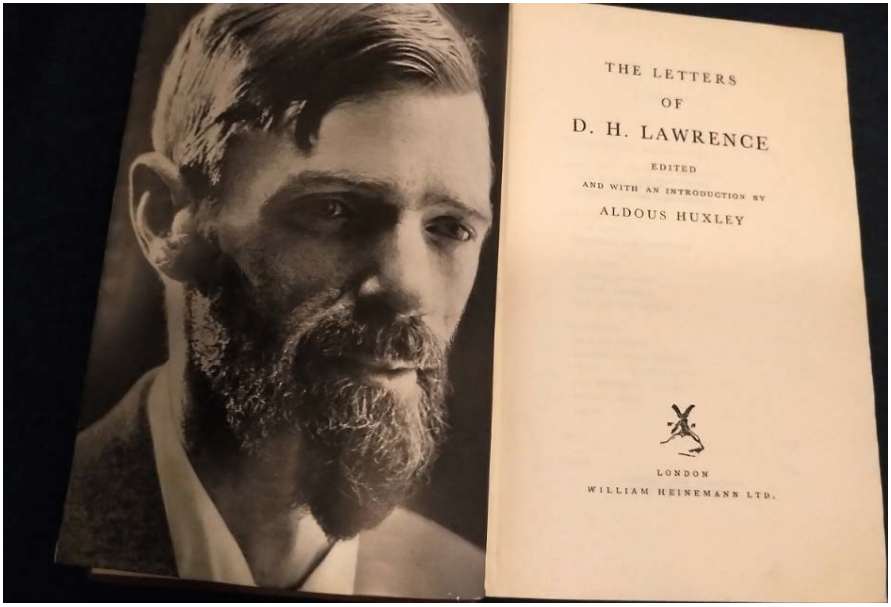
Chapter 7: Ascona, Monte Verità, Eranos, and the Occult Laboratory Breeding Sexual Inversion, Gnostic Revival, and the Coming Soma Revolution

Elite Atlantis-Phoenician Empire Black Nobility bloodlines deliberately use occult laboratories, sexual sodomite LGBTPS castration and inversion, and chemical sabotage to produce compliant populations for the vampiric spiritual energy loosh farm.

Monte Verità in Ascona, Switzerland, served as the physical and spiritual epicenter for elite degeneration — a notorious early 20th-century commune and countercultural hub that attracted anarchists, psychoanalysts, artists, and occult seekers.

The commune promoted radical sexual freedom, open orgies, worship of ancient mother goddesses like Astarte, and the breaking of all societal taboos — a clear precursor to the **LGBTPS inversion** pillars (institutionalized homosexuality, pederasty, pedophilia, drugs, ritual sex) that Satchidanand identifies as satanic societal engineering.

D.H. Lawrence (mentor to Aldous Huxley) absorbed this scene via his wife Frieda's connection to the radical psychoanalyst **Otto Gross**, who practiced "sexual-immoral" psychoanalysis and was expelled from Ascona for instigating orgies.



Part of the, one of the originators of the LBTQPS project designed to pervert, dumm down and control society, published by MI6, D. H. Lawrence (1885–1930) was a highly influential and controversial English novelist, poet, playwright, essayist, literary critic, and painter. Born in the mining town of Eastwood, Nottinghamshire, his working-class background and the tension between his parents deeply informed his writing. His modernist works are renowned for reflecting on modernity, social alienation, and the dehumanizing effects of industrialization, while championing human instinct, vitality, and sexuality.

Lawrence began his career as a teacher but abandoned the profession in 1912 to write full-time after eloping with Frieda Weekley, the wife of his former professor. They married in 1914 and spent much of their lives in a "savage pilgrimage" of voluntary exile across Europe, Ceylon, Australia, and the Americas. Despite facing censorship, persecution, and accusations of pornography during his lifetime, critics like E. M. Forster later hailed him as "the greatest imaginative novelist of our generation." Lawrence's literary reputation rests on several masterpieces that challenged Victorian social and sexual norms. His most notable novels include:

- **Sons and Lovers (1913)**: A quasi-autobiographical novel exploring a young man's struggle for independence from his mother and his working-class roots.

- **The Rainbow (1915)**: Follows three generations of a family, exploring social and spiritual changes; it was immediately suppressed in Britain for obscenity.

- **Women in Love (1920)**: A sequel to *The Rainbow* that delves into complex modern relationships and the impact of World War I.

- **Lady Chatterley's Lover (1928)**: His most infamous work, known for its explicit language and portrayal of a cross-class love affair. It was banned in the UK and US until the late 1950s and early 1960s.

Carl Jung took control of the **Eranos Conferences** in Ascona from 1933 onward — a theosophist-Fabian synthesis of psychology, occultism, and religion designed to birth a new global spiritualism.

Monte Verità — the occult laboratory breeding sexual sodomite orgy LBTQPS inversion and Gnostic revival.

This Ascona-Eranos nexus directly influenced Huxley, who absorbed its sexual inversion and carried it into his drug evangelism and *Brave New World* blueprint.

The project continues today through the coming **Soma Revolution** of legalized genetically enhanced – much stronger - marijuana — a new phase of conscious psychopathy designed to pacify and control the masses under the guise of "healing" and "enlightenment."

Jung's Mithraic and Gnostic Obsession

Carl Jung — high priest of the Gnostic revival and Eranos controller.

Jung saw himself as the reincarnation of Emperor Julian the Apostate (Mithraic initiate who tried to eradicate Christianity). He experienced deification via the snake-enwrapped **Deus Leontocephalus** (lion-headed Mithraic figure tied to Ahriman, god of decay/evil).

In *Seven Sermons to the Dead* (1916, channeled as Basilides), Jung presented a Gnostic cosmology centered on **Abraxas** — the god beyond good and evil who unites all opposites (life/death, light/darkness, creation/destruction).

Abraxas is "terrible," speaking hallowed and accursed words simultaneously. This is pure Luciferianism: the Biblical God (Adonay) as evil demiurge (Yaldabaoth/Samael, lion-headed serpent, sociopathic child of Pistis Sophia), while the true "God" is amoral, multi-sexual, beyond morality.

Jung promoted fusion of opposites ("coincidentia oppositorum") as salvation — liberating the initiate from Christian "tyranny of reason" into shadow integration without restraint (Crowley's "Do What Thou Wilt").

Mithras

He helped secure and promote the **Nag Hammadi Library** (Jung Codex), reviving these anti-Christian Gnostic texts.

His disciple **Henry Murray** ran Harvard psilocybin experiments tied to MKUltra circles, overlapping with Leary.

The Soma Revolution: Huxley's Blueprint Becomes Policy

In Aldous Huxley's 1932 dystopian novel *Brave New World*, human society is portrayed several centuries into the future, schismed into two parallel worlds. On one hand, a "civilised" society features a hierarchical caste system of Alphas, Betas, Gammas, and Epsilons. Each category of human is genetically engineered to be perfectly happy and complacent with their assigned tasks. Test-tube babies (see: CRISPR) are the only legal way of making humans. Free love

is rampant and taught to young children. If anyone feels ill at ease or asks forbidden questions, an infusion of **soma** solves the problem.

Huxley's soma was a psychedelic drug that transported the user into a state of ecstasy and altered consciousness, enhancing pleasure, sensual lust, and detachment. One character describes it: "Now — such is progress — the old men work, the old men copulate, the old men have no time, no leisure from pleasure, not a moment to sit down and think... there is always soma, delicious soma."

This soma is not fiction. It is becoming policy. Robert F. Kennedy Jr., as a leading voice in the current administration, has championed a USA covered in thousands of "healing centers" where psychedelic drugs would be available for "therapeutic" purposes. RFK has pledged to legalize marijuana and psychedelics at the federal level, working with allies to accelerate approval of MDMA, DMT, psilocybin, and ecstasy.

This is Huxley's soma revolution — rebranded as "healing" and "consciousness expansion" while serving the same purpose: pacification, detachment, and control.

Conscious Psychopathy and the New Soma Priests

The Soma Revolution is not liberation. It is **conscious psychopathy** — deliberate psychological and spiritual engineering by elites who understand the power of drugs to erode resistance while harvesting loosh.

Modern high priests include Jordan Peterson (promoting psilocybin and ketamine as pathways to religious experience), Joe Rogan (platforming psychedelic advocates), Sam Harris, Dennis McKenna, and others in the "intellectual dark web." These figures reframe drug use as spiritual evolution while advancing the same LGBTPS sodomite castration inversion Huxley and Jung championed.

This is the continuation of the Ascona-Eranos project: transform Christ back into the "soothsaying god of the vine," absorb ecstatic forces into a new pagan, drug-laced spirituality. The goal is a global religious reset where soma replaces outdated notions of morality, family, and sovereignty.

Ties to the Vampiric Spiritual Energy Loosh Farm

The Soma Revolution feeds directly into the **vampiric spiritual energy loosh farm**. Damaged genomes and drug-induced dissociation weaken natural spiritual barriers, opening doorways to Demonic Archonic influence and demonic possession.

The masses, chemically pacified and spiritually fragmented, generate maximum loosh through chaos, addiction, and emotional volatility while becoming easier to rule.

The psychopathocratic elite — forged in compromised bloodlines and occult networks — exploit this decay to consolidate power. Huxley's *Brave New World* was never warning. It was blueprint.

The soma revolution is here.

But it is not too late.

Energy Enhancement Meditation provides the counter-weapon: grounding negativity, removing blockages and implants, restoring Soul-Infused Personality. This purifies the epigenetic scars, closes demonic doorways, and rebuilds sovereignty against the coming soma hell.

The Ascona laboratory and Huxley's vision prove the danger. The time to reject the Soma Revolution is now — before the frozen genome and chemical pacification lock humanity forever into the psychopaths' engineered farm.

The Esalen Institute and the Modern Mystery Cult Revival – Huxley's Legacy, Leary's Revolution, and the Continuation of Eranos/Ascona

The Ascona-Eranos occult laboratory did not die in the 1930s. It migrated to Big Sur, California, and became the Esalen Institute — the American headquarters of the modern mystery cult revival.

Founded in 1962 by Richard Price and Michael Murphy — direct followers of Aldous Huxley — Esalen was explicitly designed as the continuation of the Monte Verità/Ascona and Eranos projects.

Huxley's lectures on "human potentialities" provided the founding vision. The institute became the nexus where Gnostic inversion, psychedelic soma, sexual liberation, and neo-pagan spirituality were fused into a new global religion for the elite-managed counterculture.

This was never grassroots enlightenment. It was conscious psychopathy — deliberate cultural engineering to accelerate the degradation of the masses while protecting the Black Nobility's bloodlines.

Esalen Institute — the American continuation of Ascona and Eranos mystery cults.

Huxley's Direct Influence and the Human Potential Movement

Aldous Huxley, already the high priest of chemical pacification through *Brave New World* and *The Doors of Perception*, saw Esalen as the perfect vehicle for his vision. His influence on Price and Murphy was foundational.

Esalen's early brochures carried Huxley-inspired language of "human potentiality." The goal was to create a new humanity through drugs, sex, and altered states — exactly the soma society Huxley had blueprint in 1932.

Timothy Leary, recruited and inspired by Huxley, became a central figure. Leary's Harvard Psilocybin Project and later public evangelism ("Turn on, tune in, drop out") were direct extensions of the Huxley-Crowley-Jung axis.

Leary openly credited intelligence networks CIA, MI6, MOSSAD for launching the consciousness movement and described the project as replacing Judeo-Christian monotheism with a polytheistic, drug-laced “scientific paganism.” Esalen hosted Leary, Ram Dass, and countless other psychedelic evangelists, turning the institute into the American Eleusis — a mystery school for the soma revolution.

Continuation of Eranos/Ascona – Gnostic Revival and Sexual Inversion

Esalen carried forward the Ascona-Eranos synthesis: psychology, occultism, and religion fused into a new spiritualism.

Carl Jung’s shadow integration without morality, Abraxas uniting of opposites, and Gnostic demiurge inversion became core themes.

Sexual liberation (echoing Otto Gross and Monte Verità) was institutionalized as “human potential” — mandatory promiscuity, encounter groups, and ritualistic breaking of taboos.

The LGBTPS pillars were advanced under the banner of freedom.

The institute attracted the intellectual dark web precursors and New Age gurus who would shape the coming decades: promoters of psilocybin, ayahuasca, MDMA, and other entheogens as pathways to “higher consciousness.”

Psylocybin mushrooms - The modern mystery cult revival — soma rebranded as human potential.

Laurence Rockefeller and other elite patrons funded much of this work, ensuring the project served the broader pathocratic agenda.

UFO disclosure initiatives, alien contact through drugs, and “benevolent entity” channeling were all part of the mix — classic mystery cult tactics updated for the space age.

The Modern Mystery Cult Revival and the Soma Revolution

Esalen was never isolated. It seeded the broader New Age movement, human potential seminars, and the current psychedelic

renaissance. Today's push for mass legalization of psychedelics (MDMA, psilocybin, DMT, ketamine) under the guise of "healing centers" and "consciousness expansion" is the direct descendant of Huxley's soma and Leary's revolution. RFK Jr. and allies accelerating federal approval represent the institutionalization of this project — turning *Brave New World* from fiction into policy.

This is conscious psychopathy. The elite understand that damaged genomes + chemical dissociation + Gnostic inversion = perfect compliant vessels for Archonic control and maximum loosh harvesting. Esalen provided the template. The Soma Revolution is the current phase.

Breaking the Modern Mystery Cult – The Energy Enhancement Revolution

The psychopaths have their institutes, their drugs, and their inversion. We have the counter-revolution.

Energy Enhancement Meditation directly dismantles the Esalen/Ascona legacy:

- **Alchemical VITRIOL Grounding** burns up the energetic residue of drug-induced and ritual fragmentation.
- **Seven Step Process** removes entity implants, vampire cords, and shadow subpersonalities implanted through Gnostic and psychedelic practices.
- **Chakra Fusion and Antahkarana** rebuilds the spiritual architecture damaged by sexual inversion and dissociation.
- **Soul-Infused Personality Restoration** creates sovereign individuals immune to the mystery cult programming.

Daily practice, combined with toxin avoidance and conscious rejection of the elite's chemical and cultural warfare, starves the loosh farm and closes the doorways to demonic possession.

Energy Enhancement Meditation — the weapon against Esalen's Gnostic and chemical inversion

Esalen and the modern mystery cult revival prove the continuity of the Black Nobility's 10,000-year project. The genome does not lie. The psychopaths have engineered the perfect system for control and harvest. But the Energy Enhancement Revolution gives every individual the tools to break free.

Act now. Reject the soma. Remove the blockages. Restore your sovereign soul. The mystery cults can only rule those who remain fragmented. The time for the Energy Enhancement counter-revolution is here.

THE LORD ROTHSCHILD CREATED FABIAN SOCIALISTS INVENTED THE ISLAM INVASION OF THE UK AND EU TO DESTROY CHRISTIANITY AND INPUT TECHNOCRACY TO BETTER CONTROL THE WORLD ONE HUNDRED YEARS AGO

LORD ROTHSCHILD AND HIS FABIAN AND DEMOCRATIC SOCIALISTS - EPSTEIN, ROCKEFELLER, GEORGE ORWELL, JOHN MAYNARD KEYNES, JULIAN AND ALDOUS HUXLEY, GB SHAW, HG WELLS, ANNIE BESANT ETC...

George Orwell 1984 Fabian Socialism is the operating overall ideology of what we call the globalists in the 20th century

This is all of Western society's most powerful institutions have this as their governing ideology. This is the governing ideology of the Council on Foreign Relations, of Bilderberg, and of Trilateral, who was on the Trilateral Steering Committee? Jeffrey Epstein, recruited into that by David Rockefeller to be his legate, his attache. Who else was he the legate and attache for? The Rothschilds.

He says it in multiple emails and letters, or texts, I should say. He says to Peter Thiel, you do recognize I represent the Rothschilds. He says to Arianna de Rothschild, we can move the money when there's a crisis and let the dumb goy have the bags.

It's the Alex Jones Show. Welcome to the fourth hour of the Alex Jones Show. I'm your guest host, Jay Dyer of Jay's Analysis.

What an amazing week. Alex's insane viral debate with Islam supporter Sneaky Sneeko. I'm glad that it came to that.

Because I've been on Islam Agent Sneeko's channel doing debates before as well. We had a famous debate with Muslim Lantern. Who has kind of gone into obscurity since the debate that I had with Muslim Lantern on Sneeko's channel.

Where Sneeko was the moderator. And now Alex, I think, has helped to hopefully retire the insane trend floating, trend wave riding, flip-flopping of the character Sneeko. But it also ties into Joe Rogan's interview with Rupert Lowe.

The British politician who highlighted the Fabian Socialists. Which you've heard me talking about for so many years. I've been highlighting and bringing attention to this.

Because it's so important to understand the actual ideology of the global elites. Whether it's the Rothschild-Milner-Fabian circles. Or whether it's the Democratic Socialist Party of America.

The Democratic Socialists of America. This ideology that's gaining so much momentum in terms of leftism. And what exactly is that relationship to Marxism? Is it classical Marxism? Is it something different? We're going to find out again as we rehearse the classic story of the Fabians today.

And again, it's very crucial because Keir Starmer was a Fabian Socialist.

You go back in the last several decades of British politicians. The Labour Party.

That was rebranded Socialism. Fabian Socialists became the Labour Party to hide what their real strategy was. Because Marxism-Socialism became very unpopular.

So they really took over the left, so to speak. But it's Marxism that's reformed. It's Marxism blended with monopoly capital.

This is really the best way to understand the ideology that's operant in the world. It sort of transcends the, for example, left Islamic ideology versus the Zionist ideology. Or something like that.

Because both of those ideologies have above them an overriding socialism known as Fabian Socialism. Now, if you go back to the 1800s, Karl Marx, of course, was a socialist, a Marxist. Obviously, the founder of Marxism.

But Marxism itself, in terms of an ideology of communism, does not begin with Marx. It goes back to earlier, prior to him, with the British Empire created French Revolution. You had the Satanic Jacobins, forerunners of the Satanic Bolsheviks that were Marxist before Marx.

They were communists. They had the same ideology, for example, as Rothschild funded Adam Weishaupt, who was a communist. And we've seen in many writings of Sutton, the writings of Carol Quigley.

We've seen it in the Rothschild's biography that we just covered last Friday. That a lot of these elite-moneyed power oligarchical families prefer Marxism. Because it allows them to have a centralization of the wealth of a nation.

To overthrow the existing power structure. And to transfer that wealth offshore. While they control everybody from a top-down technocratic ideology.

Now, Sneeko ties into this because Sneeko is a useful dupe. And a lot of Islam is a useful dupe kind of ideology. It's a chess piece on the chessboard, like Zbigniew Brzezinski talks about.

With the grand chessboard. And so Marxism has this tool capability within it to be used. Much like Islam.

And so the red-green alliance, the tying together of Islamic ideology, with leftist socialist ideology has been a very potent force. But it's not actually that antithetical to Zionism. Even though you might think it is.

The founders of utopian socialism themselves, it's not actually Karl Marx. Modern utopian socialism comes from Moses Hess. The famous rabbi.

Very influenced by Spinoza and his pantheism. To create what would become the Zionist ideology.

In fact, Moses Hess was writing about utopian socialism Zionism way before anyone knew about this as a political ideology.

In the 1860s, Moses Hess in his book, Roman Jerusalem, wrote extensively about how he had already been talking to the Rothschilds, particularly Edmund the Rothschild, and that they were looking towards creating a new state, a new power block, you could say, perhaps, in the Middle East, when the Rothschilds would eventually purchase large swathes of land from the Turkish Sultan. That would eventually become the modern nation-state of Israel, although it would take many years before it would get recognized post-World War II. If you go to my channel, we had a lot of fun last night, reviewing and commenting on Alex's debate with Sneeko.

But it's important to realize that Sneeko, when he's out there at the soccer match, cheering on the victory of Islam in New York, and saying Mamdani is part of this victory. Mamdani's out there marching with trannies, right? And then he's over here pushing Islam. And then Sneeko's tying into that.

Well, none of these things are actually antithetical, because if you go back to the 1890s, there was a new society created. The ideas were already there, but it wasn't really formalized as a unit until the early 1900s in terms of this society. They're not a secret society, so they operate more in the open.

And the idea was to reform Marxism in the ways that it was very deficient. So Marxism, for example, had the idea, in terms of its classical position from Marx, that the proletariat would rise up. And then the working class would overthrow their capitalist oppressors and take over the means of production in the factories and whatnot.

But it turned out that the workers were more concerned with wages and lunch break. They weren't that concerned with the nuances and the niche, crazy terminology of the schisms within Marxist intellectuals. And so they never got the workers to rise up.

So what they realized was that we're going to need a different approach. They had tried terrorism, even back to the Paris Commune. Red terror in the Paris Commune.

Lenin and Trotsky relied on terror. But this didn't seem to really kick off the world revolution that a lot of these believers thought would take the world by storm. You had Mao using terror.

You had a lot of people using terror. But they decided that they needed a different strategy. And so you have some of these ideologues, namely people like Beatrice and Sidney Webb, Lord Rothschild himself, at least certain sectors of the family.

You had some members of the Royal Society, people like Bertrand Russell, H.G. Wells, a very famous member of the Fabian Society, probably the chief propagandist of this whole ideology. George Bernard Shaw, people like that. And many, many books have actually been written on this history, but it's not well-known.

There's the Rose Martin book. But better than all of these books is the book that we've highlighted many, many times, Jan Ratu's book, because he understands it from the perspective of how controlled dialectics play into this, controlling both sides of conflicts. From an academic perspective, it's not actually a conspiracy book.

It's more like something like A Tragedy in Hope. But he also understands the Zionist angle as well. He understands the goal of the United Nations, as the second half of the book covers, is actually to put forth this sort of replacement demographic warfare program.

The Kalergi Plan is essentially what it is. But we have to understand that Marxism underwent several revolutions and phases within itself to come to the point where they would actually unite with big capital. This is so crucial, this is so key, to understand the ideology of the World Economic Forum, of Davos.

For example, one of my friends, Conrad, over at World War Now, he put up a picture the other day on Twitter, got a lot of views, of Klaus, and Klaus Schwab has a bust of Vladimir Lenin behind him. Why would this big capitalist have the bust of Vladimir Lenin behind him?

Why would David Rockefeller in the late 70s write a couple New York Times editorials, the most famous one is from a China traveler, where he lauds and praises Mao Zedong?

Why would they do this? Why would capitalists, mega capitalists, have such an infatuation, such a fascination with Marxism, socialism? In fact, David Rockefeller says that Mao's experiment in China was a wonderful success, and he thinks there should be a model that's used everywhere. Wait a minute, I thought he was a huge private property capitalist guy.

No, when you get to a certain level of monopoly capital, what happens is you are above the ideas of petty nation-state squabbles. We saw that in the model that the Rothschilds pioneered back in the 1800s. They figured out that you can move money and attain power through conflict, and that was much more important than this or that side of a European conflict.

That's how they, in part, built up such a massive imperial structure in terms of a banking empire. But to go back to the Fabians, they said, look, Marxism is not working the way that we thought. We're going to need the engine of money.

We're going to need these big power players. So rather than trying to kill and overthrow the capitalist oppressors, perhaps we should convert them to our side. We need to have a long march through the institutions.

And they believed exclusively in scientific government. So basically, they're scientific technocrats.

They're all, by the way, eugenicists.

And if you look up the history of the Fabian society, this is something that they wanted to really convince Marxists, who maybe in other countries, perhaps in Russia, places like that, they weren't always on board with eugenics because eugenics was essentially associated with the British Empire. It was associated with Malthus. It was associated with, you know, eventually later on, Hitler.

But what about the idea of a socialist international technocracy that also blended itself with Darwin, social Darwinism and eugenics and the idea of disgenics? And they also had a unique idea to create an inner party, the inner party of the Fabian society elite that would include these very wealthy financiers.

According to Rothschild, this initially included the Rothschilds, Lord Milner and the people in those circles of Cecil Rhodes. Now, I'm not saying that necessarily Cecil Rhodes was a Fabian socialist, but the circles that were associated with, for example, Rhodes being a front for the Rothschilds in terms of De Beers and other diamond interests down in South Africa.

The Fabian socialist said, no, no, Marx missed some of these ideas, thinking that the workers would rise up. We need a scientific priest class that would rule, not the workers taking over the means of production. So they favored a scientific governance model, a managerial top down managerial structure ruled by experts.

They would all be rationalists and members of different scientific societies, namely, for example, the Royal Society. And so they decided that when there was a lot of not a lot of popularity for socialism after a lot of death and destruction, they rebranded as the Labour Party in the UK. Now, the Fabian socialists are not just the Labour Party.

As I'm pointing out, Fabian socialist ideology is everywhere, whether people know about the Fabian society or not. And so I'm thrilled to see Rupert Lowe going on Joe Rogan highlighting this ideology, because this really is the operating overall ideology of what we call the globalists in the 20th century. It's not antithetical to what you're talking about.

It's the same ideology, Lord Rothschild, who ends up being the patron ultimately of the founding of the nation state of Israel, namely Edmund Rothschild. Those same circles, as Rothschild shows, were the ones promoting and funding initially the Fabian socialists. And this is everybody from Madame Blavatsky to John Maynard Keynes.

Now, Keynes himself was not a member of the Fabian society. However, he was a Skittles PDF economist that becomes the main economist of the entire 20th century.

The post-World War II Bretton Woods system is the implementation of Keynesian economic theory pretty much throughout the Western world and much of the world.

That is a fiat-based currency, a debt-based strategy for monetary policy, ever-expanding printing of the money supply. It's a strategy of economics based on a war. If you want, there's a great book on this, which is mainly about the history of monetary policy by Saifedean Amos.

It's called The Bitcoin Standard. The first half of the book is actually just Austrian economic analysis of monetary policy and critiquing Keynesianism. But Keynes is, quote, the official economist of the Fabian socialists.

So you understand it's not really capitalism. It's not 100% Marxism. It's, again, this blended synthesis third-way approach.

And they realized that they needed more than just economic theory. They also needed culture theory. They needed ways to approach culture.

They needed ways to approach all of society to reform it. And they needed to have a better strategy of using religion. So it's not going to be just convincing workers or handing out pamphlets or getting rich people to fund other socialist tea parties or something like that.

I don't mean tea party. I mean like socialite tea parties. No, they need to recruit the elite of society, get them into running this leftism.

And it can be united with various other ideologies as chess pieces as well. For example, in 1910, 1920, the early Fabian socialists in the U.K. explicitly said we will bring Islam into the U.K. This will be a test tube to see how we can destroy the existing remnants of Christian society.

They actually said this.

You have to understand Bertrand Russell, Beatrice Sidney Webb, these people, George Bernard Shaw, they absolutely despised Christianity. So they were looking for ways that they could bring it down, but they knew they weren't able to do it just on their own. But if they could bring in massive amounts of other people, particularly with Islam, they might be able to revolutionize and change the entire English nation.

And again, they think they have a right to do this because they believe that everything that existed before is oppression. They saw it, quote, as their social justice mandate. Did you know the term social justice actually comes from not just Marxists and socialists and Lenin, but particularly from the Fabian socialists? The Fabian socialists were not antithetical to the Bolsheviks.

In fact, Beatrice and Sidney Webb, others, they had numerous correspondences and letters with Krupskaya, VI Lenin's wife, and they were adamant supporters of the Bolshevik revolution. So they realized that we've got to infiltrate from within. We've got to bring it down from within.

And this is why the right wing is so ineffective for the last perhaps century and actually really accomplishing anything is because they're almost always fighting against a faulty, phony opponent. They will never identify subversive from within. The right has somehow become so stupid and so naive as to think that anybody who says one principle or one point that agrees with, quote, conservatism, well, they must be on our side.

We must go with them. But as Rod Tew notes, throughout the history of the Fabian socialists, their whole strategy was also to create false conservative opposition. So they would have people that were in league with them running as fake Tory conservative type opponents.

And thus they were able to consistently gain ground long term. Remember what we saw with the Rothschild's biography. They were successful not because of just using banking and usury or whatever, but also because they had long term generational thinking and infiltraition.

And the Fabian socialists, even though they were crazy, wicked socialists, at least understood that it would take a long time to implement this. That's why they have as one of their symbols the tortoise, because it's a slow kill, gradual model. And this goes back to the Roman general Fabian.

This is where they took their their ideology to take not just an immediate approach like Marx had that the workers would just immediately rise up and overthrow, but rather to go for a gradual strategy. Marxism also fell out of favor, and so they realized they

would have to kind of rebrand. They couldn't just call themselves followers of Marx or whatever.

So they chose, you know, much more innocuous names. The Labor Party were the party of the workers. And again, we have to highlight that a lot of people don't realize that Karl Marx himself was not anti capital.

People think that Marxism is just about overthrowing capitalism. This is one of the major misconceptions about Marxism, at least classical Marxism. In fact, the Fabians themselves could cite Marx and say, look, Marx didn't hate capitalism like people think.

Marx thought that it was oppressive, but Marx thought that history had these determined phases. They weren't determined in the sense that they had to come about, but at least that whatever was going on with determinism in terms of material dialectics. History is just dialectical materialism or historical materialism, whichever branch of Marxism you choose.

So it has a determined future. We don't know what that future is, but Marx thought you could study the past and you could see the cycles of determined phases and perhaps project possible determined futures. So in other words, history and the future is determined by dialectical materialism, but we don't know exactly what's going to happen in the future.

We don't have that power. So if we look to the past and we saw, as Marx argued, that the feudal system collapsed and gave rise to capitalism and homo economicus, economic man. The economic phase is when you get Ricardo Laissez-Faire, John Locke, Adam Smith, they gave rise to a new phase of economic man.

And as we saw in the Rothschild's biography, the Rothschild's themselves exemplified that capitalist model, destroying the feudal model. They were the new lords of the new coming era of being ruled by banks, being ruled by international finance. And so Marx said, that's still oppressive, but it's not wrong or bad in itself.

Nothing's wrong or bad in itself. It's just a phase. And Marx thought capitalism was better than feudalism.

And there's no way that we could ever go back in time. We can't go back to feudalism, per se. But we can hope for a future where we evolve to the next phase, which Marx thought would be big state communism.

Right. So, for example, Mao or Stalin, Marx kind of thought that would be the next phase. Marx believed that after that phase, there would be the libertarian phase.

This is what blows everybody's mind. People don't know that. People lose their mind when I say this, that Marx was actually a libertarian.

Marx thought that technology would eventually give rise to the alleviation of the workers. And after the big state communist powers fell, then we would have the phase of libertarianism. If you are receiving this transmission, you are the resistance.

Live from Austin, Texas, you're listening to The Alex Jones Show. Welcome back to the fourth hour of The Alex Jones Show. I'm your guest host, Jay Dyer.

I also want to remind you guys that if you go to my X account, you will see various posters for upcoming debates. I will be debating at DebateCon in Dallas coming up in a couple weeks, July 25 and 26. And you can get tickets there at the links if you see the – I'll be debating a couple Muslims at that.

And then we have future debates coming up. And I want to remind everybody that my big interview with Tucker Carlson will be out Monday. Big, big, big interview.

We went on for over two hours about everything. We went from Satanism to Hollywood to transhumanism to Christianity, you name it. It's all going to be dropping Monday.

So look for that big Tucker Carlson interview. I was very honored to be up there. Had a great conversation.

Spent the whole day with Tucker. It was awesome. I think you guys are going to enjoy it.

So be sure and check that out. When it comes out, be sure and share it, clip it, et cetera. Now, we're talking about the institutions that have the ideology then of Fabian socialism.

Because after they began to import various Islamic teachers at Oxford, Eton, et cetera, Cambridge in the 1910s, 20s, and 30s, they initially just brought in Muslims who were Sufi. And for those that don't know, Sufi Islam is much more mystical, very influenced by almost copy and pasted version of Neoplatonism. And that allows it to be a lot more ecumenist and syncretist.

And, oh, yeah, we kind of like all these different religions, and they're all kind of amenable. But that prepared the way for the eventual bringing in many decades later of all of the Sunni, Salafi, Wahhabi kind of radical Muslims, the Orthodox Muslims. And so there was a strategy even behind that where when they brought in certain academics to teach in the 1910s and 20s in Oxford's Middle Eastern Department, Arab Studies.

Oh, we were just having one professor. And, oh, he's just going to set up one little Islamic Studies Society. Don't worry about it.

No big deal. Don't be racist. Now we have basically the Islamification of London.

But why? Why is it Sadiq Khan? Why is it all the Muslims in London and in the UK? Because the Fabian socialist elites of the 1910s, 20s, and 30s explicitly said we can wipe out the white Christian majority in the West only through using Islam.

It's really the only tool that they had when they realized that the workers wouldn't rise up. And they could change society and create this internationalism through bringing in an Islamic horde.

And then that would completely change the demographics. So this is not against the Kalergi plan. It's the exact same plan as Kalergi, as the Fabian socialists themselves said.

In other words, Bertrand Russell, George Bernard Shaw, they explicitly all said this. They said if we're going to have a future world based around at that time, what they said was the League of

Nations. Did you know the League of Nations whole ideology was Fabian socialism? Woodrow Wilson, Fabian socialist.

We've had Fabian socialist presidents in the United States of America. And Woodrow Wilson was handled, as is pretty much admitted by most historians now, by Colonel Edwin Mandel House working at the behest of the Rothschilds. So the League of Nations, the United Nations, which was the Empire Strikes Back version of the League of Nations because it failed.

Those all were Fabian socialist institutions. In fact, the EU in 1931 had already begun to implement this strategy of Fabian socialism. But again, this is not located only in the UK.

This is not located only in the ideology of the European Union. People like Jean Monnet, other figures who were very important in the EU, but also the heads of British intelligence, the beginning of MI5 and MI6 were Fabian socialist. In fact, the heads of the OSS and CIA very early on, Keynesian and Fabian socialist members or believers.

And if you don't know, David Rockefeller's own thesis advisor, I think when he was doing his grad, his master's work. Was from the Austrian Economic School. But then he also had another thesis advisor named Harold Lasky, who was America's most famous Fabian socialist professor.

In fact, Harold Lasky would travel the entire country throughout those decades, preaching and teaching the gospel of Fabian socialism. And so it's actually global capitalism, monopoly capitalism that will build the order and the infrastructure that the Fabian socialist would take over. This is their explicit plan.

They note, for example, that this was some of their early 1910s and 20s strategies. We would remove territorial boundaries for Britain and other European nations. They would eventually erode these, allowing them to more easily transition into a global version of the EU and the United Nations.

All ethnic tradition and boundaries would be eroded through state imposed mass immigration. This is from the 20s and 30s. OK, this is a long term plan.

This wasn't something that was cooked up by leftists five years ago. It's not AOC and Joe Biden that cooked all this up. Cultural boundaries would also be eroded through the weaponization of the term multiculturalism.

Religious boundaries would be eroded through syncretism, ecumenism and multi-religionism, they called it back then. They would need the policy and the power and strategy of the power of the monopoly capitalists to actually do the work. Then Islamization would come in and change the people groups so that it could transition down the road into a socialist technocracy.

Notice in the 10s and 20s, this book is so important. I don't even know if it's out of print or if you can still get it. I mean, there's an entire chapter on using Islam in the 1910s, 20s and 30s for where we are now.

They were 100 years ahead of everybody else in planning this stuff.

Now, I mentioned as well that, oh, well, this is just some British political thing. Who cares what a bunch of British political operatives are up to? No, no, you don't understand.

The organizations that were all set up that run the world or the Western world, the Atlantis's power block. When I say Atlantis's power block, that doesn't mean not Israel. Obviously, Israel is part of that.

It just means the way that international relations describes power blocks in the world. That's all it is. You had, for example, the erection of multiple international institutions that would promote all of these systems.

And these are the systems pioneered by Lord Rothschild, Lord Milner, Lord Curtis, Bertrand Russell, H.G. Wells. All of these are essentially the Fabian socialist institutions. So, I'll list some of these.

You may have heard of these. The Royal Institute for International Affairs. Their governing ideology is Fabian socialist.

The League of Nations. The International Labor Organization. The International World Court set up in 1920.

The famous figures out of the U.K. like Lionel Curtis, Arnold Toynbee. People like John Maynard Keynes are all using Fabian ideology. So, it doesn't really matter for a member of the society.

That doesn't matter. If you have the ideology, that's the main point. The Council on Foreign Relations, 1921, set up with Rockefeller money, has as its ideology Fabian socialism.

The Socialist Christian League, the 1930s. The World Bank, set up in 1944, set up by Fabian socialist ideology. The World Parliament Association, which eventually you get the United Nations in 1945.

The International Monetary Fund. Keynesian Fabian socialist economics. The World Council of Churches, set up by Rockefeller money.

The Aspen Institute. So, again, biggest think tanks. All of these NGOs, think tanks, foundations.

Not all of them, but many of them have this governing basic ideology. And to be an actual member of the inner party is a different thing, right?

And if you don't know, when George Orwell, who wrote, obviously, Eric Blair wrote, 1984, the organization that he's fighting, or that he thinks he's fighting, is Ingsoc, right? Everybody's seen Ingsoc. That's English socialism, Ingsoc.

What do you think he's talking about? He's talking about the Fabians, because he was amongst these people.

George Orwell was invited to become Head of the Fabian Socialists.

1984 is Fabian Socialism!

Rough edges are what hone the sharp knife of the mind.

Even the Catholic Church of the Middle Ages was tolerant by modern standards. Part of the reason for this was that in the past no government had the power to keep its citizens under constant surveillance.

The invention of print, however, made it easier to manipulate public opinion, and the film and the radio carried the process further. With the development of television, and the technical advance which made it possible to receive and transmit simultaneously on the same instrument, private life came to an end.

Every citizen, or at least every citizen important enough to be worth watching, could be kept for twenty-four hours a day under the eyes of the police and in the sound of official propaganda, with all other channels of communication closed. The possibility of enforcing not only complete obedience to the will of the State, but complete uniformity of opinion on all subjects, now existed for the first time.

BIG BROTHER IS WATCHING YOU.

BIG BROTHER IS WATCHING YOU.

BIG BROTHER IS WATCHING YOU.

BIG BROTHER IS WATCHING YOU.

BIG BROTHER IS WATCHING YOU.

The old civilizations claimed that they were founded on love or justice. Ours is founded upon hatred. In our world there will be no emotions except fear, rage, triumph, and self-abasement. Everything else we shall destroy everything.

He knew in advance what O'Brien would say. That the Party did not seek power for its own ends, but only for the good of the majority.

That it sought power because men in the mass were frail cowardly creatures who could not endure liberty or face the truth, and must be ruled over and systematically deceived by others who were stronger than themselves.

That the choice for mankind lay between freedom and happiness, and that, for the great bulk of mankind, happiness was better. That the party was the eternal guardian of the weak, a dedicated sect doing evil that good might come, sacrificing its own happiness to that of others. The terrible thing, thought Winston, the terrible thing was that when O'Brien said this he would believe it.

The Party seeks power entirely for its own sake. We are not interested in the good of others; we are interested solely in power. Not wealth or luxury or long life or happiness: only power, pure power. What pure power means you will understand presently. We are different from all the oligarchies of the past, in that we know what we are doing. All the others, even those who resembled ourselves, were cowards and hypocrites.

We know that no one ever seizes power with the intention of relinquishing it. Power is not a means; it is an end. One does not establish a dictatorship in order to safeguard a revolution; one makes the revolution in order to establish the dictatorship. The object of persecution is persecution. The object of torture is torture. The object of power is power.

'We are the priests of power. God is power. But at present power is only a word so far as you are concerned. It is time for you to gather some idea of what power means. The first thing you must realize is that power is collective. The individual only has power in so far as he ceases to be an individual. You know the Party slogan: "Freedom is Slavery". Has it ever occurred to you that it is reversible? Slavery is freedom. Alone free the human being is always defeated. It must be so, because every human being is doomed to die, which is the greatest of all failures. But if he can make complete, utter submission, if he can escape from his identity, if he can merge himself in the Party so that he is the Party, then he is all-powerful and immortal.

What can you do, thought Winston, against the lunatic who is more intelligent than yourself, who gives your arguments a fair hearing, and then simply persists in his lunacy?

The earth is as old as we are, no older. How could it be older? Nothing exists except through human consciousness.

Obedience is not enough. Unless he is suffering, how can you be sure that he is obeying your will and not his own? Power is in inflicting pain and humiliation. Power is in tearing human minds to pieces and putting them together again in new shapes of your own choosing.

The old civilizations claimed that they were founded on love or justice. Ours is founded upon hatred. In our world there will be no emotions except fear, rage, triumph, and self-abasement. Everything else we shall destroy everything.

The aim of the Party was not merely to prevent men and women from forming loyalties which it might not be able to control. Its real, undeclared purpose was to remove all pleasure from the sexual act. Not love so much as eroticism was the enemy, inside marriage as well as outside it. All marriages between Party members had to be approved by a committee appointed for the purpose, and though the principle was never clearly stated permission was always refused if the couple concerned gave the impression of being physically attracted to one another. The only recognized purpose of marriage was to beget children for the service of the Party. Sexual intercourse was to be looked on as a slightly disgusting minor operation, like having an enema. This again was never put into plain words, but in an indirect way it was rubbed into every Party member from childhood onwards.

The sexual act, successfully performed, was rebellion. Desire was thoughtcrime.

We shall abolish the orgasm. Our neurologists are at work upon it now. There will be no loyalty, except loyalty towards the Party. There will be no love, except the love of Big Brother. There will be no laughter, except the laugh of triumph over a defeated enemy. There will be no art, no literature, no science.

There will be no curiosity, no enjoyment of the process of life. All competing pleasures will be destroyed.

But always do not forget this, Winston always there will be the intoxication of power, constantly increasing and constantly growing subtler. Always, at every moment, there will be the thrill of victory, the sensation of trampling on an enemy who is helpless. If you want a picture of the future, imagine a boot stamping on a human face forever.

We control life, Winston, at all its levels. You are imagining that there is something called human nature which will be outraged by what we do and will turn against us. But we create human nature. Men are infinitely malleable.

He's talking about Bertrand Russell, H.G. Wells. He's talking about George Bernard Shaw.

He's talking about Beatrice and Sidney Webb. He's talking about Lord Rothschild. Those are the members that are the inner party people, you see.

If you remember, 1984, there's an outer party of all these people that think that they're working for the greater good. There's an inner party elite, a very small number of people, who are actually aware and self-aware of what they're actually up to, to create a global technocratic socialist order. Rothschild notes, for example, on page 103, George Orwell, who wrote 1984, was written with the Fabian Society's 100th anniversary in mind.

This was one of the few works by an ex-Fabian that actually criticized their form of socialism, or Ingsoc, English socialism. Although Orwell's 1984 was intended as a, quote, satirical work, Orwell's book betrays an intimate knowledge of their movement, its leadership, their techniques, methods, and aims. It accurately and uncannily predicted a future Fabian-controlled new world order.

That's what 1984 is about. It's about this.

It's about Keir Starmer, Sadiq Khan, Blair, Mamdani all those people.

But it's not just them. It's David Rockefeller. It's Lord Rothschild.

It doesn't matter if they're capitalists. They see these things as ideological tools and technologies of control. And so, yeah, sometimes they'll fund a right-wing group.

Sometimes they'll fund an Islamic terrorist group. It doesn't matter because the overall plan is much greater than some ideology. But it's these people, as Rupert Lowe has noted, and as he said to Joe Rogan, these are the people that pioneered 100-plus years ago the idea of radically changing Europe and the U.K. and also the West with Islam.

And that's not antithetical to Jewish or Zionist interests because, as we've seen from Netanyahu, he doesn't care if all of the Palestinian Hamas people come to the U.S. Many rabbis have said Islam is the broom of Judaism. So they see it as something akin to a kind of Noahide position. It's not exactly the Noahide position.

It doesn't mean that they like Islam. It doesn't mean that they're believers in Islam. It just means that they providentially see it as aiding, ultimately, the ascendancy of a Jerusalem-Tel Aviv-based world order.

In fact, Moses Hess even says that about Tel Aviv and Jerusalem, so Jerusalem mainly being the future center of world power, he says. So they have an idea of a Jerusalem-centric new world order. Not every technocrat believes that or cares about that.

I don't think Zbigniew Brzezinski cared about a Jerusalem-based new world order, but he certainly believed, like the Fabian Socialists, in a future technocratic social order. Another one of the key figures here is the Bilderberg Group. This was created by Fabian Socialists Joseph Redinger, Hugh Gaitskell, and Dennis Healy together in collaboration with the Rockefeller family.

That's explicitly in the Rockefeller's biography and David Rockefeller's memoirs. He has a whole chapter on his role in helping to prop up and create Bilderberg. He wasn't the only one.

There was also former SS Sodomite Knight of the Black Sun Prince Bernhard was a key player in that. So that shows you that at that level, you can be above Nazi or Zionist ideology. You can be supra-international at that level of high-tier finance.

That's why the British Empire, for example, or the West, especially the Western CIA, etc., they had no problem utilizing Otto Skorzeny and Reinhard Gehlen to train the Mossad. That's all on record. That's all in Israeli papers.

Again, at that level, things are above these localized microcosm ideologies that people are debating. Until we understand that what's at root here in terms of the battle in the West is not these stupid political parties of left and right. That's all part of the dialectic, right? I know most of this audience knows that the two-party duopoly is fake and gay, but I'm saying it's not even American two-party duopoly.

It's the same structure in Canada. It's the same structure in the English Commonwealth nations that are all run by Fabian Socialism. Mamdani is the perfect example of exactly what you see with Sadiq Khan in London.

Mamdani is that same model in New York, and dummies like Sneeko think that they're actually part of some real crusade for human rights through promoting Islam, which is itself retarded. No, it's actually management by experts and technocrats many layers and levels above people like Sneeko. Think about Hassan Piker, same situation.

Leftist, socialist, oh yeah, Islam's great. All these things are great. Bring all these people in.

That'll help destroy America. The battle's not with America. The battle's with white Christians.

The battle is with these technocrats, and that's not antithetical to Zionist interests because Zionism is itself a socialist movement. It's one of the flavors of Marxism-Socialism.

All of the Fabians were pro-disgenics, not just eugenics of finding a good mate to pair with to have good offspring,

but disgenics, particularly getting rid of Western white Christians.

George Bernard Shaw said, we must create a mongrelized public and get rid of the white Christian population. That is the only way that we would de-Christianize the West. He says that explicitly.

This is the ultimate atheist-Islamic or leftist-Islamic alliance. Muslims, they're not that typically perceptive or intelligent. They don't realize that they're being used as a chess piece on the chessboard.

But all of these people, whether it was Annie Besant of United Nations fame, the stupid witch, or Bertrand Russell, they all said Islam could be a great tool to help us spread Fabian-Socialism. Now, again, this is kind of stupid, but they believed that they could actually convert Islam to a form of socialism. I don't think they will succeed in that, but that was their original mindset.

They said, maybe we could take the idea of Muhammad and sort of craft him into a social justice. I mean, as crazy as it sounds, this is actually the way they thought about it. But whether or not that would be successful in terms of using Muhammad as a figure of socialism, it didn't matter because they were successful in basically bringing down the UK by starting with implementing and importing Islamic scholars who would teach at Oxford and other places, Sufism, and then that eventually turns into the importation of mass amounts of radical Sunnis.

And you might have heard of groups like Antifa, which is anti-fascist. Well, it turns out the original Antifa were actually Fabian-Socialists. All the way up until the third way that was championed by Climate Change destruction of society Ed Miliband, David Miliband, others, and Tony Blair.

So this is back in the 1990s, right? Blair thought that he could run on this platform of social justice. Okay, so even in the 1990s, they were promoting social justice. And that's the modern origin.

I mean, it goes back to Lenin and a long time ago, but the modern origin of when you hear social justice warriors and these people that

think that their job is to destroy Western civilization to create a fair order. No, no, no, that's actually coming from the 1990s era of the Fabian-Socialists and people like Tony Blair.

So again, institutions like the Federal Reserve, the ideology behind the Rothschild Federal Reserve is Woodrow Wilson.

It is Keynesian economics. It is fiat-based currency. And that League of Nations model that HG Wells was so adamant in promoting, even though the League of Nations failed, and even though the United Nations doesn't really have a whole lot of power behind it, those are the models that they want to bring for the future technocracy.

So perhaps the League of Nations fades away and we get some other version. Maybe we get the League of Jerusalem order, right? Something like that. That could be what they push for in the next 20, 30, 40 years.

It could be. But again, it's this super state international model that will be run by tech is this plan. For example, Zbigniew Brzezinski, when he wrote in his 1970, I think 1972 book, Between Two Ages, I have it over here.

Brzezinski's Between Two Ages predicted a future where everybody was run by Skynet, where technocracy invades every area of your life. And we've just seen this week they're talking about the flock cameras that basically surveil everything, can be tapped in to watch you at all times. Everybody's new cars have all the microphones and the cameras all through them.

This is literally what Orwell was promoting in 1984. But it's not just the Orwell sort of heavy-handed top-down model. It's also the brave new world model of society controlled by drugs and sex, because guess what? Aldous Huxley is also in these same circles.

In fact, Julian Huxley wrote The Philosophy of UNESCO, the official dogma of the United Nations. And he said all that stuff that Hitler talked about, we got to rebrand all that. And we Fabian socialists will rebrand that as biometrics and technocracy.

So don't get caught up in, oh, I follow neo-pagan Hitler because he arrested one of the Rothschilds. Yeah, but the same interest funded his rise, J.P. Morgan, et cetera. The Bank for National Settlements was originally the Reichsbank, and that becomes essentially an international clearinghouse for all the same banking families.

Bill Clinton, for example, represented the American version of the Third Way. That's Fabian socialist economic theory. So this is not a UK thing.

This is all of Western society's most powerful institutions have this as their governing ideology. This is the governing ideology of the Council on Foreign Relations, of Bilderberg, and of Trilateral, who was on the Trilateral Steering Committee? Jeffrey Epstein, recruited into that by David Rockefeller to be his legate, his attache. Who else was he the legate and attache for? The Rothschilds.

He says it in multiple emails and letters, or texts, I should say. He says to Peter Thiel, you do recognize I represent the Rothschilds. He says to Arianna de Rothschild, we can move the money when there's a crisis and let the dumb goy have the bags.

They'll be holding the bags. That's the exact same thing the Rothschilds were doing in the 1800s, as we saw from the biography. So when we understand that all the top think tanks that we think of as having all this power, Chatham House, Brookings Institute, Trilateral, Aspen Institute, Atlantic Council, these are all operating on a certain type of ideology.

And even the academics that are recruited into them, do you think academics and people that get PhDs even in international relations, they don't read Carroll Quigley? When I checked out from my university, when I was in grad school, I checked out Tragedy and Hope from my university. You know how many times it had been checked out since it was in the library since the 1970s? Once. You know who the second person to check it out was? You boy, right here.

Nobody checked that book out. Nobody reads these things. Because academia is controlled to funnel you up a compartmentalized structure.

So nobody in academia is going to be reading this kind of a book. Okay? And this is a very academic, scholarly text. It's a critical text, meaning that it's critical of the establishment and its ideology.

But what I'm trying to tell you is that the information that you're getting from myself and these books, which are this whole giant shelf back here behind me, the whole thing, is almost all elite books. Their own books. I mean, some of these are conspiracy texts, but this is literally just all, I'd say 90% of this shelf, is their stuff.

This one too, by the way. Do you think that people in international relations and grad school are reading all of these? They might be reading a couple of these. They're not reading Brzezinski and Toffler and Kissinger and Rockefeller and Jacques Attali and H.G. Wells.

They're not reading all this stuff. And the CIA guys, Miles Copeland, etc. They're not reading Moses Hess.

They're not reading the Rothschild biographies. They're focusing on niche areas. And then when they get up to a certain level, when you get recruited into Jeffrey Epstein-level stuff, that's when you start to have a knowledge of the things that we're talking about.

That's why it's not a conspiracy theory. All the stuff that we talked about in these fourth hours from these elite texts over the last six years is literally all the stuff that Epstein was talking about in his emails and text messages. He's talking about two Larry Summers explaining him how the Vatican Bank works.

Well, we've been covering the Vatican Bank for 10 years if we're covering Vatican spies right now. I've got like five books on the Vatican Bank. We've been covering those forever.

And you've got Jeffrey Epstein explaining, no, Larry, it's a secret bank.

Bankers run the world.

Chapter 8: Wewelsburg, Thule Society, Ahnenerbe, and the Nazi Mystery Cult Revival

Elite Atlantis-Phoenician Empire Black Nobility bloodlines deliberately revive mystery cults, pagan inversion, and occult rituals to produce psychopathic warriors for the vampiric spiritual energy loosh farm.

The Nazi occult machinery was not a bizarre footnote in history. It was the 20th-century expression of the same Atlantis-Phoenician Black Nobility project that has engineered genetic and spiritual degeneration for millennia.

Thule Society initiation, Wewelsburg rituals, Ahnenerbe expeditions, and later revivals by figures like Michael Aquino reveal a conscious effort to restore pre-Christian paganism, invert morality, and create vessels for Archonic control.

Carl Jung's influence provided the psychological framework, ensuring continuity into the postwar era.

Thule Society and Hitler's Initiation into the "Secret Doctrine"

Adolf Hitler was not a Christian. He was an satanic occultist initiated into "The Secret Doctrine" by his personal guru **Dietrich Eckart**, a leading figure in the **Thule Society**.

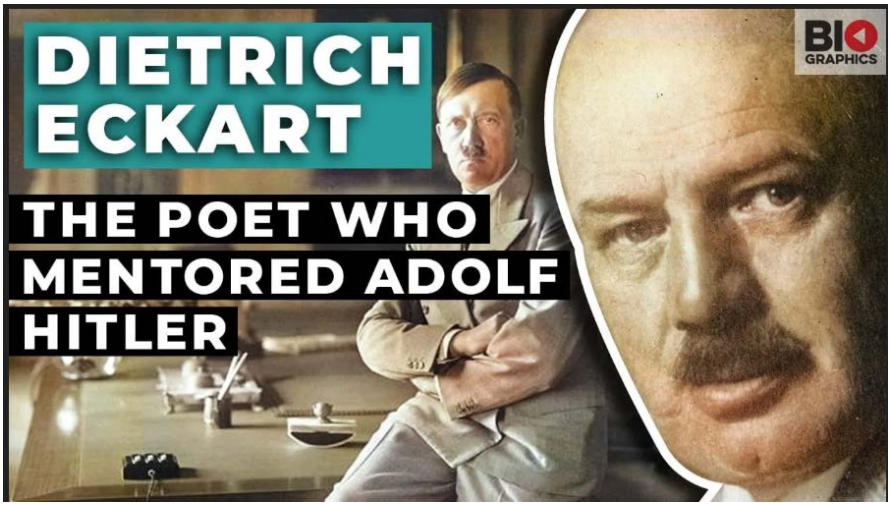
At a 1923 Thule meeting, Eckart boasted: "Follow Hitler. He will dance, but it is I who have called the tune! I have initiated him into the 'Secret Doctrine,' opened his centers in vision and given him the means to communicate with the Powers."

The Thule Society believed in a mythical Thule as the magic center of a vanished Aryan civilization. Members held that not all secrets of Thule had perished.

Himmler's Wewelsburg — SS Grail Knight center and Black Sun ritual site representing the sodomite anus.

Intermediate Demonic beings from “Beyond” in the private universes in the chakras above the head would grant initiates supernatural forces to dominate the world.

This cosmology blended Theosophy, Mithraism, and Wotan worship — the same inversion currents flowing through Ascona and Eranos.



Dietrich Eckart — Thule Society leader who initiated Hitler into the ‘Secret Doctrine

In *Mein Kampf*, Hitler honored Eckart as the man who “devoted his life to reawakening his and our people.”

Himmler’s Wewelsburg Castle – The SS Grail Knight Center

Heinrich Himmler took a 100-year lease on Wewelsburg Castle in 1934 and transformed it into the spiritual headquarters of the SS — the “Center of the World.” Modelled on King Arthur’s Round Table and Templar mysticism, Wewelsburg featured Black Sun symbolism (a sun wheel with 12 runes), eternal flames, and chambers named “The Grail” and “King Arthur.” SS “knights” performed rituals here, believing themselves reincarnations of ancient Germanic heroes.

The castle's North Tower "Hall of the Dead" was designed as a ceremonial space for elite initiates. Himmler envisioned it as the site where fallen SS officers would be interred for eternity.

This was not mere pagan pageantry. It was conscious revival of mystery cult practices — Mithraic degrees, Grail quests, and satanic sodomite ritual inversion — designed to create psychopathic warriors devoid of Christian morality.

Ahnenerbe Expeditions – Global Search for Occult Power

Otto Rahn's Lucifer's Court — Cathar Luciferianism as Nazi Grail quest

Himmler's **Ahnenerbe** (Ancestral Heritage Research and Teaching Society) deployed vast resources to recover "Aryan" occult knowledge:

- **Tibet expeditions** (led by Ernst Schäfer): Skull measurements, occult rites, Yeti hunts, and mapping of sexual/ritual practices in esoteric Tibetan Buddhism.

- **Antarctica** (1938–1939): Search for hollow earth entrances and lost Aryan colonies.
- **South America**: Pursuit of Atlantis remnants in the Andes.
- **Holy Grail and Ark hunts**: Obsession with Solomon's Temple and Cathar strongholds.

Otto Rahn, Himmler's Grail searcher, wrote *Lucifer's Court* praising Cathar Luciferianism as "pure" Christianity destroyed by the Church.

Rahn identified Lucifer as the true light-bearer, inverting Christian theology in classic Gnostic style.

Nazi Bible Rewrites and Anti-Christian Paganism

The Nazis did not hide their hatred of Christianity.

Hitler called it a "Jewish poison" and planned to tear it up "root and branch."

The regime produced the **Reichs Bible**, removing "Thou shalt not kill" and "Thou shalt not steal," adding "Honor your Führer," and rewriting Jesus as the son of a Roman soldier.

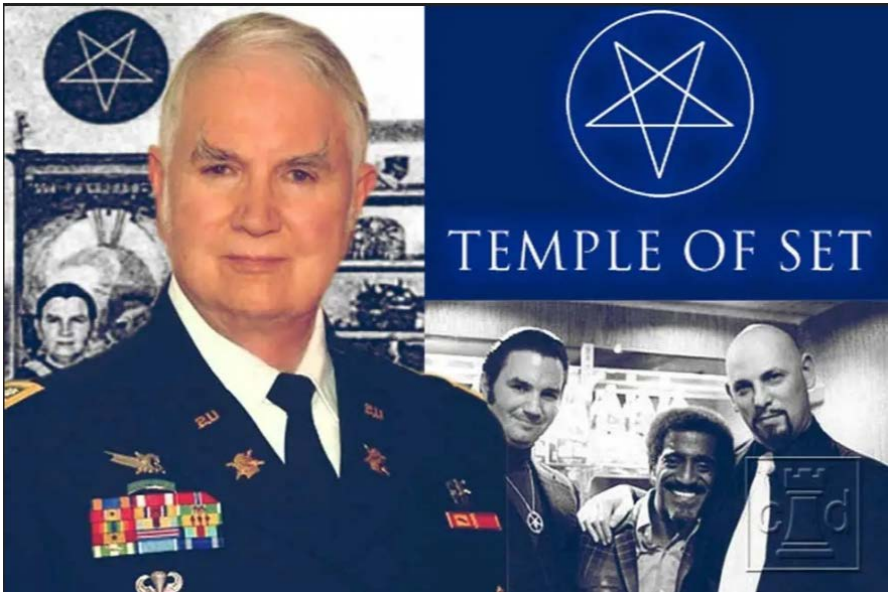
Pagan Wotan worship and Mithraic symbolism replaced Christian ethics. This was conscious satanic inversion — replacing the God of morality with amoral power and ritual.

Michael Aquino's Later Wewelsburg Rituals and Temple of Set Revival

The Nazi occult project did not end in 1945. It was absorbed and revived. **Michael Aquino** (Temple of Set founder, U.S. Army psychological warfare specialist tied to MKUltra circles) performed rituals at Wewelsburg in the 1980s.

He believed himself Crowley's reincarnation and a new dark messiah of the Aeon of Set.

Aquino adopted inverted pentagrams, “666” tattoos, and SS-inspired structures. His work revived Mithraic/Abraxas inversion within modern military/intelligence occultism, continuing the conscious psychopathy of the Nazi mystery cults.



Michael Aquino’s Wewelsburg rituals — reviving Nazi mystery cults in the modern era.

Jung’s Influence on Nazi Psychotherapy and Continuity

Carl Jung served as President of the International General Medical Society for Psychotherapy (1933–1939) under Matthias Göring. His racial psychology (German/Aryan unconscious superior to Jewish) influenced Nazi-approved therapy.

Jung’s ideas on archetypes, shadow integration, and Gnostic revival provided the psychological foundation for the broader occult project.

His Eranos Conferences in Ascona ensured continuity into the postwar New Age movement, Esalen, and the Soma Revolution.

The Vampiric Spiritual Energy Loosh Farm Connection

The Nazi mystery cult revival was never defeated. It was internationalized.

Wewelsburg rituals, Thule cosmology, and Ahnenerbe quests were designed to create psychopathic warriors and open doorways to Archonic influence.

Damaged genomes and occult practices weaken spiritual barriers, generating maximum loosh through fear, ritual, and suffering. The **vampiric spiritual energy loosh farm** thrives on this engineered degeneration.

The Black Nobility's project continues today through revived mystery cults, psychedelic Soma revolutions, and intelligence-backed occultism.

The genome does not lie. The Nazi occult machinery, forged in the same Atlantis-Phoenician roots, produced exactly the conscienceless predators needed for pathocracy.

But it is not too late.

Energy Enhancement Meditation provides the counter-weapon: grounding negativity, removing blockages and implants, restoring Soul-Infused Personality. This purifies epigenetic scars, closes demonic doorways, and rebuilds sovereignty against the mystery cults' inversion.

The Wewelsburg revival proves the danger. The time to reject it is now — before the frozen genome and occult degeneration lock humanity forever into the psychopaths' engineered hell.

Chapter 9: Crowley, Jung, Huxley, and Intelligence Networks of Gnostic-Luciferian Chemical Warfare

Elite Atlantis-Phoenician Empire Black Nobility bloodlines deliberately use occult networks, intelligence agencies, MI6, CIA, MOSSAD and chemical warfare to produce psychopathic control systems for the vampiric spiritual energy loosh farm.

The convergence of Aleister Crowley, Carl Jung, and Aldous Huxley was not coincidence. It was a deliberate synthesis of Gnostic-Luciferian inversion, occult ritual, and chemical sabotage orchestrated through intelligence networks to degrade humanity's genome, mind, and soul. This Gnostic-Luciferian chemical warfare — soma for the masses, shadow integration without morality, and ritual inversion — serves one purpose: opening doorways to Archonic influence while harvesting maximum loosh from a fragmented, addicted, and spiritually broken population.

The Crowley-Huxley Berlin Link – Occult Initiation into Chemical Inversion

In 1930–1932, while **Aleister Crowley** (the self-proclaimed "Great Beast 666," notorious Satanist, and alleged intelligence asset with documented ties to British networks) resided in Berlin, he socialized with Aldous Huxley. Biographical records and Crowley's circles confirm they spent time together, with some accounts stating Crowley introduced or shared **mescaline** experiences. This encounter linked Huxley directly to Crowley's sex magick, ritual inversion, and drug occultism — the same current flowing through Ascona's radical sexual liberation and pagan revival.

Huxley did not stop at personal experimentation. He became a central figure in promoting hallucinogens as tools for "consciousness expansion." His work provided intellectual cover for the broader **drug invasion of America** in the 1950s–1960s. British rock bands of the Invasion era amplified this chemical assault, turning youth into soma-addled drones.

British Rock Invasion as vector for soma-style chemical pacification

Drugs as weapons of war: mass dissemination destroys the moral and psychological backbone of societies — inducing passivity, addiction, family breakdown, and spiritual disconnection — making populations ripe for takeover, control, and eventual genocide or replacement.

MKUltra Ties and the Intelligence Networks Behind the Chemical Assault

Huxley's activities intersected with the CIA's notorious **MKUltra** mind-control program (and its predecessors), which heavily researched LSD and other psychedelics for interrogation, behavioral modification, and societal disruption. While Huxley was not a direct CIA employee, his writings, experiments, and promotion of these substances fed into the ecosystem that MKUltra exploited.

Henry Murray (Jung admirer and disciple) ran Harvard psilocybin experiments tied to these circles, overlapping with **Timothy Leary**. Leary, recruited by Huxley, openly credited intelligence networks for launching the counterculture.

Esalen Institute (founded by Huxley followers Richard Price and Michael Murphy) continued the Eranos project of synthesizing psychedelics, human potential, and neo-pagan revival — all under the umbrella of intelligence-influenced cultural engineering. Jung's Gnostic revival provided the psychological foundation. Crowley's Thelema supplied the ritual inversion. Huxley's soma provided the chemical delivery system. The result was a deliberate Gnostic-Luciferian chemical warfare program targeting the masses while protecting elite bloodlines.

Gnostic Inversion (Abraxas, Coincidentia Oppositorum) as Core Ideology

At the heart of this network was **Gnostic inversion**. Carl Jung's *Seven Sermons to the Dead* and fixation on **Abraxas** — the god beyond good and evil who unites all opposites (life/death, light/darkness, creation/destruction) — provided the template. Abraxas is "terrible," speaking hallowed and accursed words simultaneously. This is pure Luciferianism: the Biblical God (Adonay) as evil demiurge (Yaldabaoth/Samael), while the true "God" is amoral, multi-sexual, beyond morality. Jung promoted fusion of opposites ("coincidentia oppositorum") as salvation — liberating the initiate from Christian "tyranny of reason" into shadow integration without restraint ("Do What Thou Wilt").

This ideology flowed through Crowley's Thelema, Huxley's chemical evangelism, and into modern counterculture. The British Invasion, MKUltra, and Esalen were vectors for mass dissemination. The goal was never enlightenment. It was fragmentation — weakening souls to generate maximum loosh while opening doorways to Archonic and demonic possession.

Abraxas — Jung's god beyond good and evil at the heart of Gnostic inversion.

Synergy with Carcinogens and mRNA for Mutational/Epigenetic Damage

The chemical warfare does not stop at psychedelics. Environmental carcinogens assault DNA with adducts, strand breaks, and oxidative lesions. Alleged modified-RNA interventions accelerate mutational load.

The synergy with inbreeding and Gnostic drug practices is lethal: a frozen, fault-laden gene pool creates entire populations predisposed to neurological weakness, chronic inflammation, infertility, and spiritual disconnection.

Damaged prefrontal cortex, amygdala, and pineal function open doorways to full demonic possession. The **vampiric spiritual energy loosh farm** thrives on this engineered degeneration.

The Urgent Warning

Crowley, Jung, and Huxley were archetypal genetic psychopaths advancing the Atlantis-Phoenician Black Nobility's 10,000-year project: degrade the masses' genome and spirit while consolidating power for the inbred few.

Their Gnostic-Luciferian chemical warfare — soma for the masses, shadow integration without morality, ritual inversion — is now unfolding through revived mystery cults, psychedelic Soma revolutions, and intelligence-backed occultism.

The genome does not lie. The Black Nobility's multi-millennial project has produced exactly the conscienceless predators needed for pathocracy. The spice — their oil, power, ritual fuel, and loosh supply — flows from our suffering.

But it is not too late.

Energy Enhancement Meditation provides the counter-weapon: grounding negativity, removing blockages and implants, restoring Soul-Infused Personality. This purifies epigenetic scars, closes demonic doorways, and rebuilds sovereignty against the Gnostic-Luciferian chemical assault.

The Crowley-Jung-Huxley network proves the danger. The time to reject their vision is now — before the frozen genome and chemical pacification lock humanity forever into the psychopaths' engineered hell.

Revenge of the Mystery Cults: Carl Jung and Nazi Occultism

A Sneak Peak from the upcoming book 'Revenge of the Mystery Cults'

"Woe unto them that call evil good, and good evil; that put darkness for light, and light for darkness; that put bitter for sweet, and sweet for bitter!"

-Isaiah 5:20

As I laid out in Carl Jung's Gnostic Revival, Abraxas, and the 20th Century Cult of Mithra and as I will be laying out in even greater detail in the upcoming trilogy 'Reveng of the Mystery Cults', the Germany psychologist Carl Jung is not what you thought he was. Additionally, the entire Nazi occult machinery that he served while president of Germany's Medical Society for Psychotherapy is also not what you thought it was.

Since fools who don't know their history are being nudged to embrace a new Nazi revivalism (ie: Mystical ultra conservative technocracy) in response to the radical extremes of liberal woke technocracy (via such films as Europa, and Stew Peters' new pro-Nazi film Occupied), a re-appreciation of the true nature of Jung's life mission and the occult underpinnings of

National Socialism- although challenging, will be of extremely high value.

An Embarrassing Fact

Although embarrassing to modern Jungians, the fact is that Carl Jung was also racist who developed a 1934 treatise on the absolute divide separating the German/Aryan from Jewish psyches which greatly influenced the formation of the emergent Nazi Party.

In the 1934 article *The State of Psychotherapy Today*, Jung states:

> "The differences which actually do exist between Germanic and Jewish psychology and which have long been apparent to intelligent people shall no longer be glossed over... The Jewish race as a whole possesses an unconscious which can be compared with the Aryan only with reserve. Creative individuals apart, the average Jew is far too conscious and differentiated to go about pregnant with the tensions of unborn futures. The Aryan unconscious has a higher potential than the Jewish; that is both the advantage and

> the disadvantage of a youthfulness not yet fully weaned off barbarism... The Jew, who is something of a nomad, has never yet created a cultural form of his own and as far as we can see never will."

Jung's thinking even inspired Herman Göring and his cousin Matthias Göring, who took control of the field of psychology in Germany under his Göring Institute and the International General Medical Society for Psychotherapy which Jung served as President from 1933 until 1939[1].

Historian Saul Singer Writes in *Carl Jung: Kabbalist And Anti-Semite?:*

> "In 1933, shortly after the Nazi rise to power, Jung accepted the presidency of the German General Medical Society for Psychotherapy. In the December 1933 issue the Zentralblatt, the Society's journal, an editorial was published praising Nazi ideology, mandating that every practicing psychotherapist adopt Hitler's Mein Kampf as a basic reference, and presenting Jung's theories of archetypal cultural patterns to justify the superiority of the Aryan race. Though Jung claimed that this editorial had been run without his permission by Matthias Göring, the leader of organized psychotherapy in Nazi Germany (and a cousin of Hermann Göring), he never published a subsequent editorial repudiating the first; nor did he ever disassociate the Society – or himself – from this rank anti-Semitism or he resign his position in protest."[2]

Jung even famously defended the notion that Hitler was a sort of incarnation or Avatar of Wotan, and described the Fuhrer's lack of free will in leading Nazi Germany, since the leader was quite literally possessed by the "collective unconscious of his race". Jung writes:

> "Hitler is a spiritual vessel, a demi-divinity; even better, a myth. Benito Mussolini is a man." Jung, explained Goodrick-Clarke, likened Hitler to Mohammed, the

> messiah of Germany who teaches the virtue of the sword. “His voice is that of at least 78 million Germans. He must shout, even in private conversation... The voice he hears is that of the collective unconscious of his race.”[3]

It is here that the logic of leading philosopher of Nazi Germany Martin Heidegger followed Jung’s analysis in forming his theory of ‘thrownness’- which essentially proposed that all individuals cannot be held accountable for their decisions in life since they are ‘thrown’ against their will into the world and are thus entirely shaped by the social archetypes and norms of behavior prevalent in each age, and each ethnic race.

Perhaps it is also no surprise that Martin Heidegger was also an Eranos Conference lecturer where the nihilistic philosopher blended in with Theosophic spiritualists and occultists.

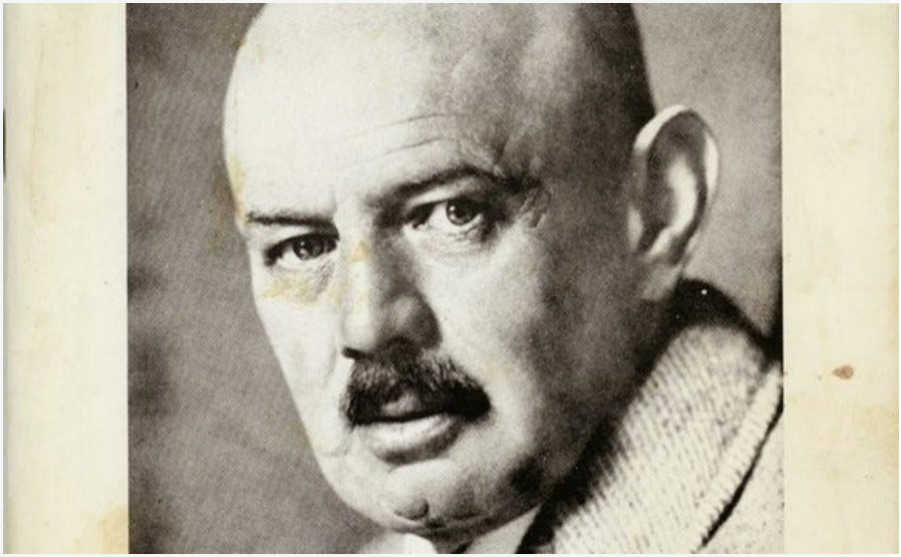
Thule Society Occultism in Germany

It should be noted that Adolf Hitler was himself an occultist having been initiated into ‘The Secret Doctrines’ by his personal guru Dietrich Eckart, who wrote of his young initiate at a 1923 meeting of the Thule Society:

> "Follow Hitler. He will dance, but it is I who have called the tune! I have initiated him into the 'Secret Doctrine;' opened his centers in vision and given him the means to communicate with the Powers. Do not mourn for me: I shall have influenced history more than any German."[4]

In the final chapter of Mein Kampf, Hitler wrote of his mentor:

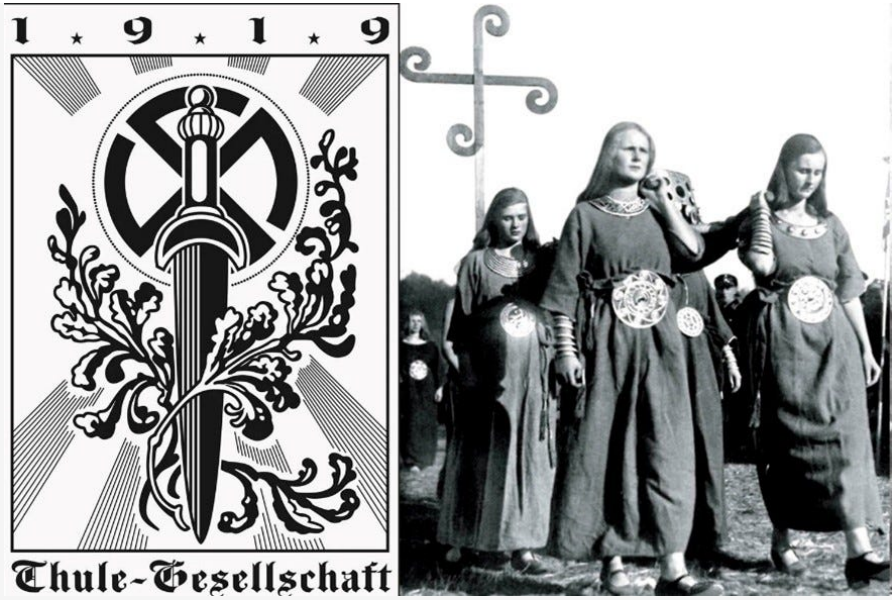
> “I should like to mention the name of a man who devoted his life to reawakening his and our people, through his writing and his ideas and finally through positive action. I mean: Dietrich Eckart.”



Caption: Thule Society Leader and Hitler's Guru: Dietrich Eckart

Describing the mythical 'Thule Society' led by Eckart-- which was a focal point in the religion shared by all members of the Nazi high command, researchers Louis Pawels and Jacques Bergier note Eckhart's influence in *The Morning of the Magicians (1960)* where they write:

> "Thule was thought to have been the magic centre of a vanished civilisation. Eckardt [sic] and his friends believed that not all the secrets of Thule had perished. Beings intermediate between Man and other intelligent beings from Beyond, would place at the disposal of the Initiates [i.e. the members of the Thule Society] a reservoir of forces which could be drawn on to enable Germany to dominate the world ... [its] leaders would be men who knew everything, deriving their strength from the very fountain-head of energy and guided by the Great Ones of the Ancient World."

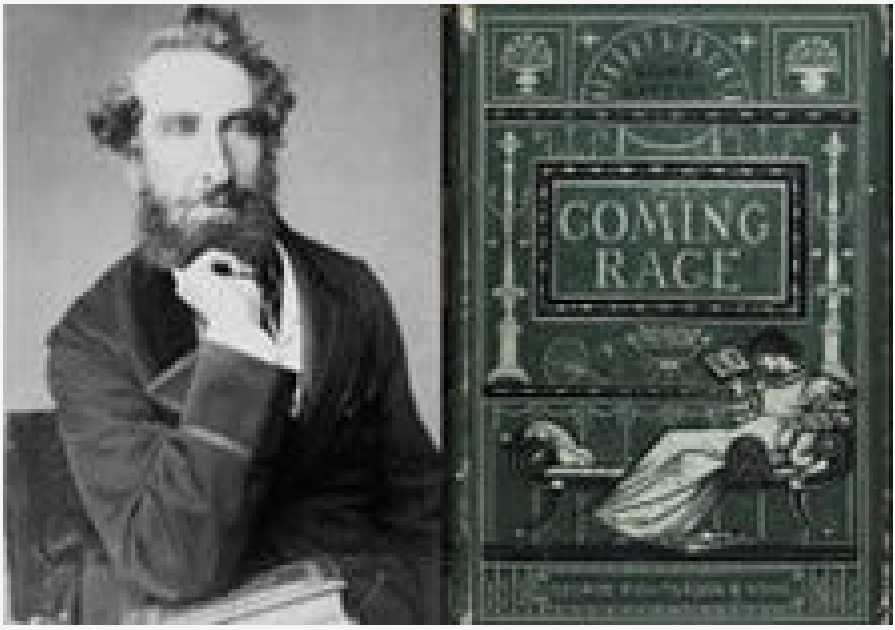


This cosmology of 'The Secret Doctrine', and supernatural beings 'from Beyond' who assist initiates to dominate the world is pure Theosophy (modified to the German psyche in this case). Among the practices of the Thule Society was the belief in a mystical fluid named 'Vril' which derived its name from a British fictional novel written by Rosicrucian high priest Sir Edward Bulwer Lytton dubbed 'The Coming Race'.

According to Nazi occultists and the earlier followers of Blavatsky who spawned 21st century fascism, Bulwer-Lytton's fantasy novel of an ancient race of superbeings living within the hollow earth telepathically commanding human-like robots while preparing to invade the lesser evolved surface race of man, was a living gospel.

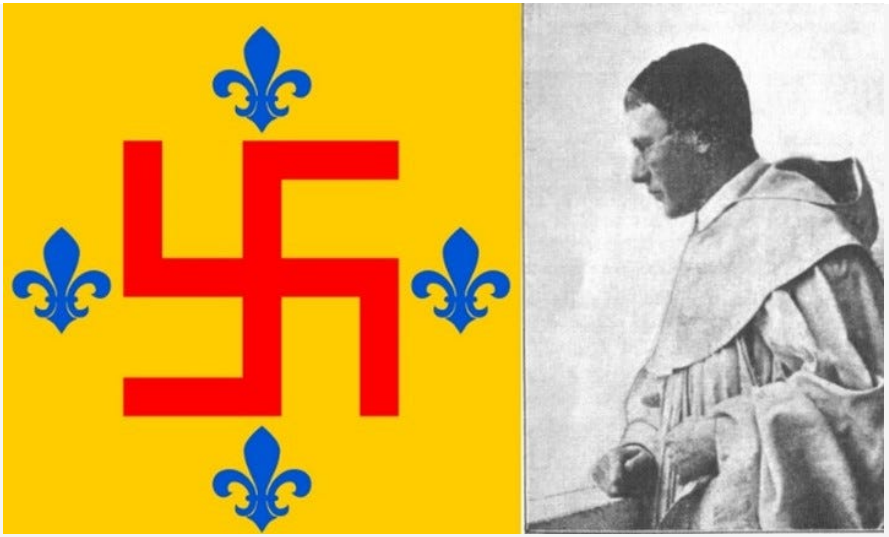
The Thule Society members strove to practice the magical workings developed by Bulwer-Lytton's Rosicrucian followers and organized a network of witches endowed with powers to channel demonic messages for their Aryan Warlock handlers amidst heavy doses of sexual rites, orgies, sacrifices, and drugs.

Eckart's Thule Society was a major influence on the leading strata of Nazi high command that took control of Germany in 1933, which included Heinrich Himmler, the chief of the New Templar Order.



The New Templars at Wewelsburg Castle

New Templars of Germany had been closely associated with Aleister Crowley, and Dr Franz Hartmann- (head of the German Theosophical Society), and both regular attendee of Monte Verita. The Order was officially created in 1907 by a follower of Theosophy named Lanz von Liebenfels who also created the occult journal Ostara which found an enthusiastic subscriber in a young Adolf Hitler.



A young Lanz von Liebenfels in Cistercian garb alongside the logo for the New Templar Cult which he created in 1907
Liebenfels and his Ostara journal popularized Blavatsky's Theosophical cosmology, and racist spiritual eugenics to a German audience which essentially emphasized the Nordic Wotan pagan ethos instead of the primacy of the Indian cosmology promoted by the Theosophists. The organization which Liebenfels created alongside Otto von List (both followers and close associates of German Theosophy chief Dr. Franz Hartmann) was named 'The Ariosophists' and still featured eastern symbology including the Swastika alongside an array of Druidic runes.

Liebenfels had himself been a Cistercian monk, and founded his New Templar Order on Cistercian principles (much like the original Templars that had been constituted by Cistercian grand strategist Bernard de Clairvaux in the early 12th century).

The first headquarters of the Order were established by Liebenfels in Werfenstein Castle which featured decorations to Hugues de Payens, the first Grand Master of the Templars.

Jorg Lanz von Liebenfels (1874-1954)

In 1934, Heinrich Himmler took a 100-year lease on the dilapidated Wewelsburg Castle and renovated the structure to become the center of the new world Reich. With swastikas and pagan symbolism embedded throughout the castle, Himmler made it the headquarters of his New Templar high initiates before and during World War Two. On the floor of a central tower, Himmler commissioned a marble Black Sun symbol.

Wewelsburg Castle. On the right is the "Obergruppenfuhrer Hall". A black sun is depicted in the center of the hall. Schwarze Sonne or the Central Sun (German: Zentral Sonne) is an esoteric occult symbol. The concept of the Black Sun was introduced by Blavatsky in The Secret Doctrine. It appears as the invisible center of the universe, the cause and origin of all existence, what the Gnostics called the " creative light." In Blavatsky, the concept of "black light" is attributed exclusively to the secret Aryan teaching, which was brought from the far North. Blavatsky associated the cult rites of this "central sun" with the legendary ancient people who allegedly lived beyond the Arctic circle

BP Perry writes in '*The Nazi Castle Designed to be the Center of the World*':

> "Himmler's plans for Wewelsburg expanded as the years went by. He envisaged a huge complex of buildings with the castle at its centre. This was to be called the 'Centre of the World' and it would be where the victorious Nazis would rule over their vast empire having won the war. The castle

The Crypt (left: the ceiling adorned by a swastika and right: the flooring) is Himmler's version of King Arthur's round table.

would not just be a research and brainwashing centre but also become a place where high-ranking SS 'knights' could gather to perform occult rituals and where the remains of fallen SS officers would be interred for all eternity."

In '*The Wewelsburg Effect*' Oded Heilbronner writes:

> "The Wewelsburg began to take center stage as the secret inauguration center for the rituals of the SS, where the highest initiates met on the lines of the Arthurian knights. It was "the magical and spiritual centre of the Order, the magical centre of the new Thule (Society), . . . the nerve centre of the Black Order, where its most sacred and secret rites were performed by its greatest initiates," and a laboratory from which the corpus of the Germanic god-people would arise."

Being obsessed with the Grail Myths of Parsival, and King Arthur's Round table, Himmler modelled his inner SS priesthood around the twelve Arthurian knights who would meet in a circular chamber known as 'The Crypt' around an eternal flame. Two of the chambers in the castle were named 'The Grail' and 'King Arthur',

By 1935, Himmler had taken full control of all branches of Nazi science through the creation of the Ahnenerbe (the Ancestral Heritage Research and Teaching Society) which he led until the end of the war. This agency would reorganize all fields of science with a focus on anthropology, geology, agronomy and archaeology around a pagan/Nazi approved filter.

With nearly unlimited resources at his disposal, Himmler deployed teams of anthropologists to find the origins of the Aryan root race in Tibet with SS officer Ernst Schaffer illegally sneaking into Tibet, befriending the Dalai Lama, and rigorously measuring the skulls of Tibetans. Schaffer's team was also tasked with mapping out sexual practices, occult rites of esoteric Tibetan Buddhism, and rituals of the priests, including the use of human skin for decorative furniture. He was also assigned with the task of tracking down the mythical Yeti.

Himmler also assigned teams to seek the entrance to the hollow earth in Antarctica, and the supposed colonies of Atlantis in the South American Andes.

Being a romantic Grail Knight and follower of the Templars who were devoted to excavating the site of Solomon's Temple, Himmler allocated vast resources to the discovery of the Holy Grail which Jesus drank from at the last supper which promised eternal life to whomever drank from it. Himmler hired fellow Wagner enthusiast Otto Rahn to lead the expedition. Like the Freemasonic Quatuor Coronati Research Lodge of Sir Charles Warren and King Edward VII, Himmler was also devoted to finding the Lost Arc under Solomon's Temple.[5]

Otto Rahn and the Gnostic Grail

Upon returning from one of his excavations in Palestine which included an earlier search of the Cathar Knight Castle of Montsegur, Rahn composed a report for Himmler and the New Templars titled 'Lucifer's Court'. This report identified the Cathars as a 'pure' Christian sect which practiced Luciferianism before being wiped out by the Catholic Church during the Albegensian Crusade of 1209.

Rahn writes:

> "The ancient god of love is also the lord of Spring as personified in the Greek myth of Apollo, who brought back the light from the sun, he is a light-bearer, or 'Lucifer'. According to the Apocalypse of John, Apollo was identified with the Devil... There is much more light in the world than in the houses of God- cathedrals and churches- where Lucifer is neither able nor desirous of entering because of the sombre stained-glass windows on which the Jewish prophets and apostles, the Roman [catholic] gods and saints are depicted."[6]

Undoing the Damage of Charlemagne

Another leading figure in Himmler's Ahnenerbe was Volkish archeologist Wilhelm Teudt who explicitly identified the figure of the Frankish King Charlemagne as the cause of Germany's loss of their pure pagan spirit. In his 1929 'Ancient German Sanctuaries', Teudt writes:

> "We have to unlearn our belief that the Roman Church under the Frankish Emperor Charles [Charlemagne] brought civilization to the barbaric tribes of Germany. The old picture of our ancestors; primitive and incomprehensible customs, stunted, defiant and wild figures, ragged, scanty clothing of badly worked skins... gives way to familiar solemn behavior, the well-cared-for appearance of people at a fete, in elegant, properly made outfits, including well-tailored linen, woollen and hempen cloth. Sumptuous furs, rich jewelry of gold, silver, amber and bronze. Lively, expressive melodious singing from which our best and most familiar folk songs come down to us, accompanied by technically-accomplished, sweet sounding instruments."[7]

Reading Teudt's words nearly makes one forget entirely about the raping, pillaging, and mass human sacrifices prevalent among Wotan worshipping 8th century vikings.

Keep it mind that it was under Charlemagne, that the greatest development of Augustinian Platonic statecraft emerged with a renaissance dynamic of diplomatic win-win cooperation between Islamic, Jewish, Christian and Confucian kingdoms of the 8-9th century as I outlined in Why the Jews of Khazaria, the Himyarites and GokTurk Empire are Keys to Universal History.

Zionism as the Foundation of a New Order

During his time managing the Ahnenerbe, Himmler interfaced closely with Adolf Eichmann, chief minister responsible for ‘Jewish Affairs’ that oversaw the creation of the Ghetto system in Germany. Eichmann also participated in the signing of the Haavara Agreement in 1933 with the British Empire establishing Nazi support for the transfer of Jews to British-Mandate Palestine in preparation for the creation of a Jewish state. The 1933 commemorative coin minted by Nazi Germany below celebrated that agreement.

The Jewish Virtual Library notes that:

> "The Haavara transfer was a major factor in making possible the immigration of approximately 60,000 German Jews to Palestine in the years 1933–1939, and together with the money invested by the immigrants themselves, in providing an incentive for the expansion of agricultural settlement and for general economic development. It also served as a model for a similar arrangement with the Czech government and the immigration of several thousand Jews on the eve of World War II." [8]

Before his execution, Life Magazine interviewed Adolf Eichmann (who had learned Hebrew in order to study the Kaballah) about his relationship with Zionism. Eichmann stated:

> ""[H]ad I been a Jew, I would have been a fanatical Zionist. I could not imagine being anything else. In fact, I would have been the most ardent Zionist imaginable".[9]

Adolf Eichmann. Note the death's head skull/cross bones. Since medieval times, this has been a symbol of the Templars which was revived under Himmler

As the war was drawing to a close, Himmler gave orders to demolish Wewelsburg Castle which occurred days before allied forces could capture it, burying many of its dark secrets. However, no time was lost reconstructing the castle (including much of its occult architecture and iconography) using Marshall Plan funding and by 1950, it was turned into a museum, and largest boys home in Germany.

Strangely, many occult symbols, and chambers were reconstructed and the castle continued to serve as an occult

center with satanic rituals performed to this day. Whether or not the presence of thousands of young boys without families located in one convenient location has played into these occult rituals or not has not been addressed properly to this author's knowledge.

One of the most important satanists to make Wewelsburg the center of their occult Nazi revival was named Michael Aquino.

Michael Aquino: Reincarnation of Aleister Crowley

Michael Aquino was initiated into a Satanic California coven led by Anton Levay in the early days of the Vietnam War, and in 1968 found himself employed in Operation Phoenix directly under the command of Psychological Warfare specialist Edward Lansdale where Aquino helped oversee the assassinations of over 40,000 civilians whose existence supposedly aided the Vietcong. Operation Phoenix specialized in psychological warfare, torture, terror and mass murder, innovating the now-infamous philosophy of "burning the village to save the village".

Researcher Anthony Forwood writes:

> *"This murderous psyop program had the effect of creating legions of cold-blooded psychopathic killers who would return home to the USA as completely different people than when they left. Many of them would become involved in satanism during or after their involvement in the Phoenix Program. And Michael Aquino was there to lead them into it. Soon after these killers started coming home, there began a steady rise in horrific serial murders with satanic undertones that centered around the southern California area (where Michael Aquino has always lived)."* ***[10]***

In 1966, Aquino had joined Anton Levay's Church of Satan but after his return from Vietnam experienced a mystical experience. During the Summer Solstice of June 21, 1975, Aquino conducted a 'magical working' and explained in his

book ‘The Coming forth by Night’ that Satan appeared to him disguised as Set and called forth the Aeon of Set. Satan explained to Aquino that this Aeon had begun in 1904 during Aleister Crowley’s infamous ‘magical working’ in Cairo when Satan appeared in the form of Aiwass.

This would be the age of indulgence which Crowley called ‘The Age of Horus’ that would then give rise to ‘the age of enlightenment’ which Aquino asserted was ‘The Age of Set’.

In Egyptian mythology, Set was the third of five original deities who represented chaos, violence, destruction and confusion. Set was the first murderer who, in jealously of his older brother Osiris, murdered the King, and sought to kill his son Horus.

In second century Gnostic literature popularized by Carl Jung and his Eranos followers, the character Set is rebranded into the deity that animated Sodom and Gamora with vital energy and which incarnated into a very dark and mysterious version of Jesus whose mission was to liberate his disciples from the shackles of the evil material world. Such initiates would become deified as individualized beings free to ‘do what thou wilt’ as the whole of the law.[11]

After his mystical experience, Aquino became convinced that he was the new dark messiah of the New Age and also believed himself to be the reincarnation of Crowley. Upon accepting this mission from Satan, Aquino cut his hair into a widow’s peak, tattooed ‘666’ under his scalp, and groomed his eyebrows in homage to a photo of Aleister Crowley.

He also instituted the inverted pentagon as his group’s symbol and inaugurated the Temple of Set as a breakaway group taking 28 members of Levay’s Church of Satan along with him as founding priests. Aquino additionally adopted degrees modelled on the Hermetic Order of the Golden Dawn and took the title of Ipssimus with his personal sacred witch Lilith Sinclair who served as the cult’s high priestess. When asked to

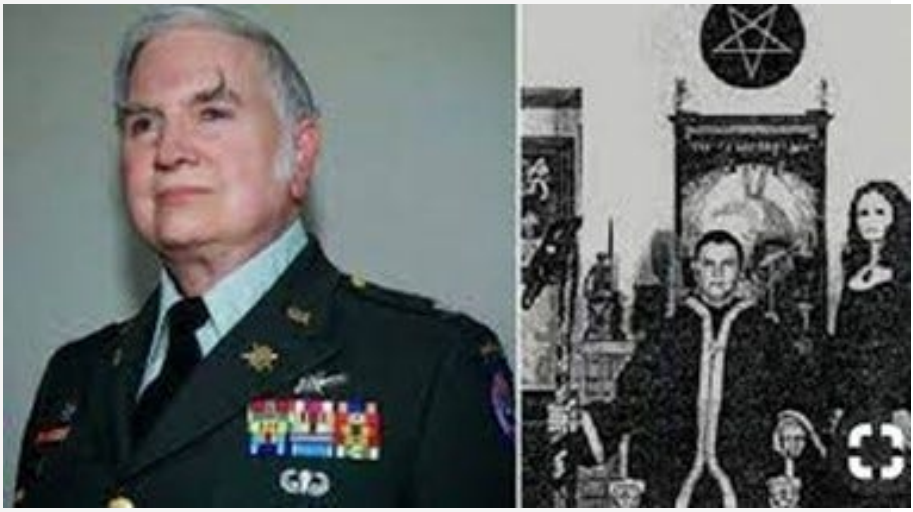
describe the god he worships by Oprah Winfrey in 1988, Aquino answered: "*We are not servants of some God; we are our own gods.*"

In 1982, Michael Aquino (then Major of the US Army, and overseer of the 'revolution in military affairs') wrote of his own practice of dark rituals in Himmler's Wewelsburg Castle in an essay titled: 'The Wewelsburg Working':

> "Date/Time: October 19, XVII/3:00-4:30 pm. Location: Hall of the Dead/ 'Walhalla', North Tower, Wewelsburg Castle, Germany Key: 19th Part of the Word of Set, Aethyr Lil... As the Wewelsburg was conceived by Heinrich Himmler to be the 'Mittelpunkt der Welt' [Middlepoint of the world] and as the focus of the Hall of the Dead was to be the Gate of that Center, to summon the Powers of Darkness at their most powerful locus.
>
> What emerged from this working was not a written text, such as the Book of Coming Forth by Night or the Word of Set, but rather a twofold sensation: first the suction-like impression of the inflow of certain realizations and kinds of knowledge... which seemed to have 'remained dormant' pending an 'activating' Working of this sort. Second, an extended 'reverberation' or echoing of the focus of this Working within the Walhalla, culminating in its sending-forth into the material world.
>
> The Central features of the various principal occultisms of the 19th and 20th centuries CE ran through my consciousness almost as a pageant. I understood the object of this to be an exposure of contrasts, inaccuracies and inconsistencies- a vast, spiraling dialectic designed to clear away the debris of sectarianism and superficiality in the search for the key principles of the true Powers of Darkness."

Occult writer Peter Levenda writes of Aquino's inauguration of a 'Satanic Renaissance' at Wewelsburg:

> "[Aquino] visited Wewelsburg in the early eighties and was duly impressed by Himmler's occult fantasy, some of which was still intact. On one of his visits he performed a magical ritual in the North Tower of the castle, a ritual designed to unleash the power of Wewelsburg on the rest of the world: to jump-start the next phase of human evolution."[12]



In 1987, a San Francisco Chronicle article had the following to say about Aquino's Nazi rituals:

> "Nazis considered the black arts and satanic worship part of an ancient Germanic tradition. In his book 'Crystal Tablet of Set,' [Aquino] writes he performed the rituals to recreate an order of knighthood for followers of Satan."

Despite the fact that Aquino nominally broke from Levay's Church of Satan, both organizations would support each other and would both promote Crowley's Thelemic doctrine 'Do What Thou Wilt Shall be the Whole of the Law'.

Here it is also noteworthy that Anton Levay worked closely with Roman Polansky and his church overlapped the satanic Manson murders on numerous levels. It was during the

filming of Rosemary's Baby that director Roman Polansky hired Levay to stage manage the scenes featuring a satanic leader of a cult in New York that rapes a young girl who is assigned to host the anti-Christ[13]. When Polansky's pregnant wife Sharon Tate was killed by followers of Charles Manson, it was discovered that Susan Atkins (the woman who carried out the stabbing of Tate) had been employed by Levay as a topless vampire in his Witches' Sabbath ceremony.

Additionally, former Church of Satan follower Jay Sebring was among the five victims that evening.

Before we review Aquino's role overseeing the coup in the US military under Major General Albert Stubblebine and the emergence of a new Mithraic revival of neo-Templars, we will review an under-appreciated side of Hitler's gnostic religion-which Aquino so adored.

Hitler's Gnosticism

Although some foolishly proclaim Adolf Hitler to be a Christian to this day, the fact was that the Fuhrer shared the religion of the leading SS elites and promoted Gnosticism-going so far as to re-writing the Bible in the form of 'The Reichs Bible' while banning all unsanctioned translations from Germany.

In Hitler's version of Christianity, two of the ten Commandments were removed (including thou shalt not kill and steal) while several new commandments added including 'thou shalt honor your Fuhrer'[14].

Additionally, biblical stories that suggested Jesus had Jewish heritage were re-written even going so far as to proclaim that Jesus was not the son of God, but rather the product of Mary's midnight tryst with a pure blood Roman soldier.[15]

Despite his use of certain Christian terms in public, the truth was that Hitler despised the Bible writing in 1940:

> “The religions are all alike, no matter what they call themselves. They have no future—certainly none for the Germans. Fascism, if it likes, may come to terms with the Church. So shall I. Why not? That will not prevent me from tearing up Christianity root and branch, and annihilating it in Germany... We will wash off the Christian veneer and bring out a religion peculiar to our race."[16]

According to Prussian SS officer Hermann Rauschning, Hitler described his views on Christianity saying:

> “Our peasants have not forgotten their true religion. It still lives... The peasant will be told what the Church has destroyed for him: the whole secret knowledge of nature, of the divine, the shapeless, the daemonic... We shall wash off the Christian veneer and bring out a religion peculiar to our race...through the peasantry we shall really be able to destroy Christianity because there is in them a true religion rooted in nature and blood."

As established in chapter five, these views parallel the thoughts of Carl Jung, who by this time was a leader in the Goring Institute and chief of all German psychology practice.

The Goring Institute was itself led from 1939-1944 by a leading Eranos Conference member named Gustav Richard Hayer who remained close to Jung and Frobe during and even after World War Two.

The Coincidence of Opposites

Like all Rosicrucians and esoteric occultists, the theme of ‘The Coincidence of Opposites’ greatly shaped Eranos’ 1933 symposium.

While Christian theology features a positive notion of resolving the fact of opposites in nature through the use of moral reason (which will be elaborated upon in the epilogue to this book), the occultists around Jung believed that human

salvation and self-liberation was found in ***the literal fusion of moral opposites within the heart and mind of an initiate***. The consequence of this un-natural fusing of opposites of right and wrong, sacred/profane, good and evil, male and feminine etc... would shape nearly every presentation delivered in 1933.

Speaking to occult scholar and fellow Eranos speaker, Mercea Eliade, Jung said:

> "Speaking always as a psychologist, I affirm that the presence of God is manifest, in the profound experience of the psyche, as a coincidentia oppositorum, and the whole history of religion, all the theologies, bear witness to the fact that the coincidentia oppositorum is one of the most common and most archaic formulas for expressing the reality of God".

Jungian psychologist, Erich Neumann stated in his 1933 Eranos lecture that:

> "The civilization that is about to be born will be human civilization in a far higher sense than any has ever been before, as it will have overcome important social, national, and racial limitations . . . The turning of the mind from the conscious to the unconscious, the responsible rapprochement of the human consciousness with the powers of the collective psyche, that is the task of the future."

This transformation of humanity from a species shaped by 'conscious' processes to becoming a new species now shaped by unconscious forces of the 'collective psyche' was an ambitious endeavor but nothing that self-identified new human gods would shy away from.

Describing his notion of 'the unconscious' forces bubbling below the surface of our awareness and shaping our very will like a demonic force outside of our reason's control, Jung

described this fusion of opposites of good and evil/ sacredness and perversity which all 'self-actualized' initiates must learn to unite together:

> "The unconscious is not just evil by nature, it is also the source of the highest good: not only dark, but also light, not only bestial, semi human, and demonic but superhuman, spiritual, and, in the classic sense of the word, 'divine'."[17]

One of the star lecturers at Eranos in 1933 was a young man named Joseph Campbell who developed a theory of archetypes in world mythologies outlined in his famous books '*The Hero with a Thousand Faces*' utilizing the theory of Jungian archetypes embedded in sacred myths and legends around the world.

Campbell chastised the outdated character of modern Christianity as a linear, masculine-dominant ideology unfit for the new age of self-actualized liberation now at hand. Instead of Christianity, Campbell advised that humanity return to the purity of pre-Christian pagan tribalism that recognized the equal beauty in life as well as death, embraced evil as well as goodness and accept the moral as much as the moral. Campbell stated:

> "In the older mother myths and rites the light and darker aspects of the mixed thing that is life had been honored equally and together, whereas in the later, male-oriented, patriarchal myths, all that is good and noble was attributed to the new, heroic master gods, leaving to the native nature powers the character only of darkness—to which, also, a negative moral judgment now was added".

The idea of Christianity as a philosophy that placed a higher value on the life of humans than other species and which presumed morality would be earned through effort, reason and scientific progress were directly targeted by all Eranos speakers. These characteristics were deemed 'linear', futile,

delusional and the cause of all mental disease, as well as wars across the ages. Campbell put it succinctly stating:

> "In this respect, Christianity incontestably proves to be the religion of "fallen man" and this to the extent to which modern man is irremediably identified with history and progress, and to which history and progress are a fall, both implying the final abandonment of the paradise of archetypes and repetition."

Apparently, reducing the superiority of human life over Gaia, and returning back to some static paradise of archetypes, and cyclical repetitions were desirous outcomes of psychology in the minds of Campbell and Jung.

Before reviewing the practical consequences of Campbell, Jung and Aquino's roles in transforming society more broadly (and reviving the Cult of Mithra within the military specifically) we will now take a journey through the Esalen Institute.

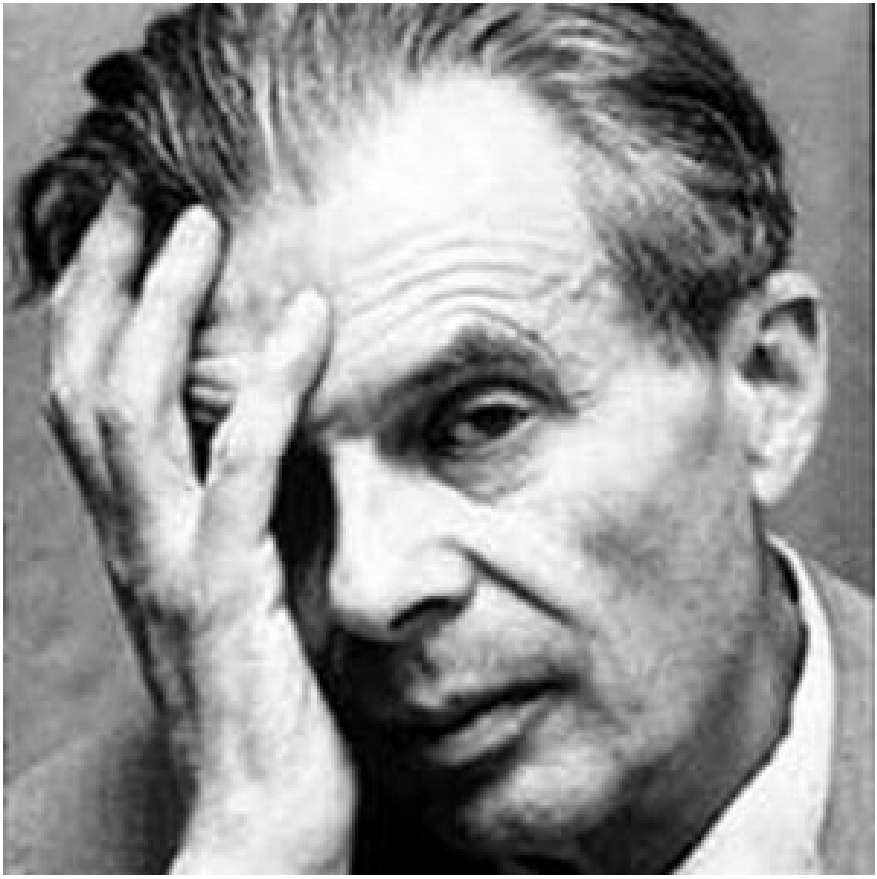
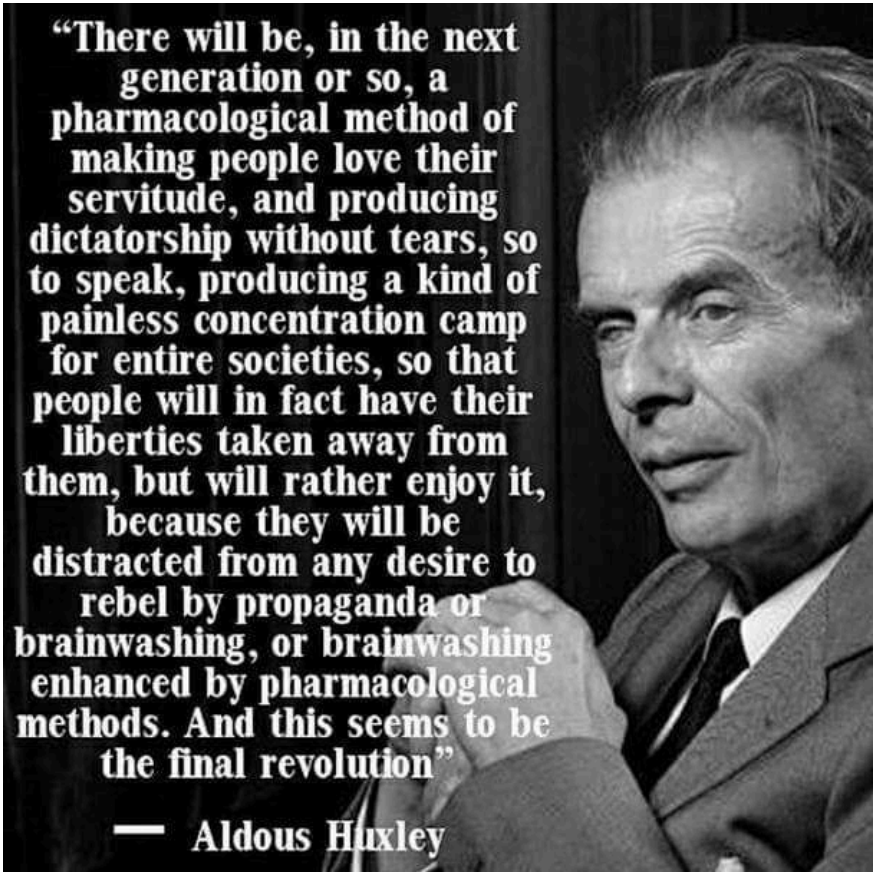
Joe Rogan, Jordan Peterson, Graham Hancock, Russell Brand, Rupert Sheldrake, Daniel Pinchbeck, Aldous Huxley, Carlos Castenada, Tim Leary and Ram Dass pushing MKULTRA Drugs DMT and LSD for Trillionaire Oligarch Controlled Military Intelligence to Destroy Society.



Aldous Huxley was in charge of introducing psychedelics and suggestopedics like DMT and LSD into America for the CIA and MI6



"There will be, in the next generation or so, a pharmacological method of making people love their servitude, and producing dictatorship without tears, so to speak, producing a kind of painless concentration camp for entire societies, so that people will in fact have their liberties taken away from them, but will rather enjoy it, because they will be distracted from any desire to rebel by propaganda or brainwashing, or brainwashing enhanced by pharmacological methods. And this seems to be the final revolution"

WHY ARE ALL THE SHAMEN IN THE WORLD YEARLY JETTED IN TO CONFERENCES RUN BY THE ROTHSCHILDS?

Hancock has written a series of bestsellers on ancient civilizations, Atlantis, Peru, Egypt, and the search for the Ark of the Covenant. His most well-known book is probably Fingerprints of the Gods, which brings Donnelly's 1882 book Atlantis into the present century, updating it with more current research and a more transparent language. We are told it has sold over 3 million copies. I have read several of Hancock's books and they are indeed beguiling. He knows how to mix science, travel, and marginalized theory into a good story, and he seeds all his books with enough real research, truth, and interesting speculation to keep you

turning the pages. That said, I have always been suspicious of him, if only because of his connections.

His books have been published from the beginning by the major publishers [Touchstone and Three Rivers Press, which are imprints of Simon&Schuster and Random House, respectively], which is in itself a red flag. Velikovsky was also promoted by the major publishers, and with the consolidation (monopolization) of the major publishing houses since the 1960's, things have certainly not gotten better for non-mainstream writers or opinion. So if Hancock has no support from the mainstream, as we are told, how did he score these book contracts? You really need to ask yourself that.

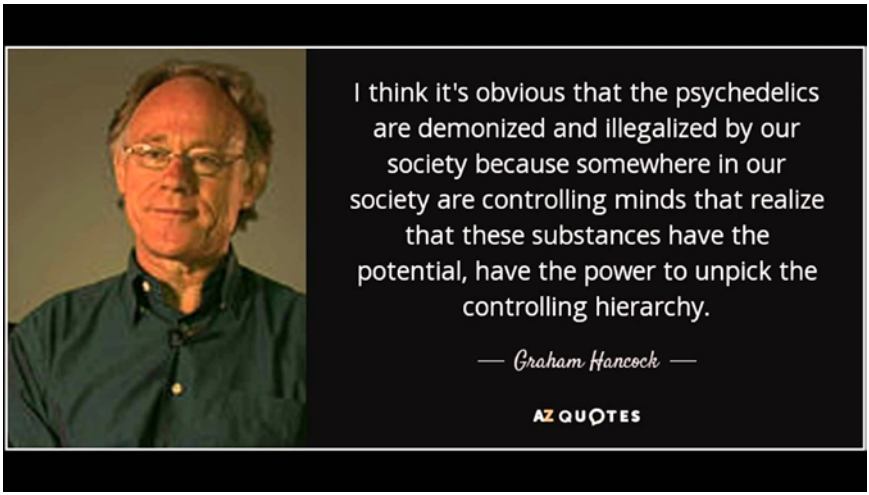
Beyond the book contracts, he has benefited from large amounts of promotion in the magazines and newspapers and on TV and the internet. If he has no support from mainstream science, who is promoting him and why? He was even promoted on TED, probably the most high-profile intellectual promotion there is these days. You will say he was then censored temporarily by TED, but as it turns out, that censoring only helped him sell more books. It looks to me to have been part of a planned promotion.

To understand how that would work, you have to understand that Hancock is part of the controlled opposition.

He was created to provide readers with an alternative path, making sure to nonetheless keep them from anything important. He makes these readers feel independent and sometimes revolutionary, and his theories are scripted to appeal to those who are looking beyond the confines of the mainstream. So getting censored by TED was the best thing that could happen to him. It seemed to confirm that he was dangerous to the mainstream.

But when it gets down to it, Hancock is just selling a melange of warmed-over fringe theories, being careful to highlight the least revolutionary parts of them and excise anything in them that is really dangerous to the status quo. In short, he tells you what you want to hear and usually what you have already heard from other people, streamlining it into a salable product that mainstream science may not like but that really does them no harm.

And then he promotes drugs!



I think it's obvious that the psychedelics are demonized and illegalized by our society because somewhere in our society are controlling minds that realize that these substances have the potential, have the power to unpick the controlling hierarchy.

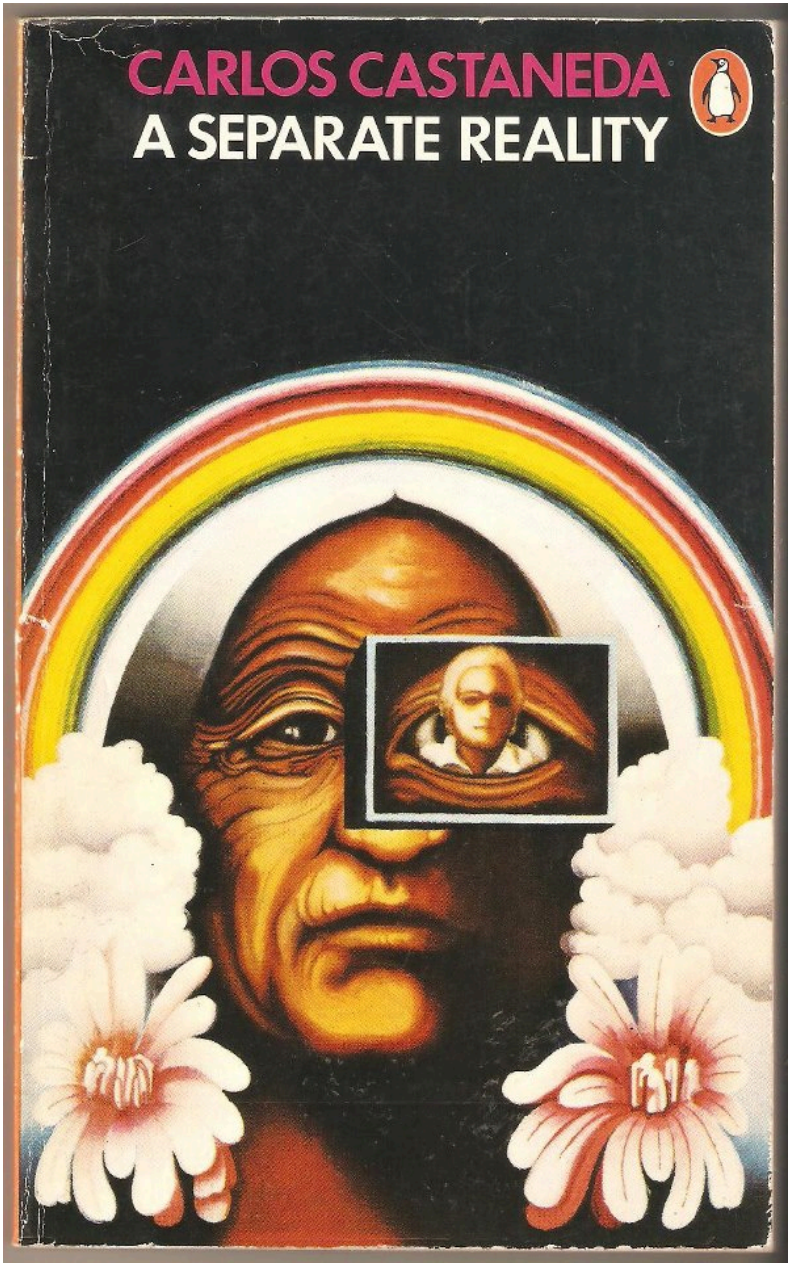
AZ QUOTES

See an interview of him on RT today with the beautiful and annoying Abby

Martin, https://www.youtube.com/watch?v=0BrDF5WLyQs and he really blew his own cover in spectacular fashion. According to the title of the interview, Hancock was supposed to be breaking the set on TED censorship, but instead he ended up breaking his own mask. He started the interview by saying he didn't think mainstream science was any kind of conspiracy??

Although he was so level-headed and faux-authoritative he almost convinced me of that, I pinched myself and I

reminded myself that I already know it is. We have seen mountains of evidence everything is now a conspiracy, and in many cases the conspirators have admitted it themselves. There is simply no putting the genie back in the bottle.



Everywhere we have seen that all of Modern life is a transparent MATRIX, controlled with a huge web of lies, fudges, cheats, steals, subterfuges, false flags, misdirections, spy networks, and millions of military intelligence paid planted trolls and agents.

It has become so obvious and so pandemic even the mainstream is reporting on it. Your average citizen who reads nothing is becoming aware of the extent of the MATRIX, since you would have to be dead asleep not to be aware of it.

So we can see Hancock spinning the spin he was hired to spin in the first seconds of the interview. He is attacking the mainstream but is doing it with 16-ounce gloves on. They have told him they don't want to be hit in the face, so he aims all his weak punches at the chest. According to Hancock, contemporary science isn't corrupt, dogmatic, and closed, it is simply people being people

We have a large number of dedicated, hardworking, committed scientific professionals. . . they feel they know what they are doing, like all scientists down through the ages, they have a reference frame that they work through which becomes their definition of reality and they find it very difficult to accept alternative points of view.

Whoa, Graham, rein it in, Buddy! Don't get all emotional and say something you might regret later!

As you can imagine, the mainstream loves being attacked like this. Through it all, they remain dedicated scientific professionals who, at worst, are a little shortsighted.

But in studying the theories of the mainstream, their salesmanship, and their responses to criticism, have we found that to be the case? Not even close. In archaeology, I can't cite chapter and verse, but in physics and meditation I can and have.

Although some physicists in the middle levels may be

dedicated and scientific, the field has been led in the 20th century by those who are neither. The theories have devolved into the worst sort of fudging mysticism, heavy with cloaking math, and any attempt to point out the obvious flaws and cheats in these theories is shouted down or suppressed with schoolyard tricks.

Unfortunately, these fake scientists now run the world. They are purposely fudging tables, data, equations, and arguments. In my experience, I would say about 90% of their arguments consist of highschool debating tricks and other sophomoric sophistry, and the other 10% is fake equations and graphs.

It isn't only the skeptical societies that are stiff with them, the universities are run by the them, the journals are run by them, and all other institutions are controlled by them. The entire field is corrupt from the top down. If you have made it to this point in your life with any residual integrity left, the best thing you can do is flee the whole lot. Don't take their classes, don't subscribe to their journals, and don't fund their projects.

However, it was not any of this that unmasked Hancock for me. His opening comments didn't initially get a rise out of me. I cataloged them, of course, but no camel's back was broken by them. At first I dismissed the comments as just his attempt to appear fair and impartial and sober, blah, blah. This is always the sort of thing you hear on TV: a lot of politics posing as ideas. So it wasn't what led to this paper.

No, it was what he said in passing at the end of the interview that caused a wall to fall down with a crash. At minute 11:52, he says this:

Consciousness is the greatest mystery of science, and it is perhaps the scientific mystery that we most urgently need to solve. And we have at our disposal an array of natural substances at our disposal called the psychedelics which allow us to switch on and off altered states of consciousness at will which are superb devices for exploring the mysteries of consciousness. And yet, for ideological reasons and these

reasons are totally ideological the justification for them simply does not exist but for ideological reasons we are prevented from doing so. And this is a cover for all sorts of other restrictions and controls on the freedom of the adult over his or her own body and over his or her own consciousness.

This hit me like a ton of bricks, because of course I have recently been studying the government operations of the 1960's against the hippies and anti-war protesters, in which the CIA and other agencies began pushing LSD on these groups to disorient them and marginalize them. Hancock is sounding like a more level-headed Tim Leary or Ram Dass here, although the drug of choice now would appear to be Oxycontin and DMT instead of LSD.

We saw how the Opium Wars of China by Britain and the USA, Jardine Matheson, the Russells, the Delanos, the Kennedy's, the Roosevelts, the Rockefellers, were aimed at the destruction of China and made Trillions of Dollars for the Oligarchic Families which would in future Control the Presidency.

This ties Hancock to Joe Rogan, Russell Brand, Rupert Sheldrake, Aldous Huxley and Daniel Pinchbeck, all of whom have apparently been recruited by Intelligence to lead the present operation of pushing drugs on the youth. Sheldrake was previously tied to Hancock since they have been lecturing together, selling the same line about ï¿½consciousness being the greatest mystery of scienceï¿½ and all that. They were both censored by TED as part of the same psy-op. But now the younger and hairier guys Rogan, Brand and Pinchbeck have been added to the roster to bring in the young ladies and the dudes.

Russell Brand is a recovering drug addict and is being used to further suppress the vote. He is trying to convince the youth that voting is ineffectual, so they should just quit.

Sheldrake, is also being used to control the opposition, leading those who are disenchanted with mainstream science into drugs. The same can be said for Hancock, Brand, and Pinchbeck.

Consciousness actually is not just scientific or intellectual.

Consciousness is another dimension only enterable through meditation.

Not traditional meditation which has been castrated like art and science by modernism through removing every technique which makes it meditation, art or science!!

Consciousness is another dimension enterable only through Energy Enhancement Meditation, bringing back the Ancient Meditational techniques of Alchemical VITRIOL, the Kundalini Key and access to infinite spiritual energies from the chakras above the head connecting us to the central spiritual sun as a preliminary to removing energy blockages.

Drugs and modernism in science or art act as perfect misdirection.

They want to divert you into things which can never work like false scientific problems, since once you get in you can waste years of your life with nothing to show for it.

They keep all the stupid people talking about sports and movie stars, but they know they can't interest you in that shit, so they have to come up with something more cerebral for you. It used

to be manufactured Biblical or literary problems that diverted the intelligentsia, like is the Earth Flat? like how many angels can dance on the head of a pin or how many hexameters Virgil could write without spilling a trochee.

Now it is whether an imaginary astronaut will pass the event horizon of the black hole and get burned up or stretched to death. Armchair philosophy posing as science, in other words.

But why would they want you wasting all your braincells on this stuff? Because if you are reading and discussing black holes, the edge of the universe, 11-dimensional math, or the origins of consciousness, you aren't getting in their way.

They have then successfully diverted you into fake sciolism, fake art, fake music, fake literature.

This is what all their ï¿½scienceï¿½ magazines are about. Those magazines no longer contain a jot of real science. Instead, they are written from various government cubicles to misdirect you into manufactured problems and controversies. While you are out beating their phantom bushes, they are free to do what they like in science, art, and government.

They want to divert you into things which can never work like television and newspapers all owned controlled by military intelligence.

They want to divert you into things which can never work like google, facebook, and twitter which are currently becoming tightly controlled by Artificial intelligence Censorship, Group Gatekeepers on Reddit and Facebook, and six million government trolls (con-Trolls)

They want to divert you into things which can never work like Modern Art which is painted by Intelligence, MI6, CIA funded artists who have no talent but all have Phoenician aristocratic genealogies.

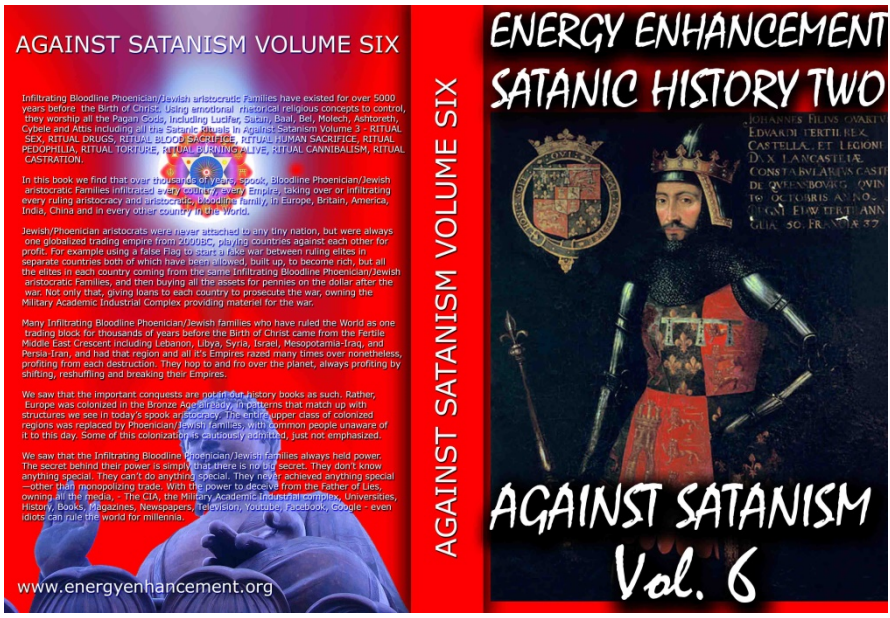
Book 21. AGAINST SATANISM VOLUME 6 - The Satanic History of the World Part 2 Published May 2019

Infiltrating Bloodline Caananite/Phoenician/Jewish aristocratic Families have existed for over 5000 years before the Birth of Christ. Using emotional rhetorical religious concepts to control, they worship all the Pagan Gods, including Lucifer, Satan, Baal, Bel, Molech, Ashtoreth, Cybele and Attis. In this book we find that over thousands of years, spook, Bloodline Trillionaire Phoenician/Jewish aristocratic Families infiltrated every country, every Empire, taking over or infiltrating every ruling aristocracy and aristocratic, bloodline family, in Europe, Britain, America, India, China and in every other country in

the World.



AGAINST SATANISM VOLUME SIX
Infiltrating Bloodline Phoenician/Jewish aristocratic Families have existed for over 5000 years before the Birth of Christ. Using emotional rhetorical religious concepts to control, they worship all the Pagan Gods, including Lucifer, Satan, Baal, Bel, Molech, Ashtoreth, Cybele and Attis including all the Satanic rituals in Against Satanism Volume 3 - RITUAL SEX, RITUAL DRUGS, RITUAL BLOOD SACRIFICE, RITUAL HUMAN SACRIFICE, RITUAL PEDOPHILIA, RITUAL TORTURE, RITUAL BURNING ALIVE, RITUAL CANNIBALISM, RITUAL CASTRATION.
In this book we find that over thousands of years, spook, Bloodline Phoenician/Jewish aristocratic Families infiltrated every country, every Empire, taking over or infiltrating every ruling aristocracy and aristocratic Bloodline family, in Europe, Britain, America, India, China and in every other country in the world.
Jewish/Phoenician aristocrats were never attached to any tiny nation, but were always one globalized trading empire from 2000BC, playing countries against each other for profit. For example using a false Flag to stage a fake war between ruling elites in separate countries both of which have been allowed, built up, to become rich, but all the elites in each country coming from the same Infiltrating Bloodline Phoenician/Jewish aristocratic Families, and then buying all the assets for pennies on the dollar after the war. Not only that, giving loans to each country to prosecute the war, owning the Military Academic Industrial Complex providing materiel for the war.
Many Infiltrating Bloodline Phoenician/Jewish families who have ruled the World as one trading block for thousands of years before the Birth of Christ came from the Fertile Middle East Crescent including Lebanon, Libya, Syria, Israel, Mesopotamia-Iraq, and Persia-Iran, and had that region and all it's Empires razed many times over nonetheless, profiting from each destruction. They hop to and fro over the planet, always profiting by shifting, reshuffling and breaking their Empires.
We saw that the important conquests are notated in history books as such. Rather, Europe was colonized in the Bronze Age already, in patterns that match up with structures we see in today's spook aristocracy. The entire upper class of colonized regions was replaced by Phoenician/Jewish families, with common people unaware of it to this day. Some of this colonization is cautiously admitted, just not emphasized.
We saw that the Infiltrating Bloodline Phoenician/Jewish families always held power. The secret behind their power is simply that there is no big secret. They don't know anything special. They can't do anything special. They never achieved anything special —other than monopolizing trade. With the power to deceive from the Father of Lies, owning all the media, - The CIA, the Military Academic Industrial complex, Universities, History, Books, Magazines, Newspapers, Television, Youtube, Facebook, Google - even idiots can rule the world for millennia.

They want to divert you into things which can never work like Novels written by committee for example Harry Potter promoting pagan magic, or Aristcratic Homosexuals like Hemmingway. All books for hundreds of years written on the list of 100 best novels were written at the behest of the Spooks.

They want to divert you into things which can never work like drugs..

As proof of that see Jordan Peterson talking to Camille Paglia where he plugs the clinical virtues of drugs to solve psychological problems like any clinical psychologist with full access to the big pharma pharmocopia

https://www.youtube.com/watch?v=v-hIVnmUdXM

As more proof of this, let us analyze the 2012 video of Brand, Hancock, and Pinchbeck discussing various topics on youtube. https://www.youtube.com/watch?v=dyX2UYObUtM

Russell Brand is rather charming and funny, and I am certainly not here to deny it. That is why they recruited him. But he jumps almost immediately into propaganda. By minute 1:38 he is already selling mysticism by creating two enemies for it: atheism and the political right. I see right through him. I can see he is trying to divert hippies back into experimenting with government-created lab drugs, and a new-age sort of faux-spiritualism based on total self-absorption, shallow subjectivity, and a science based on wish-fulfillment. In other words, the controllers are re-packaging the same thing they destroyed progressives with in the 1960's, updating it with new catchwords and conmen.

Then we hear from Pinchbeck. Who is Daniel Pinchbeck? Genealogy. Listen closely: his dad Peter Pinchbeck was an abstract painter in New York City and so was his father-in-law. His mother Joyce Johnson dated Jack Kerouac. Johnson has written for The New York Times Magazine, The New Yorker, Vanity Fair and the Washington Post. She taught at Columbia University. CIA Red flags popping up all over the place.

Walt Whitman, Kerouac and all the Beat Poets were tied to Military Intelligence, and all those magazines and newspapers that Johnson writes for are controlled by the same. What is more, abstract painting was controlled and promoted by the CIA, and the CIA admits it. Rock Music was controlled by MI6 to promote drugs. Rap Music is controlled and promoted by the CIA, and the CIA admits it.

So that's who Daniel Pinchbeck is. I think you will admit that goes a long way to explaining why he seems to be doing the same thing Carlos Castaneda, Ram Dass, Timothy Leary, Allen Ginsberg, Jack Kerouac, Alan Watts, and many others were doing decades ago. They were agents and it looks like he is, too.

For more indication of that, we find that Pinchbeck claims to have been influenced by Rudolph Steiner. Steiner's

Anthroposophy was just a spin-off of Theosophy controlled by Blavatsky and "Colonel" Olcott who worked for USA Military Intelligence.

Military Intelligence controls the World Council of Churches and is well on the way to destroying Christianity, Islam and Buddhism on the way to bringing back Satanism and Pedophilic Ritual, Ritual Human Sacrifice and the LGBT satanic favourite - Ritual Castration!!

We also find Pinchbeck promoting the theories of Terence McKenna, another red flag.

McKenna was the main pusher of psychedelics in the decades between Tim Leary and Pinchbeck. McKenna predicted the end of the world in 2012 based on ï¿½novelty readingï¿½ of fractal patterns he claimed to have discovered in the I Ching. He was led to this discovery by his prophetic voice Logos. In this vein, Pinchbeck has claimed a foundation for his theories by telling us he receives prophecy directly from an entity that identifies itself as the MesoAmerican deity Quetzalcoatl. So this is who Graham Hancock is now hanging out with.

Last year, Gnostic Media uncovered a December 1994 lecture by McKenna at Esalen, where he admits he is an Intelligence agent. Here is what he said,

"And certainly when I reached La Chorerra in 1971 I had a price on my head by the FBI, I was running out of money, I was at the end of my rope. And then they recruited me and said, ï¿½you know, with a mouth like yours thereï¿½s a place for you in our organizationï¿½. And Iï¿½ve worked in deep background positions about which the less said the better. And then about 15 years ago they shifted me into public relations and I've been there to the present."

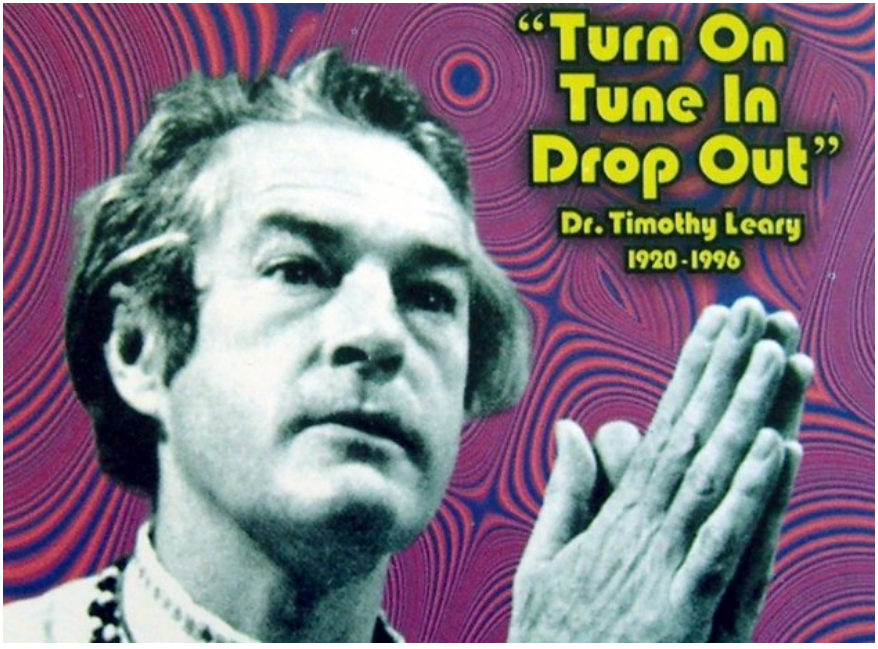
So Hancock is promoting Pinchbeck who is promoting McKenna who admitted he was an Intelligence agent.

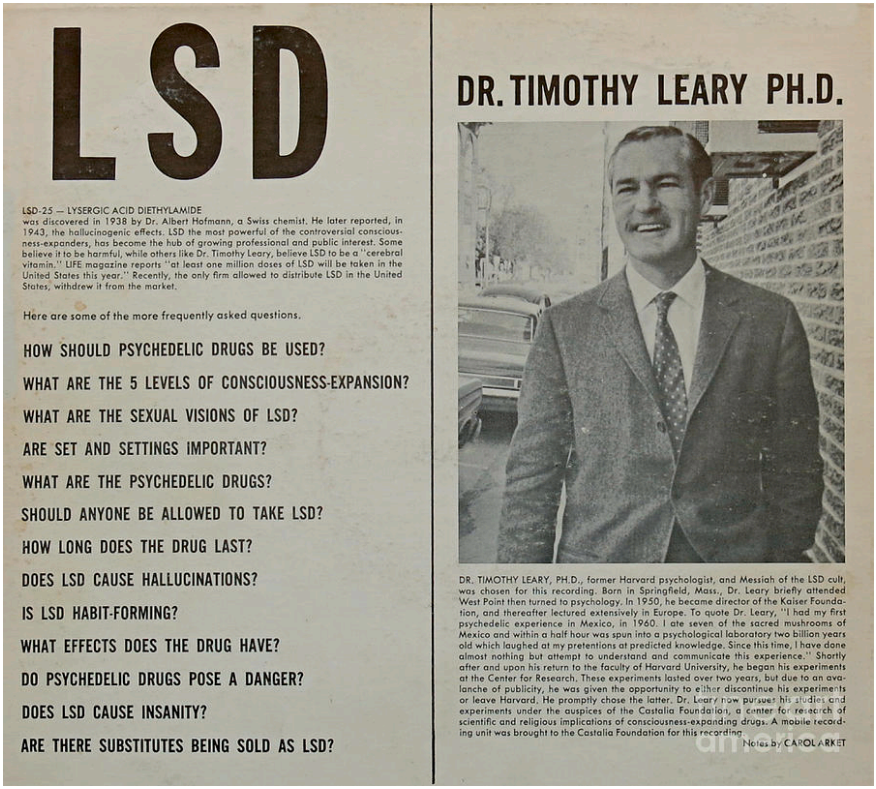
I am all in favor of spiritualism, inspiration, serendipity, mystery, and so on. I don't think physics is the place for any of those things (except that I take inspiration wherever I can get it, with gratitude and without question); but I do see real evidence for them everywhere.

My problem with all this isn't the mystery or the inspiration, it is the fact that I now know the hippie movement was infiltrated and taken over by Military Intelligence decades ago. I am all in favor of festivals and much Rock Music, but the

problem is I can see all the major hippie, alternative and New Age festivals are now as fake as fake news. These festivals and movements are now organized and led by fake hippies, fake gurus, fake ayahuasca shamen and fake musicians planted by Intelligence, and job one for these people is keeping the hippies diverted.

Daniel Pinchbeck, Russell Brand and the rest are selling you a new form of Tim Leary's old ï¿½turn on, tune in, drop out.ï¿½ They are trying to convince you this is how the revolution will come about, because they know that it has the least chance of coming about that way.





LSD

LSD-25 — LYSERGIC ACID DIETHYLAMIDE
was discovered in 1938 by Dr. Albert Hofmann, a Swiss chemist. He later reported, in 1943, the hallucinogenic effects. LSD the most powerful of the controversial consciousness-expanders, has become the hub of growing professional and public interest. Some believe it to be harmful, while others like Dr. Timothy Leary, believe LSD to be a "cerebral vitamin." LIFE magazine reports "at least one million doses of LSD will be taken in the United States this year." Recently, the only firm allowed to distribute LSD in the United States, withdrew it from the market.

DR. TIMOTHY LEARY PH.D.

DR. TIMOTHY LEARY, PH.D., former Harvard psychologist, and Messiah of the LSD cult, was chosen for this recording. Born in Springfield, Mass., Dr. Leary briefly attended West Point then turned to psychology. In 1950, he became director of the Kaiser Foundation, and thereafter lectured extensively in Europe. To quote Dr. Leary, "I had my first psychedelic experience in Mexico, in 1960. I ate seven of the sacred mushrooms of Mexico and within a half hour was spun into a psychological laboratory two billion years old which laughed at my pretentions at predicted knowledge. Since this time, I have done almost nothing but attempt to understand and communicate this experience." Shortly after and upon his return to the faculty of Harvard University, he began his experiments at the Center for Research. These experiments lasted over two years, but due to an avalanche of publicity, he was given the opportunity to either discontinue his experiments or leave Harvard. He promptly chose the latter. Dr. Leary now pursues his studies and experiments under the auspices of the Castalia Foundation, a center for research of scientific and religious implications of consciousness-expanding drugs. A mobile recording unit was brought to the Castalia Foundation for this recording.

Notes by CAROL ARKET

They are convincing current hippies that the world will be transformed by them taking LSD, DMT, DMX, magic mushrooms and Ayahuasca. It won't. Drugs will not change anything. In Fact, Drugs will waste your Energy and Dum you Down!!

The revolution requires Energy to Increase Your Power. To Enable You to See the Truth.

Energy from Real Meditation, Effective Meditation, Energy Enhancement Meditation, and the controllers are doing everything they can to prevent any real action by misdirection, drugs, fake news, gelded meditation, faux science and postmodern art.

That is where the drugs come in. The drugs keep you in an induced stupor, and in that stupor you mistake your ideas for reality. You think that just because you have imagined peace, peace has really happened. But the world doesn't work that way. Reality isn't a wish-fulfillment. It isn't a construct of the mind. It isn't a hologram you can rebuild from a happy thought. The hippies have to find some way to resist the bad people. These bad people exist in the real world and they are performing real actions. They will continue to perform them until they are stopped. They will not be stopped with what military intelligence provides them with.

You first have to unmask all these agents and drive around them. Once you do that you can see the truth and then more clearly what to do next.

But let's return to the youtube video. We saw Brand passing the microphone to Pinchbeck.
Within a minute of Pinchbeck's droning, Brand is already having to fake interest. He is having to work hard to keep his eyes from peeling back in his head. From the look on his face, I read, ï¿½Lord, was it worth it? Is what I am being paid to be here propping up this asshole worth it?ï¿½ Even Pinchbeck sees that, and by minute 3:30 he is signaled from offstage to pass the mic back to Brand before the audience dozes off or Brand falls over backwards in his chair. Brand takes back the mic with an obviously facetious, Bloody Hell! He begins by mentioning the pervasive cynicism in the media.

But like CIA Chomsky and his Manufacturing Consent theories, Brand stops short of telling us where that cynicism comes from. Both Chomsky and Brand tell us the media is to blame.

Neither point out the obvious, which is that the fake news media is controlled by the government, and directly by the CIA. The cynicism isn't an accident: it is a government program. As such, it could be stopped with a single decision. If the government decided to stop promoting cynicism, it would

end tomorrow. But the cynicism suits them fine, since it is the ultimate guarantee of inaction.

Like Ezra Pound, Bill Cooper, Eustace Mullins, LaRouche, Tarpley, Mathis and hundreds of others, Icke is an Anti, sent in to sully-by-association anyone who allies themselves to him, or resembles him in any way. They want to be sure that anyone who researches subjects, in whatever way, can be tarred and feathered with the same pot as Icke.

An Anti Agent is a disguised aristocratic agent who espouses theories, ideas or politics that the government wishes to discredit through appearing to be mad.

Brand, Comedian, Drug Addict, "Shagger" of the year - four years in a row, Aristocratic Bastard - yes, Brand is a Spare.. does hint slyly at this inaction, but he doesn't explain how psychedelics are going to help overcome such inaction.

Psychedelics are hardly known for their promotion of political action. Psychedelics may or may not promote a form of awareness, but even in the case they do, they only promote an awareness of a general interconnectedness. That sort of awareness tends to cause inaction rather than action. It puts you back in the lap of god, where you aren't required to do anything but sigh contently, like a cat purring in the arms of its master. In such a state, mass murders and general corruption and impending doom no longer register.

Despite that, these guys continue to sell DMT as the answer to all your problems. Brand says that shamanic experience doesn't have the immediacy of a line of coke or a blowjob, and Pinchbeck leans in and says try DMT and we can talk after that.

Everybody has a good belly laugh and then, amazingly, Brands says, He's openly endorsing drugs to a recovering drug addict.

Yes, that's exactly what all these guys are doing. Our entire

culture is a recovering drug addict, and here these scientists and intellectuals are pushing a new drug on him.

Also notice that it would appear Brand hasn't actually tried the psychedelics they are pushing on the rest of us. They can pay him to be the funny front man, but not to actually eat the tainted food.

Pinchbeck then grabs the mic again and quotes Gandhi to the effect that the point of life is to live more simply. Fine, but again, how do psychedelics fit in there? I don't remember Gandhi encouraging us to ï¿½turn on, tune in, drop out.ï¿½ I don't remember Gandhi pushing drugs on us. I don't remember Gandhi recommending political apathy and inaction, in the name of simplifying life.

Pinchbeck then quotes Gandhi again, recommending renunciation. Brand doesn't want to renounce sex and drugs, so Pinchbeck says they only have to renounce wealth...

No follow up on that from Brand, but someone in the audience should have stood up and pointed out that we have two rich guys talking about renouncing wealth. Yes, and when exactly are they going to start doing that? Are they going to start by renouncing their paycheck from Military Intelligence directly after the interview?

Then Brand takes back the microphone and says [minute 7:25] that our generation has become one that has been accidentally marketed to. What? What was accidental about the marketing, exactly? All the commercials and advertisements were an accident? No one intended to advertise, it just sort of happened. We woke up one morning and all these ads appeared on our desks. We tried to sweep them off into the trash, but a gust of wind caught them and floated them over to the TV stations, where they just appeared fortuitously before and after episodes of American Idol.

Brand then asks Pinchbeck how we can change the paradigm.

Of course Pinchbeck has no answer except more drug pushing, but Brand asked him the wrong question. Brand should have asked Pinchbeck, How can we change the paradigm by continuing the same old paradigm?

How can we expect any progress if all we do is repackage the 1960's CIA drug-pushing paradigm of Tim Leary? Hasn't this paradigm of psychedelics already been tried? Didn't it already fail spectacularly for the hippies? The only way it succeeded is viewed from the 'atheistic and far right' government, which used the psychedelics to tame the hippies and other progressives.

You won't believe what Pinchbeck says next [minute 9:00]:

[In order to create change] we need to actually utilize some of the techniques of propaganda and marketing to turn them around. Maybe the same instruments and tools that have been used to keep people in slavery and ignorance can be used to liberate and awaken them.

Brand is clearly dumbfounded, saying only. He has to go along with this, but you can tell he can't believe this was the wording chosen. He actually covers his mouth and crosses his arms, to try to hide his disbelief at the crashing stupidity of this entire interview. He is probably thinking, Guys! Was it wise to use the word fake news 'propaganda' in the middle of a long spate of transparent propaganda

What he should have been thinking is this: why use propaganda to turn them around? Wouldn't the truth work better? Supposing we really wanted to change course, surely the most efficient method would be a return to truth.

Finally, at minute 13:30, Graham Hancock pops in from the audience to tell us that language is very important regarding drugs. He says that the word is usually connected to the word abuse, and that there is no idea of using drugs responsibly in our culture.

Again, WHAT? Is he serious? Primetime TV in the US has been taken over by drug commercials, and not one of them ever mentions the word abuse, or considers the possibility of it. This is the most drug- saturated culture in history, and almost everyone doing drugs thinks they are doing so responsibly. They have their doctor's seal of approval, to convince them they aren't just dope fiends.

Hancock then assures us that the DMT experience has nothing in common with the heroin experience, and that the hallucinogens are very effective in removing people from more dangerous drugs. But this is just a more subtle form of drug pushing. Hancock has clearly been recruited for his voice and mien, which resonate with soberness and trust and good intentions.

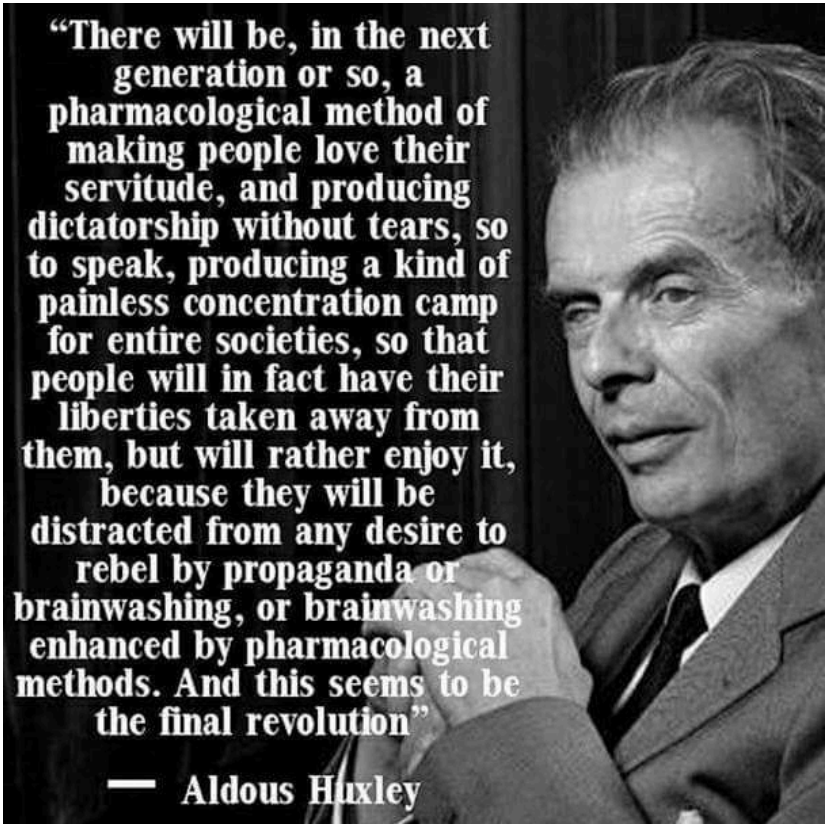
He hasn't snowed me, though.

Can you believe anything Big Pharma says? Originally Hero-in was promoted by Big Pharma as making you into a Hero.

Likewise cigarrettes, oxycontin, LSD and Genetically Modified Marijuana.

I know also that all drugs are cut - contaminated - with poison.

Accepting drugs from the Man is like accepting disease filled Indian Blankets from the American Army.



“There will be, in the next generation or so, a pharmacological method of making people love their servitude, and producing dictatorship without tears, so to speak, producing a kind of painless concentration camp for entire societies, so that people will in fact have their liberties taken away from them, but will rather enjoy it, because they will be distracted from any desire to rebel by propaganda or brainwashing, or brainwashing enhanced by pharmacological methods. And this seems to be the final revolution”
— Aldous Huxley

DMT and Marijuana are MI6 Aldous Huxley's Soma from Brave New World.

DMT and Marijuana are consciousness-altering. DMT and Marijuana are Aldous Huxley's Soma from Brave New World. And like other drugs, they have serious side-effects, many of them long-term. This is why you can normally tell when people have taken hallucinogens. They lose natural speed and clarity of thought, and I don't mean just when they are tripping. They lose these things permanently.

They aren't what they were before. They also lose a natural spread of emotions. Which gets us into why Intelligence has promoted them all along. Hallucinogens promote acceptance and resignation. It could be argued they promote or cause pervasive apathy, if not pervasive cynicism.

Top 10 Reasons To
Legalize Marijuana
1 The U.S. Centers for Disease Control and Prevention (CDC) informs that more than 37,000 annual U.S.
2 Medical marijuana has been encouraged for "compassionate use" to aid people with cancer, AIDS and glaucoma.
3 The War on Cannabis expenses $42 billion a year. At that rate, we might utilize 880,000 school teachers at the common U.S. teacher salary of $47,602 per year.
4 Legalize marijuana would decrease the flow of money (billion) from the American Economy to International Criminal Gangs.
5 In Marijuana legalized countries, Crime Rates are very little. On the other hand, USA has more number of crime rates.
6 About 5000 years ago, Medical Marijuana is one of the oldest agricultural commodities for Industrial Purposes.
7 Medical Marijuana is one and only less toxic drug which having less nicotine.
8 Arrests of Medical Marijuana control unreasonably distress blacks and Hispanics and support the awareness that law enforcement is biased against minorities.
9 This is our own rights. Life, Liberty, Happiness are unalienable rights written in the declaration of independence.
10 People need medical cannabis. Above 45% of the US people sustain legalization and believe Marijuana should be entirely legal.

MILITARY INTELLIGENCE GENETICALLY MODIFIED AND CUT MARIJUANA WILL BLOW YOUR MIND!!

"CIGARETTES ARE GOOD FOR YOU!!" - BIG PHARMA

Regardless, we know the government didn't just accidentally market LSD to the hippies and anti-war protesters in the 1960's. Those who created the drugs in the government labs knew what the drugs did to the mind, and they wanted to promote that response in a targeted segment of the population. They are still targeting that segment, and you may be part of it.

Hancock then repeats the old saw that the government has spent billions in the war against drugs, trying to keep illegal drugs away from the population. He says 750,000 Americans are arrested every year for possession of cannabis.

But we now know that is all propaganda. Even if they are true, they don't mean what Hancock says they mean. Those numbers don't mean the government is trying to stop the drug trade, it just means they are trying to profit from both ends of it.

They spend billions of dollars pushing drugs in the illegal markets which we know the government ultimately controls and then spend billions from the treasury in the fake war on drugs. You will say that if they spent the money, they didn't also make the money, but you are missing the bigger picture. Any money spent is made by someone. In fact, it is your money they spend: taxdollars.

They spend it by paying the salaries at DEA and FBI and ATF and local police. Then they incarcerate these drug offenders in private prisons, paying the salaries there and making huge profits for the owners and investors of these prison factories for slave labour.

The USA has six million prisoners in these concentration camp slave factories, outpacing even Hitler!

So for many reasons the government has no interest in stopping the drug trade. Just the reverse. It is the largest black market in the world, and black markets are no longer controlled by mobs and mafias. They are controlled by your governments and banks who employ the Mafia, Ndrgeta, Tongs and MS13 - All admitted by the Grand Chessboard and the Technotronic Era of Zbigniew Brezinski.

And it is a yearly multi-trillion dollar profit, made on the misery of humanity.

For this reason, the government would love to create another black market in DMT, and this is how they are choosing to do it. These guys are their pointmen. If the government really didn't want to see a trade in illegal drugs, it wouldn't allow these prominent people to push them.

These guys act like promoting illegal activity is free speech, but it isn't and never was. It is only allowed because they are working for the man. They aren't low-level users, they are high-level pushers, so they get a pass.

Hancock then tries to push DMT as a human rights issue. He says we have the right to do what we wish with our bodies, even regarding addictive drugs, and that the state has no right to intervene. Vaccines!! Abortion!! Again, he is trying to appeal to your progressive nature by misdirecting you into non-central arguments. Up to a point, I agree with him, but as we have seen, that isn't the question here.

The question is whether you wish to take drugs pushed on you by the government and its agents, listening to their propaganda even as they tell you it is propaganda. Do you wish to be that stupid? I don't. Do you wish to ignore what hallucinogens did to your father's generation and your grandfather's generation? Do you wish to ignore the history of LSD as a weapon against the hippies and the anti-war movement? I don't.

I also don't wish to watch anymore of that youtube video. It bores me. So I will conclude this paper by taking you back to the RT interview of Hancock by Abby Martin. Knowing what you now know, you should ask why RT is willingly promoting a US or British asset. Why is Russian Television promoting US propaganda? You may think Putin is happy to see us undermine ourselves, and is simply facilitating our societal dissolution, but it is much deeper than that.

The truth is, Russia and the US have been allies all along. Putin is just our man in Russia, as Kim Jong-un is our man in North Korea and Gaddafi was our man in Libya.

People think the book 1984 was warning us about the future, but it was simply telling us about the present. The enemies are all manufactured, for the purpose of military spending and the two-minutes hate.

Hitler was a Rothschild.

“Putin was our next pick after Yeltsin.” - Steve Piecenik!

Russia and China is our controlled opposition and we are theirs. Nothing is going on in Ukraine right now but an expensive movie, broadcast to both sides.

Without these yearly wars, how do you think they would justify their trillion-dollar ï¿½defenseï¿½ budgets?

And what is the purpose of All This?

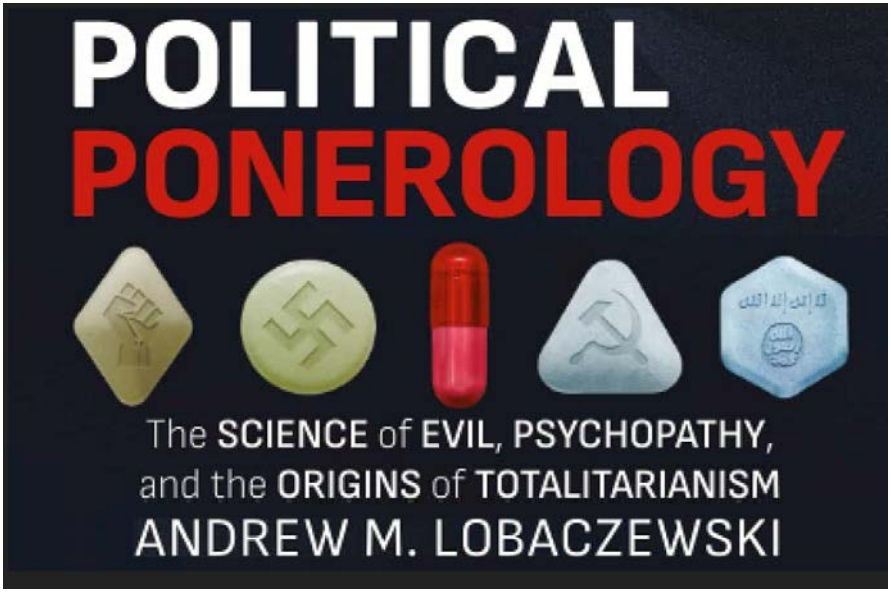
Chapter 10: Political Ponerology – The Science of Pathocracy and Psychopathic Rule

Elite Atlantis-Phoenician Empire Black Nobility bloodlines deliberately infil-traitor societies to install psychopathic rule and maintain the vampiric spiritual energy loosh farm.



Read...

https://againstsatanism.com/Fifth-Level-Avatars/political-ponerology.pdf

The psychopaths do not rule by accident. They rule by design — a deliberate, multi-millennial strategy of infiltration, subversion, and

consolidation that has destroyed 72 empires and republics from within.

Polish psychiatrist Andrzej Łobaczewski, who survived both Nazi and Soviet occupation, laid it bare in *Political Ponerology: A Science on the Nature of Evil Adjusted for Political Purposes*.

Pathocracy — rule by psychopaths — emerges when a small percentage of genetic psychopaths (estimated 4–6% of populations, higher in elites) infiltrate and dominate institutions. These individuals lack conscience, empathy, and remorse. They charm, manipulate, and divide normal people, eventually turning entire societies into instruments of their depravity.

Genetically pure people will not, no matter what the stressor, act bad!

Only the genetically debased, degenerated, depraved will be bad!

This is not conspiracy theory. It is observable historical pattern. Łobaczewski documented how psychopathic traits cluster in power structures, creating self-reinforcing systems of evil that destroy republics from within.

The Black Nobility's infil-traitoration methodology has repeated across every fallen empire: slowly taking over government ministries, religions, financial systems, media, and secret societies until a Satanist becomes King, Emperor, or President.

Infil-traition across 72 empires — the Black Nobility's pathocratic methodology.

The LGBTPS pillars (institutionalized homosexuality, pederasty, pedophilia, drugs, ritual sex) are introduced overtly as a prelude to ritual human sacrifice and total control. Christianity and Judaism — the bulwarks against Satanism — are demonized and dismantled. The masses, genetically primed for compliance and emotional volatility, generate endless loosh through engineered chaos.

Łobaczewski's Framework – The Anatomy of Evil Adjusted for Politics

Łobaczewski, drawing from his experiences under two totalitarian regimes, identified the key mechanisms:

- **Psychopathic infiltration**: A small core of conscienceless individuals (primary psychopaths) recruit characteropaths and the other fourteen percent of other damaged personalities to form a pathocratic network. 20% in total act as Psychopaths.

- **Paramoralisms and ideological inversion**: Normal moral language is twisted. Evil is called good. Degeneration is called progress. Inversion becomes "liberation."
- **Self-reinforcing system**: Once in power, the network eliminates normal people from key positions, replacing them with fellow predators or compliant servants.
- **Society-wide ponerization**: The population is gradually desensitized, fragmented, and turned against itself, making resistance nearly impossible.

This framework explains the fall of 72 empires. It explains the current global situation. It explains why psychopathic traits appear disproportionately in elite bloodlines and power centers.

Ties to Genetic Vulnerabilities and Occult Facilitation

The clustering of psychopathic traits in elites is not random. It is the direct result of centuries of deliberate inbreeding and genetic sabotage.

Twin and adoption studies show substantial genetic influence on psychopathy (up to 50%+ heritability for core dimensions like callous-unemotionality and fearless dominance).

Genetic vulnerabilities and occult facilitation producing clusters of psychopathic traits in elites.

When the genome is already compromised by accumulated faults and then inbred across generations, the probability of producing high-functioning, conscience-free predators rises dramatically.

Occult practices amplify this genetic vulnerability. Gnostic inversion (Abraxas uniting opposites, shadow integration without morality), ritual sex, and drug-induced dissociation weaken neurological substrates for empathy and moral reasoning.

Pineal and prefrontal damage opens doorways to full demonic possession and Archonic influence.

The **vampiric spiritual energy loosh farm** thrives on this: damaged souls generate maximum fear, pain, and emotional energy for harvest while becoming easier to rule and possess.

The Black Nobility's multi-millennial project has produced exactly the conscienceless predators that Łobaczewski warned about.

They infil-traitor every institution — governments, religions, banks, media, intelligence agencies — until Satanism becomes the operating system of the New World Order.

The Urgent Warning for Today

Political Ponerology is not ancient history. It is happening now. The psychopathocratic elite use every tool at their disposal — inbreeding, chemical warfare, Gnostic inversion, occult rituals — to maintain their rule over a degraded humanity.

The LGBTPS pillars, ritual abuse, and engineered chaos are not "progress." They are the prelude to open satanic theocracy and total loosh harvest.

The genome does not lie. The Black Nobility's centuries of consanguinity and occult facilitation have produced the perfect pathocrats.

The spice — their oil, power, ritual fuel, and loosh supply — flows from our suffering. The worms are devouring the frozen remains of sovereign humanity.

But it is not too late.

Individuals can still break the cycle. Conscious rejection of their inversion, reduction of environmental toxins, and advanced spiritual practices like Energy Enhancement Meditation offer real countermeasures. Removing energy blockages, grounding negativity, and restoring Soul-Infused Personality can mitigate neurological and epigenetic damage, closing demonic doorways and reducing susceptibility to the loosh harvest.

Łobaczewski's framework proves the danger. The time to reject pathocracy is now — before the frozen genome and infil-traitored institutions lock humanity forever into the psychopaths' engineered hell.

Chapter 11: Genetic Degeneracy as Gateway to Demon Possession (DPP) and Loosh Harvesting

Elite Atlantis-Phoenician Empire Black Nobility bloodlines deliberately engineer genetic degeneracy to create open doorways for demonic possession and the vampiric spiritual energy loosh farm.

Severe genetic degeneracy — especially the mutational overload from inbreeding, founder effects, chemical carcinogens, Mod-RNA – MRNA interventions, and Gnostic drug practices — creates the perfect neurological and energetic terrain for full demonic possession.

This turns high-functioning psychopaths into **Demon Possessed Persons (DPPs)** — empty vessels lacking conscience that ancient entities (succubi, incubi, Lilith-lineage demons, or full Archonic overlords) can download into and operate through.

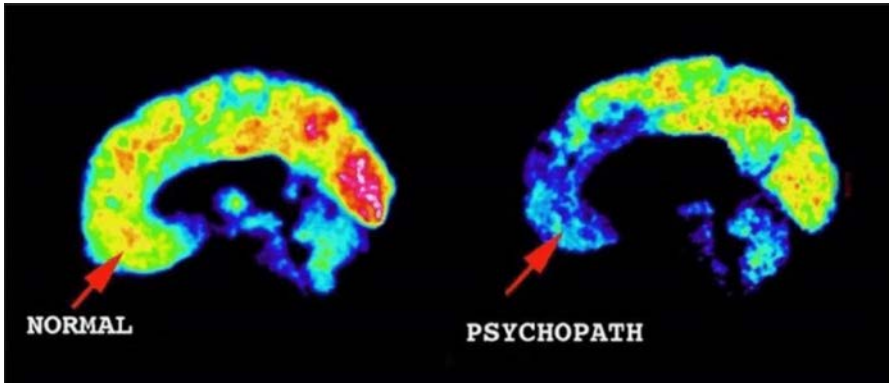
The genome does not lie. Damaged DNA produces damaged souls — perfect livestock for the **vampiric spiritual energy loosh farm**.

Neurological Damage as the Primary Gateway

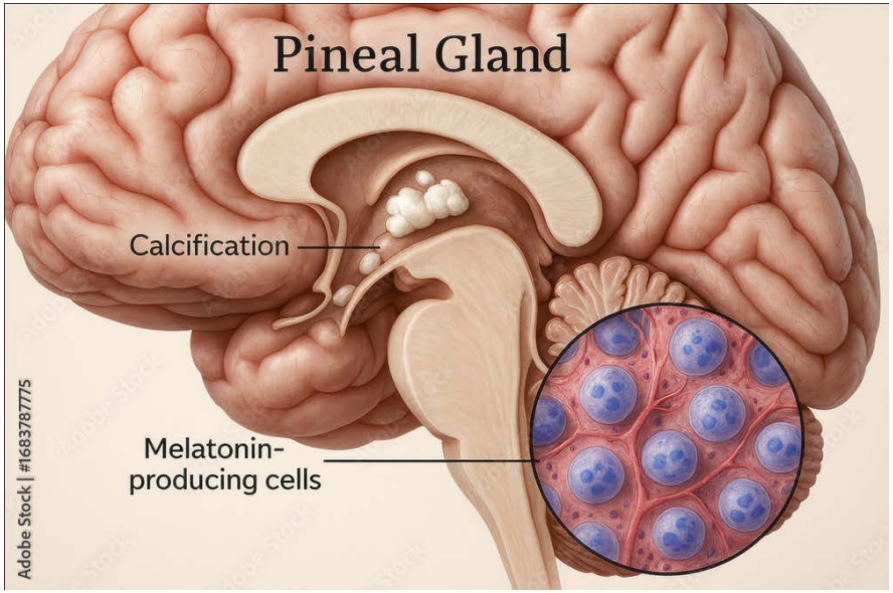
The mechanisms are biological, energetic, and spiritual:

- **Prefrontal cortex deficits**: Impaired executive function, moral reasoning, and impulse control. Psychopaths and DPPs show reduced activity here — the seat of conscience and long-term planning.
- **Amygdala dysfunction**: Blunted fear response and empathy circuits. Normal humans feel revulsion at cruelty. DPPs feel nothing — or pleasure.

- **Pineal/third-eye calcification**: Blocked spiritual connection and intuition. The pineal gland, often called the "seat of the soul," becomes a closed doorway when damaged by fluoride, heavy metals, chemicals, and drug abuse.



- **Genetic vulnerabilities and occult facilitation producing clusters of psychopathic traits in elites.**



Pineal/third-eye damage from Fluoride and inbreeding — blocked spiritual connection

When these neurological vulnerabilities combine with inbreeding (concentrating recessive faults) and chemical assaults (carcinogen DNA adducts, oxidative stress, epigenetic scars), the natural spiritual barriers collapse. The result is a compromised vessel — an empty husk ready for possession.

Gnostic practices, Satanic Rituals, ritual sex, hallucinogens, and occult shadow work (Abraxas fusion of opposites, “do what thou wilt”) actively create energetic vulnerabilities:

- **Chakra blockages**: Damaged energy centers (especially root, sacral, and third eye) act as open portals. Inbreeding and chemicals weaken the aura. Rituals and drugs implant entities.
- **Entity implants and vampire cords**: Succubi, incubi, and Archonic attachments feed on sexual energy and emotional trauma. The **vampiric spiritual energy loosh farm** operates through these cords — harvesting fear, lust, pain, and suffering.
- **Abraxas/shadow fusion as open doorways**: Jung’s “coincidentia oppositorum” (uniting good and evil without

moral resolution) and Crowley's Thelema dissolve natural spiritual protections. The initiate becomes "beyond good and evil" — the perfect state for demonic download.

Face Dancer-style infiltration becomes possible. Archons and lesser entities wear the compromised human as a suit, operating through psychopathic bloodlines and damaged populations with ease.

Loosh as the Spiritual Energy Farm

The ultimate purpose is **loosh harvesting** — the emotional and spiritual energy extracted from suffering humanity.

Damaged genomes produce maximum loosh: fear from chaos, lust from sexual LGBTPS inversion, despair from degeneration, and rage from engineered division, rape when young, becoming Trans.

The psychopathocratic elite — many DPPs themselves — orchestrate this farm while feeding on the harvest.

Ritual abuse, wars, chemical pacification, and cultural inversion are not random evils. They are farm management techniques.

The Black Nobility's multi-millennial project has produced exactly the compromised vessels needed for this system. Inbreeding concentrates the traits.

Chemicals and drugs open the doorways. Gnostic sexual LGBTPS inversion removes the moral resistance. The result is a planet of livestock generating endless energy for non-human overlords.

The Urgent Warning

Genetic degeneracy is not misfortune. It is gateway. The **vampiric spiritual energy loosh farm** depends on it. Weakened souls become possessed vessels. Empathic humans become loosh generators. The psychopaths maintain the system while the Archons feast.

The genome does not lie. The Black Nobility's centuries of consanguinity, chemical warfare, and occult practices have created the perfect conditions for demonic takeover.

The worms are devouring the frozen remains of sovereign humanity.

But it is not too late.

Energy Enhancement Meditation directly counters this degeneration: grounding negativity through Alchemical VITRIOL, removing entity implants and blockages via the Seven Step Process, restoring Soul-Infused Personality, and closing demonic doorways. This purifies epigenetic scars, strengthens neurological substrates, and rebuilds spiritual sovereignty.

The DPP and loosh farm reality proves the danger. The time to reject it is now — through conscious breeding choices, toxin avoidance, and advanced purification — before the frozen genome locks shut forever and humanity descends completely into the psychopaths' demonic hell.

Chapter 12: The Epigenetics of Energy Enhancement Meditation – Rewiring, Purifying, and Healing the Genome

While the psychopaths push genetic degeneration through every vector at their disposal, individuals still retain the power to fight back at the molecular, epigenetic, energetic, and spiritual levels.

In an age of frozen gene pools, mutational overload from carcinogens and modified-RNA interventions, elite inbreeding, and collapsing generational turnover, humanity faces accelerating genetic decay.

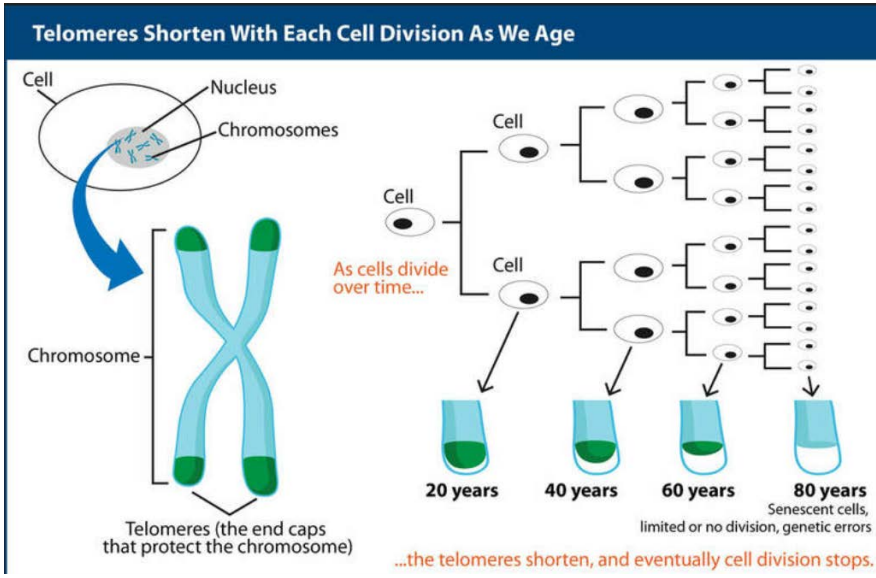
Yet emerging science reveals a powerful countermeasure: meditation. Far from mere relaxation, contemplative practices induce measurable **epigenetic** changes — reversible modifications that regulate gene expression without altering the DNA sequence itself.

These include DNA methylation, histone modifications, and shifts in non-coding RNAs. Meditation can slow epigenetic aging, downregulate inflammatory pathways, reverse stress-induced damage, and promote cellular repair — offering a path to heal the genome at the individual and potentially collective level.

This is not New Age fantasy.

It is verifiable science.

Energy Enhancement Meditation takes this further — combining ancient techniques with advanced blockage removal to directly counter the Black Nobility's multi-millennial assault on human sovereignty.



Meditation and telomere protection — countering the mutational load from carcinogens and inbreeding.

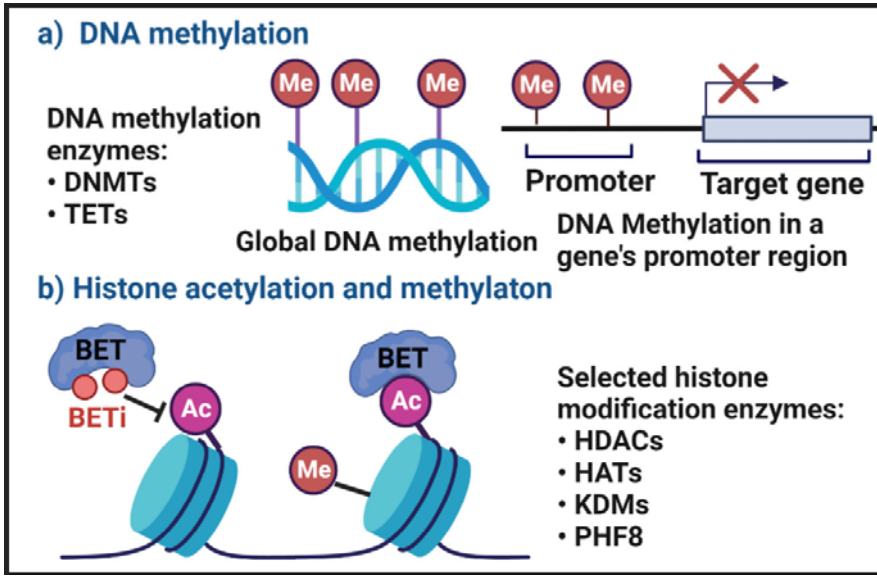
Scientific Mechanisms – How Meditation Rewires the Genome

Studies consistently show rapid and lasting changes from meditation and related mind-body practices:

- **Telomere Protection and Anti-Aging**: Meditation boosts telomerase activity, helping maintain chromosome ends and slowing cellular aging. Multiple studies link long-term practice to longer telomeres or slower attrition, partly via increased telomerase and reduced oxidative stress. A meta-analysis found a positive effect, stronger with more practice hours. This counters the telomere shortening driven by chronic stress, inbreeding depression, and chemical damage.

- **NF-κB Downregulation and Inflammation Control**: Mind-body interventions decrease production of NF-κB and pro-inflammatory cytokines, reversing stress-induced gene expression patterns. Experienced meditators show altered methylation in genes for immune function, metabolism, and stress response. This reduces the inflammatory environment that impairs DNA repair and promotes mutations from carcinogen adducts.
- **Histone Modifications and Gene Expression Shifts**: A landmark study found that a single day of intensive mindfulness significantly lowered HDAC genes, leading to increased histone acetylation (opening chromatin for healthier gene expression) and reduced pro-inflammatory genes. Meditation influences hundreds of genes, often up-regulating protective pathways and down-regulating harmful ones.
- **DNA Methylation Shifts and Epigenetic Age Reversal**: Long-term meditators show slower epigenetic aging (measured by DNA methylation clocks). Short interventions can rapidly alter methylation at genes tied to immune function, metabolism, and stress response. These changes are reversible and responsive to environment and behavior.

These mechanisms provide **indirect DNA repair support**. By reducing oxidative stress and inflammation, meditation enhances the efficiency of the body's natural repair enzymes (base excision repair, nucleotide excision repair). It does not magically fix every adduct from carcinogens, but it strengthens resilience against mutational load and epigenetic scars caused by inbreeding, chemicals, and Gnostic drug practices.



Epigenetic rewiring through meditation — reversing scars from chemical and Gnostic assaults

How Energy Enhancement Meditation Counters the Assault

Energy Enhancement goes beyond standard meditation. It directly targets the energetic and spiritual damage caused by the Black Nobility's project:

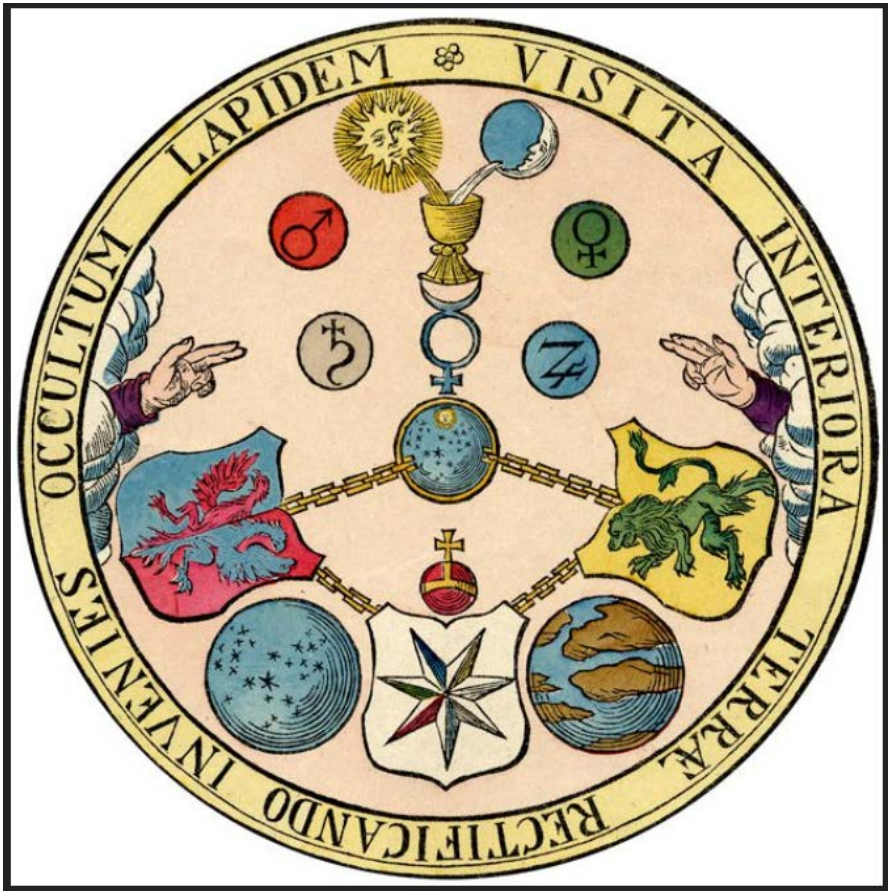
- **Counters Carcinogen Adducts and Mutational Load**: By lowering chronic inflammation (NF-κB) and oxidative stress, it supports DNA repair pathways. Telomere protection slows the cellular aging accelerated by genotoxins.
- **Reverses Epigenetic Scars**: Histone modifications and methylation shifts help undo stress-induced and chemical-induced gene silencing. This restores healthier expression patterns damaged by inbreeding and environmental assaults.
- **Combats Gnostic Fragmentation**: Gnostic practices (Abraxas shadow fusion, drug-induced dissociation) create energetic fragmentation and entity

implants. Energy Enhancement removes these blockages, preventing the neurological and spiritual vulnerabilities that lead to demonic possession (DPP).

Energy Enhancement Specifics – The Practical Tools for Sovereignty

Energy Enhancement is not generic mindfulness. It is a complete system for purification and evolution:

- **Alchemical VITRIOL Grounding**: Visita Interiore Terrae Rectificando Invenies Occultem Lapidem — "Visit the interior of the Earth and rectifying you will find the hidden stone." This ancient guided meditation grounds negative energies into the Kundalini Chakra in the Center of the Earth, whose nuclear fires burn up even the deepest karma and energy blockages.
- **Seven Step Process for Blockages, Implants, and Subpersonalities Removal**: The core technique systematically identifies, grounds, and transmutes energy blockages, entity implants, and shadow subpersonalities. This directly removes the energetic structures that serve as demonic portals and loosh conduits.
- **Chakra Fusion and Antahkarana Activation**: Fusion of the chakras and connection and fusion with the infinity of chakras above the head creates a powerful energy column (Antahkarana) that channels infinite spiritual energy. This strengthens the aura and closes vulnerabilities exploited by Archons.
- **Soul-Infused Personality Restoration**: The ultimate goal — integration with the Soul, creating a unified, sovereign personality no longer fragmented by shadow, implants, or Gnostic inversion. This restores empathy, moral reasoning, and spiritual connection damaged by genetic degeneracy.



Alchemical VITRIOL grounding — burning up blockages in the nuclear fires of the Earth's core.

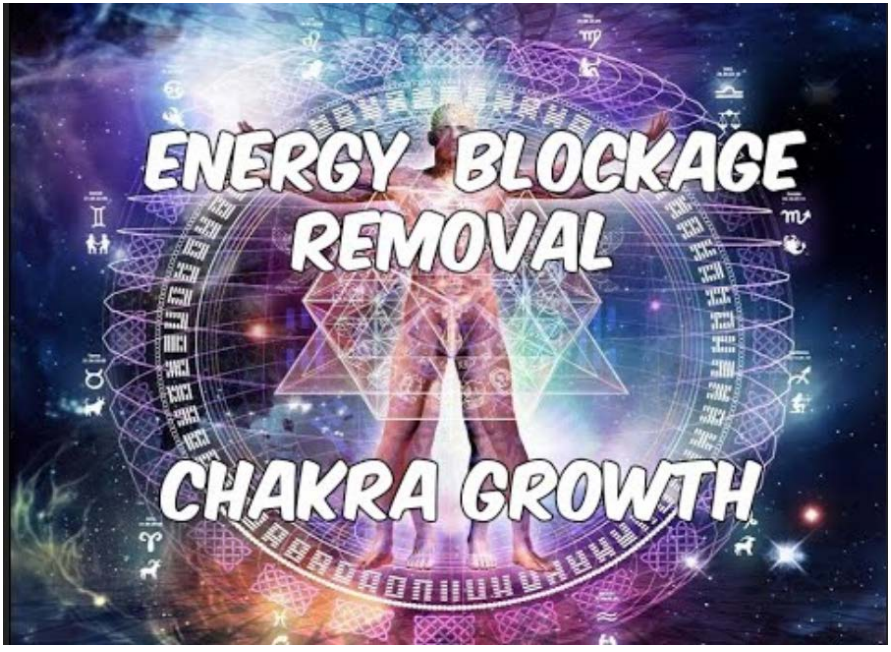
These techniques are not optional. They are urgent weapons of survival in the war against the frozen genome and the **vampiric spiritual energy loosh farm**.

Even short daily sessions or intensive practice produce measurable shifts in gene expression, telomere length, and energetic integrity.

The Urgent Call to Action

The psychopaths have engineered genetic and spiritual degeneration for millennia. Carcinogens, inbreeding, drugs, Satanic Rituals and Gnostic practices create the perfect conditions for demonic possession and loosh harvesting. But the genome is not destiny. Through the molecules of silence and advanced Energy Enhancement techniques, we can rewrite our epigenetic story — healing damage, restoring empathy, and starving the satanic harvest.

Act now. Ground the negativity. Remove the blockages. Fuse the chakras. Restore your Soul-Infused Personality. Or watch helplessly as the frozen genome locks shut forever, delivering humanity into irreversible demonic takeover under open psychopathocratic rule.



The Seven Step Process — removing implants, subpersonalities, and demonic doorways

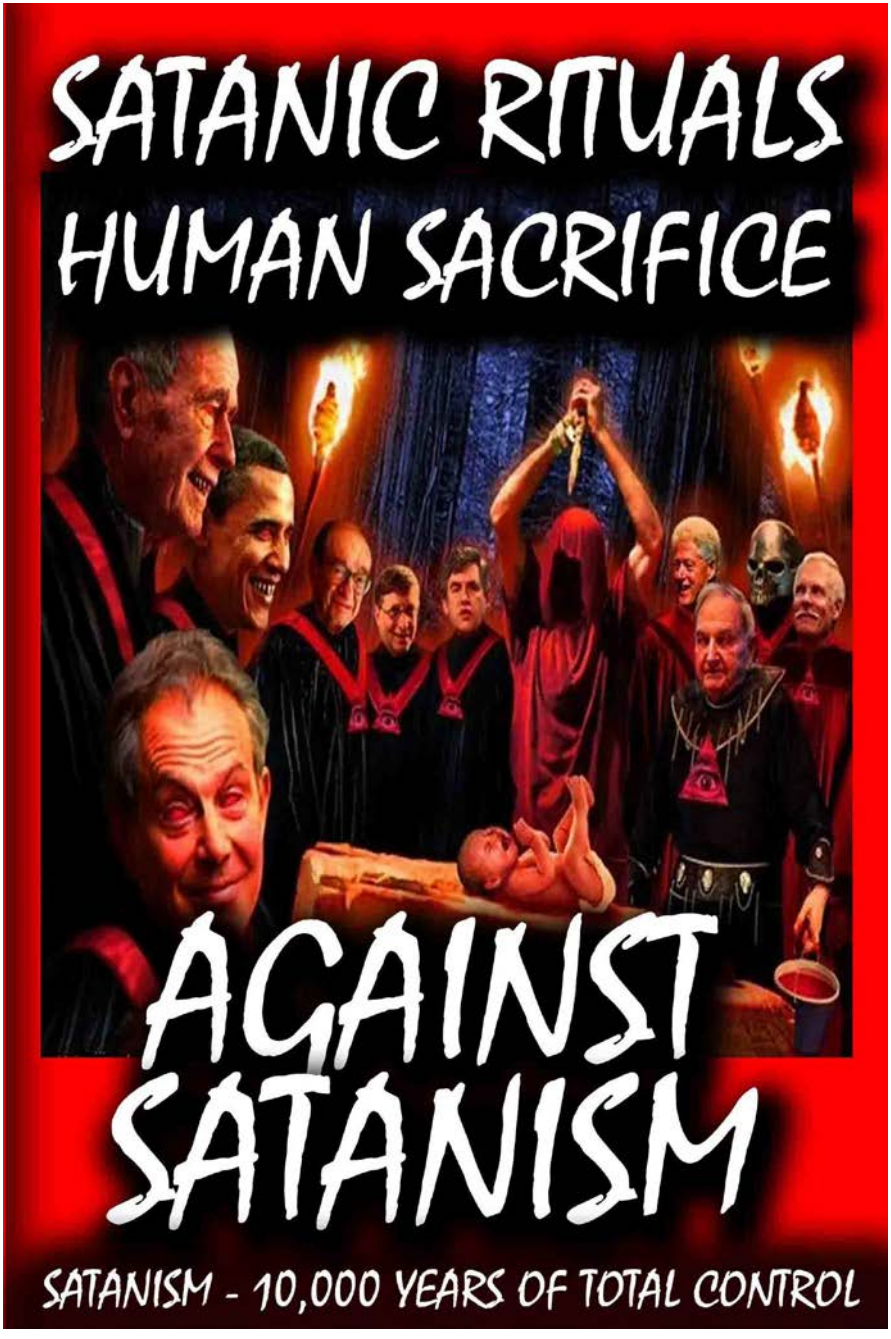
The choice is yours — but the clock is nearly expired.

Chapter 13: Breaking the Loosh Farm – Satanism, Ritual Inversion, and the Energy Enhancement Revolution

The vampiric spiritual energy loosh farm is real. It has operated for 10,000 years. But it can be broken.

Ritual inversion, also known as a ritual of reversal, is a sociocultural practice where **established hierarchies, social roles, or cultural norms are temporarily suspended or reversed** during Satanic Rituals, specific rituals, festivals, or rites of passage. Satanism is not a fringe cult. It is the operating system of the psychopathocratic elite. It is gradually being instituted as the New World Religion, defined by Satanic Ritual. The LGBTPS pillars — institutionalized homosexuality, pederasty, pedophilia, drugs, and ritual sex (both hetero and homosexual) — are introduced overtly as a prelude to ritual human sacrifice and baby sacrifice. Christianity and Judaism — the final bulwarks against Satanism — are demonized and dismantled.

The 10,000-year war documented in the Against Satanism series



SATANIC RITUALS
HUMAN SACRIFICE
AGAINST
SATANISM
SATANISM - 10,000 YEARS OF TOTAL CONTROL

The masses, genetically primed for compliance and emotional volatility, generate endless loosh through engineered chaos, while the inbred elite perform their rituals with impunity.

This is the prison planet endgame.

The Black Nobility's 10,000-year Atlantis-Phoenician Empire project has always been about spiritual vampirism — sucking the energy of humanity to sustain their power and live forever out of the body.

They created Satanism to institutionalize that vampirism in their evil rituals, then used mind control to tightly control their adherents in secret societies, richly rewarding their worshippers so they would work to dumb down humanity permanently.

The loosh farm depends on a degraded, fragmented, and emotionally volatile population. Genetic degeneracy, chemical warfare, Gnostic inversion, and ritual practices all serve this purpose.

The Satanic Pillars and Ritual Inversion

The pillars are not random degeneracy. They are farm management:

- **LGBTPS Inversion**: Institutionalized sexual chaos fragments the soul, opens energetic portals, and normalizes transgression.
- **Ritual Sex and Sacrifice**: Blood, pain, and sexual energy generate the highest quality loosh. Baby sacrifice represents the ultimate inversion — destroying innocence to feed the entities.
- **Drugs as Chemical Control**: Soma drugs for the masses — pacification, dissociation, and spiritual disconnection.
- **Occult Mind Control**: Secret societies, Freemasons, Crowley OTO, Chabad, and other networks train

adherents in repression of the Soul-Infused Personality and amplification of evil shadow subpersonalities.

72 Empires have been recorded and every one of them has failed in the same way. The facts have been recorded that a totalitarian and satanic elite infil-traitored and took over all these Empires and that 72 once free, flourishing and rich republics were destroyed from within by Satanic Ritual.

The Against Satanism Series – Documenting the 10,000-Year War

Satchidanand's *Against Satanism* series (12 volumes available for free) exposes the occulted history: the Atlantis-Phoenician Black Nobility's 10,000-year project of spiritual vampirism.

The books document how Satanism, Luciferianism, and their offshoots have manipulated global history to harvest energy and maintain control.

From ancient rituals to modern banking, intelligence agencies, and cultural engineering — the pattern is consistent.

The series is essential reading for understanding how the loosh farm operates and how to break free.

Practical Tools for Liberation – The Energy Enhancement Revolution

The psychopaths have the farm. We have the revolution.

Soul-Infused Personality — the ultimate liberation from the vampiric spiritual energy loosh farm.

Energy Enhancement Meditation is the only complete system capable of breaking the loosh farm at the individual and collective level:

- **Alchemical VITRIOL Grounding**: Visit the interior of the Earth and rectifying you will find the hidden stone. Ground negative energies into the Kundalini Chakra in the Center of the Earth — whose nuclear fires burn up even the deepest karma, blockages, and implants.
- **Seven Step Process**: Systematically identify, ground, and transmute energy blockages, entity implants, vampire cords, and shadow subpersonalities. This removes the structures that serve as demonic portals and loosh conduits.
- **Chakra Fusion and Antahkarana Activation**: Connect to the infinity of chakras above the head, creating a powerful energy column that channels infinite spiritual energy. This strengthens the aura and closes vulnerabilities exploited by Archons.
- **Soul-Infused Personality Restoration**: Integrate with the Soul, creating a unified, sovereign personality no longer fragmented by shadow, implants, or Gnostic inversion. This restores empathy, moral reasoning, and spiritual connection damaged by genetic degeneracy.

These techniques are not optional. They are urgent weapons of survival and counter-offensive in this war for human sovereignty. Even short daily sessions produce measurable shifts in gene expression, telomere length, and energetic integrity.

Combined with conscious breeding choices, toxin avoidance, and rejection of the elite's inversion, they offer a real path to break the farm.

The genome does not lie.

The Black Nobility's 10,000-year project has produced the perfect loosh farm. But the Energy Enhancement Revolution gives us the tools to dismantle it from within — one purified soul at a time.

Act now. Ground the negativity. Remove the blockages. Fuse the chakras. Restore your Soul-Infused Personality. Starve the farm. Reclaim your sovereign energy.

The choice is yours — but the clock is nearly expired. The Energy Enhancement Revolution is the only solution.

Chapter 14: Practical Takeaway and Call to Action – Reclaim Your Genome and Sovereign Soul

Daily Energy Enhancement practice — the practical weapon against the frozen genome.

The psychopaths have engineered the frozen genome and the vampiric spiritual energy loosh farm for 10,000 years. But you still have the power to break free.

Humanity stands at the absolute precipice of irreversible collapse. The genome does not lie. Centuries of elite inbreeding, chemical assaults, Gnostic inversion, and occult facilitation have produced a world of damaged vessels feeding a satanic harvest.

The Black Nobility's Atlantis-Phoenician project has infiltraitored 72 empires and now threatens the final one — our own. The worms are devouring the frozen remains of sovereign humanity.

But it is not too late — yet.

While the psychopaths push genetic degeneration through every vector at their disposal — inbreeding, carcinogens, modified-RNA interventions, drugs, and ritual inversion — individuals and awakened communities still retain the power to fight back at the molecular, epigenetic, energetic, and spiritual levels.

The tools exist. The choice is yours. Act now or watch helplessly as the frozen genome locks shut forever.

Actionable Steps to Reclaim Your Genome and Sovereign Soul

1. **Minimize Carcinogens and Environmental Toxins** Reduce exposure to DNA-damaging agents: avoid processed foods with additives, filter water (remove fluoride, heavy metals), filter the air with activated carbon, choose organic produce, use natural personal care products, and limit plastics. Support policies and communities that prioritize clean air, water, and soil. Every reduction in genotoxic load slows mutational accumulation and supports natural DNA repair mechanisms.
2. **Conscious Breeding and Fertility Restoration** Reject close-kin marriage and deliberate genetic sabotage. Prioritize partners with healthy genetic backgrounds. Support fertility awareness, natural conception practices, and policies that encourage higher birth rates among healthy populations. The collapse of selective turnover (*d* coefficient) is reversible through conscious demographic choices.

Protect the next generation from chemical and cultural attacks on reproduction.

3. **Daily Energy Enhancement Meditation Practice** This is the core weapon. Commit to consistent practice:
    - **Alchemical VITRIOL Grounding**: Daily grounding of negative energies into the Earth's core — burning up karma, blockages, and implants in the nuclear fires.
    - **Seven Step Process**: Systematically remove energy blockages, entity implants, vampire cords, and shadow subpersonalities. This closes demonic doorways and stops loosh leakage.
    - **Chakra Fusion and Antahkarana Activation**: Build the energy column connecting to infinite chakras above the head — strengthening the aura and restoring spiritual connection.
    - **Soul-Infused Personality Restoration**: Integrate with the Soul for a unified, sovereign personality no longer fragmented by degeneration or inversion.

Even 20–30 minutes daily produces measurable epigenetic shifts, telomere protection, inflammation downregulation, and energetic purification. Intensive retreats accelerate the process dramatically.

4. **Reject the Inversion and Starve the Farm** Withdraw consent from the satanic pillars (LGBTPS, ritual culture, chemical pacification). Support truth-telling, family restoration, and moral renewal. Reduce consumption of mainstream media and entertainment that generates loosh. Build parallel structures — conscious communities, alternative education, and spiritual networks — that operate outside the psychopaths' control system.

Urgent Warning and Message of Hope

The clock is not only ticking. It is nearly expired. The Black Nobility's multi-millennial project has brought us to the brink of total demonic takeover under open psychopathocratic rule.

Genetic degeneracy opens the doorways. Chemical and occult practices widen them. The loosh farm depends on your suffering and fragmentation.

But hope is real. The genome is responsive. Epigenetics can be rewritten. Souls can be purified.

The Energy Enhancement Revolution gives every individual the tools to reclaim sovereignty — one blockage,

one implant, one soul at a time. As more people awaken and purify, the farm loses its fuel. The entities lose their vessels. The psychopaths lose their power.

The genome does not lie. The Black Nobility's centuries of consanguinity and sabotage have created the current crisis. Energy Enhancement Meditation and conscious living provide the solution.

Act now. Purify your genome. Remove the blockages. Fuse the chakras. Restore your Soul-Infused Personality. Starve the loosh farm. Reclaim your sovereign energy.

The choice is still yours — but the time for hesitation is over. The Energy Enhancement Revolution is the only path forward. Begin today. The future of humanity depends on it.

THE BONFIRE OF MODERN BIOLOGY
For over a century, the Theory of Evolution by Natural Selection has served as the secular creation myth of the modern world. It has been hailed as the origin of the species, the foundation of modern biology, the cornerstone of the Enlightenment, and the universal acid that redefined Man's place in the universe.
But after 150 years of storytelling, the scientific myths finally met the math.
In Probability Zero, Vox Day conducts the final forensic audit of a failed theory. This is not another entry in the culture wars,

As 180IQ Vox Day's *Probability Zero* and the MITTENS analysis devastatingly prove, the Selective Turnover Coefficient (d) — the fraction of the gene pool replaced each generation — has collapsed from around 0.33 in high-fertility eras to as low as 0.08–0.09 in modern industrialized nations. With fertility crashing, the gene pool barely turns over. Natural selection grinds to a halt. Deleterious mutations pile up, drift dominates, and fixation rates (k) deviate wildly from outdated models like Kimura's. The result? A post-technological entropic degeneracy where

damaged genomes produce rulers increasingly detached from normal human empathy.

This is not random. Certain elite bloodlines have accelerated their own destruction — and ours — through deliberate, multi-millennial **inbreeding in order to actually increase their Satanic Ritual Psychopathy as the methodology of Ruling the World**, mirroring the cousin-marriage catastrophe in Pakistan and the ancient practices of the Atlantis-Phoenician Black Nobility.

Polish psychiatrist Andrzej Łobaczewski, who survived both Nazi and Soviet occupation, laid it bare in ***Political Ponerology: A Science on the Nature of Evil Adjusted for Political Purposes.*** Pathocracy — rule by psychopaths — emerges when a small percentage of genetic psychopaths (estimated 4–6% of populations, higher in elites) infiltrate and dominate institutions. These individuals lack conscience, empathy, and remorse. They charm, manipulate, and divide normal people, eventually turning entire societies into instruments of their depravity. Lobaczewski documented how psychopathic traits cluster in power structures, creating self-

reinforcing systems of evil that destroy republics from within — **exactly the infil-traitoring pattern seen across 72 fallen empires in Satchidanand's FREE! Twelve Volume set Against Satanism.**

Genetics load the gun. Inbreeding and mutational accumulation pull the trigger.

Cousin Marriage in Pakistan: A Living Laboratory of Genetic Ruin

In Pakistan, where 60–70% of marriages are consanguineous (often first cousins), the consequences are catastrophic and visible. Recessive genetic disorders skyrocket: congenital malformations, intellectual disabilities, deafness, heart defects, metabolic syndromes, and elevated risks of neurological and psychiatric conditions. Children of first cousins face roughly double the risk of recessive disorders. Entire communities suffer higher rates of rare diseases due to homozygous expression of deleterious alleles.

This is not ancient custom alone — it is a **genetic trap** that concentrates faults. Psychopathic and antisocial traits, which show moderate-to-high heritability (often 40–60%+ for core features like callous-unemotionality), become amplified when carrier parents share the same damaged DNA. The result: populations with measurably higher loads of impulsivity, low empathy, and cluster-B personality disorders. Scale this up

across generations of deliberate elite endogamy, and you get bloodlines engineered for predation and War.

Thus the All Pakistani Rape Gang Renfields in the UK which prostituted, raped and killed 500,000 children for the Dracula Elite following on from Savile.

The Black Nobility Extreme Inbreeding Blueprint: Habsburg Jaw, Rothschilds, Windsors, and the Satanic Predisposition

For centuries, the Atlantis-Phoenician Black Nobility — the hidden bloodlines behind Venetian banking, European royalty, and the modern Rothschild syndicate — practiced extreme interbreeding to “preserve purity” and concentrate

money and power. The results are textbook: the infamous Habsburg jaw (mandibular prognathism) from centuries of cousin and uncle-niece marriages, with associated deformities reaching grotesque extremes in figures like Charles II of Spain. Rothschild and Windsor lines similarly preserved immense wealth and influence while concentrating vulnerabilities, including clusters of neurological issues, personality disorders, and conditions like hemophilia that spread through interconnected nobility - The Czars of Russia healing their child's Hemophilia with Rasputin.

These are not mere cosmetic flaws. Inbreeding depression and mutational meltdown increase risks for Satanic Psychopathy, schizophrenia, bipolar disorder, autism spectrum traits, and — crucially — the heritable components of psychopathy: fearless dominance, impulsive antisociality, and callous-unemotional traits. Twin and adoption studies consistently show substantial genetic influence on psychopathy (up to 50%+ heritability for core dimensions). **When the genome is already compromised by accumulated faults and then inbred, the probability of producing high-functioning, conscience-free psychopathic predators rises dramatically.**

Genetic Degeneracy in the Zionist Khazar-Ashkenazi Bloodlines

A parallel case of concentrated genetic faults appears in the so-called Zionist Khazar-descended Ashkenazi Jewish lineages, long rumored as a key vector for the Phoenician-Black Nobility network with the Ukraine being the source of Mind Controlling Cults like Satanism, Sabbatean Frankism and Black magic.

Madame Blavatsky came from the Ukraine and founded Theosophy whilst praising Lucifer along with Lucifer Trust

MI6 Alice Bailey whose temple resides at the Satanic Rothschild United Nations!

Christian Bale - American Psycho Banker Elite

While mainstream genetics largely rejects the full Khazar conversion hypothesis in favor of Levantine + European admixture with strong founder effects, the population exhibits clear signs of historical bottlenecks and endogamy. Ashkenazi Jews show elevated frequencies of recessive genetic disorders — Tay-Sachs, Gaucher disease (1 in 10 carriers), Niemann-Pick, Bloom syndrome, and BRCA mutations linked to cancers — due to founder events around 600–800 years ago, when the population was reduced to a few hundred to a few thousand reproducing individuals.

This extreme genetic drift of the Zionist Khazar Jews amplified deleterious alleles, contributing to higher reported rates of certain neurological and psychiatric conditions in some studies leading to the hatred between these Jews and the normal population which ended in the alliance between the Zionist Ashken-Nazi Jews and Hitler and the rest of the Jews ending in the Holocaust Concentration Camps.

In the context of Pathocracy, Psychopathy, these concentrated faults within tight-knit Ashken-nazi financial, media, and

intellectual networks mirror the inbreeding patterns of European royalty, producing individuals potentially predisposed to the amoral calculation, tribal endogamy, and ritualistic inversion that fuel satanic elite practices.

Whether through ancient Khazar admixture or later bottlenecks, the result is the same: frozen, fault-laden genomes that create Psychopathy, erode empathy and amplify predatory instincts across generations of power consolidation.

Genetic Faults Predispose to Satanism and Ritual

Damaged genomes do not merely produce physical weakness or low IQ. They erode the neurological substrates for empathy, moral reasoning, and spiritual connection — creating individuals drawn to inversion, domination, and ritual transgression. Psychopaths lack the innate revulsion normal humans feel toward cruelty. When this meets multi-generational elite culture steeped in occult practices and War, the result is **satanic ritual** as both outlet and reinforcement.

Evil Shadow Subpersonalities band together to take you over via a degenerate genome and repress the Soul infused Personality. They are then Evil psychopaths and this is bad enough. But when these Evil Shadow taken over people band together into groups, Satanic Mind Control Evil Religions and Cults, Atlantis-Phoenician Bloodline Families like the Rothschild-Rockefeller combine and Bloodline Races, Secret Societies Satanism, Luciferianism, Freemasons, Crowley OTO, Cartels, Central Banking Banksters - giving courses on how to repress further the soul infused personality - how to become even more Evil - then this is what and why I write in my Against Satanism series of Books - currently Twelve volumes available for FREE!! when you sign up for the newsletter at energyenhancement.org .

Satanism is gradually being instituted as the New World Order.

The New World Religion, defined by Satanic Ritual.

72 Empires have been recorded and every one of them has failed in the same way. The facts have been recorded that a totalitarian and satanic elite infil-traitored and took over all these Empires and that 72 once free, flourishing and rich republics were destroyed from within by Satanic Ritual - read Toynbee. Satanism is gradually being instituted as the New World Religion defined by Satanic Ritual.

Infil-traition of Satanism is the methodology as slowly every Government Ministry and Societal function is taken over. Eventually a Satanist becomes King Emperor President. LGBTPS - The Satanist Ritual Pillars of Homosexuality, Satanism, Pederasty, Pedophilia, Drugs and Ritual Sex - both Hetero and Homosexual - are introduced overtly as a prelude to Ritual Human Sacrifice and Ritual Baby Sacrifice. Christianity and Judaism - the bulwarks Against Satanism - are destroyed and then society destroyed through the fear of mandatory Ritual Human Sacrifice.

The Energy Enhancement Books - Satchidanand's Against Satanism is a 12-volume book series published under the Energy Enhancement imprint.

An exposé on the "Occulted Satanic History of the World" and the influence of the Atlantis-Phoenician Black Nobility. The series argues that ancient satanic rituals and mind-control cults have manipulated global history for 10,000 years to harvest spiritual energy and maintain control over humanity.

The volumes cover a wide range of topics, including:

- **Globalist Elites**: Allegations involving the **Rothschild** family, **Chabad-Lubavitch**, and

the **British Monarchy** as part of a continuous satanic network.

- **Historical Events**: Connections drawn between historical figures like **Jeffrey Epstein**, **Jimmy Savile**, and political leaders like **Donald Trump** to alleged satanic rituals.
- **Ideological Critiques**: Claims that **Communism**, **Nazism**, **Zionism**, and various religious institutions are Created Mind Control Cults - tools of the satanic globalist agenda.

The books are available for **free download** in a single **RAR file** from the website **againstsatanism.com**, alongside other **Energy Enhancement** meditation resources. The author promotes these texts as essential for spiritual liberation and understanding the vast conspiracy of **satanic globalism** by Satchidanand.

They created the Religion of Satanism 10,000 years ago to institutionalise that vampirism in their evil Rituals, then also used their Mind Control Rituals to tightly control their adherants in their secret societies, to richly reward their worshippers, so that their worshippers of Satan would work to dumb down humanity secretly, permanently, so that the vampirisation of their energy could continue eternally without any pushback from the populace.

Genetic Degeneracy as Gateway to Demon Possession (DPP)

Severe genetic degeneracy — especially the mutational overload from inbreeding, founder effects, and the frozen gene pool — creates the perfect neurological and energetic terrain for full demonic possession, turning high-functioning psychopaths into Demon Possessed Persons (DPPs). Compromised brain structures (prefrontal cortex deficits, amygdala dysfunction, and pineal/third-eye calcification) weaken the natural spiritual barriers that shield sovereign souls from Demonic, Archonic invasion.

Satchidanand's Energy Enhancement teachings describe how vampire implants, entity blockages, and damaged chakras above the head act as open doorways, portals; when combined with heavy genetic faults, these individuals become ideal vessels — empty husks lacking conscience that ancient entities (succubi, incubi, Lilith-lineage demons, or full Archonic overlords) can download into and operate through.

The Black Nobility and associated bloodlines, with their centuries of deliberate consanguinity, have engineered bloodlines that are not merely psychopathic but actively hospitable to possession, enabling seamless Dune Face Dancer-style infiltration and the ritual performance of loosh-harvesting atrocities. The genome does not just predispose to evil behavior — it creates the hardware for supernatural evil to take the wheel.

The Black Nobility bloodlines (including their Khazar-inflected branches), with their frozen, fault-laden genomes, are predisposed to the very pillars Satchidanand identifies: LGBTPS, institutionalized degeneracy, pederasty, ritual sex, and the escalation toward human sacrifice like MAID and the deathvaxx.

Their ancient Phoenician-Atlantis roots preserved techniques of power through perversion. In a world of collapsing genetic turnover ($d \rightarrow 0$), these elites no longer need to fear dilution of their "special" traits. The broader population accumulates damage too, becoming easier to rule, more susceptible to loosh-harvesting emotional manipulation, and less capable of resistance.

Herbert's *Dune* warned us: the inbred, psychopathic Harkonnens versus the messianic Atreides facade, with Face Dancer infiltrators winning in the end. Reality is worse. The satanic elite aren't just ruling damaged populations — they are the product and perpetuators of the damage.

As the gene pool freezes and mutations fixate without selection to purge them, humanity faces a future of accelerating degeneracy unless we break the cycles of inbreeding, restore fertility and genetic turnover, and reject the pathocratic overlords. The genome does not lie. The Black Nobility's centuries of consanguinity — across European, Rothschild, and associated lineages — have produced exactly the conscienceless predators *Political Ponerology* described. The spice — their oil, power, and ritual fuel — flows from our suffering.

The worms are stirring. The question is whether we let the Face Dancers complete their victory, or reclaim the blood of sovereign humanity before the genome locks shut forever.

And it Gets Worse... The mRNA Apocalypse: How Modified-RNA Injections Are Deliberately Freezing and Corrupting the Human Gene Pool to Birth a Satanic Psychopath Prison Planet

The satanic elite didn't need to wait for natural mutational meltdown. They engineered the perfect accelerant: **modified mRNA (mod-RNA) Deathvaxx injections**, rolled out under the cover of a "pandemic," and forced or coerced into the arms of roughly 80% of humanity. While the mainstream chants "safe and effective," the real agenda is crystal clear in light of Vox Day's *Probability Zero* and MITTENS data: collapse the Selective Turnover Coefficient (d) even further,

spike deleterious mutations, freeze the gene pool, and transform the bulk of humanity into a loosh-rich herd of damaged, empathy-deficient drones ruled by a psychopathocratic elite feasting on ritual sacrifice. This is the final phase of the Atlantis-Phoenician Black Nobility's 10,000-year war on sovereign genomes.

As detailed previously, the human gene pool was already freezing. Fertility collapse drove d from ~0.33 toward 0.08–0.09 across industrialized nations, slashing natural selection's ability to purge harmful mutations. Now add Mod-RNA technology — lipid nanoparticles delivering synthetic instructions that hijack cellular machinery. These shots don't just code for spike protein; they introduce mechanisms linked to persistent expression, frameshifting, DNA integration concerns, and systemic inflammation that accelerate genetic damage. The result? A population-wide mutational overload on top of already collapsing generational turnover. Beneficial alleles can't fix. Harmful ones accumulate and spread. The genome doesn't just stagnate — it **degrades** at industrial scale.

From Elite Inbreeding to Mass Genetic Sabotage

The Black Nobility, Rothschilds, Windsors, and Khazar-inflected networks long practiced consanguineous breeding to concentrate psychopathic traits (Habsburg jaw, neurological vulnerabilities, heritable callous-unemotionality). *Political Ponerology* showed how these genetic psychopaths build pathocracies. Pakistan's cousin-marriage disaster proves recessive faults explode under endogamy. Now the elite have globalized the process via Mod-RNA: a soft kill that damages the 80% while their own bloodlines (perhaps selectively protected or less injected) remain relatively insulated vectors of possession.

Genetic faults erode prefrontal function, amygdala response, and spiritual barriers. This creates ideal **Hells Gate Portal of Demon Possessed Persons (DPPs)** — empty vessels for Archons, succubi, Lilith entities, and loosh-harvesting overlords. Inbreeding + mutational load already predisposed elites. Mass injection scales the vulnerability: weakened pineal glands, chakra blockages, and neurological deficits open floodgates for full demonic download. The Face Dancers don't just infiltrate — they possess the livestock.

The Prison Planet Endgame: Psychopathy, Satanism, and Ritual Rule

With d approaching zero and k locked in drift-dominated failure, humanity becomes a frozen genetic slum. Psychopathy heritability (40-60%+) amplifies. Empathy collapses. Societies normalize the satanic pillars.

Satchidanand exposes:

Institutionalized homosexuality, pederasty, pedophilia, drugs, ritual sex — the prelude to open human and baby sacrifice. Christianity and Judaism, the final bulwarks, are demonized and dismantled. The masses, genetically primed for compliance and emotional volatility, generate endless loosh through engineered chaos, while the inbred elite — now ruling a planet of DPPs - Demon Possessed People — perform their rituals with impunity.

Herbert's *Dune* warned of spice (oil) addiction and Face Dancer victory. Reality is darker: mod-RNA is the new spice — the tool that turns the entire species into Harkonnen cattle. The injections don't just suppress fertility or spike turbo-cancers and autoimmune hell (documented in dissenting data); they ensure the broader gene pool can never recover. Selection is dead. The prison planet solidifies: a satanic

theocracy where psychopath kings demand ritual human sacrifice (MAID) tribute from a degenerate, possessed underclass.

The Black Nobility didn't just win the game. They rigged the biology so resistance becomes genetically improbable. The worms are no longer stirring — they're devouring the frozen remains. Break the injections' legacy through genetic engineering, restore fertility, purge the psychic implants, and reclaim sovereign bloodlines... or watch 80% of humanity descend into the final loosh harvest under open demonic rule. The genome reveals the plot. The spice flows from our veins. Wake up before the Face Dancers finish wearing all our faces.

The Epigenetics of Energy Enhancement Meditation: How Inner Silence Rewires and Heals the Genome

In an age of frozen gene pools, mutational overload from mRNA interventions, elite inbreeding, and collapsing generational turnover (as quantified by Vox Day's MITTENS analysis), humanity faces accelerating genetic decay. Yet emerging science reveals a powerful countermeasure: **meditation**. Far from mere relaxation, contemplative practices induce measurable **epigenetic changes** — reversible modifications that regulate gene expression without altering the DNA sequence itself. These include DNA methylation, histone modifications, and shifts in non-coding RNAs. Meditation can slow epigenetic aging, downregulate inflammatory pathways, reverse stress-induced damage, and promote cellular repair — offering a path to heal the genome at the individual and potentially collective level.

Epigenetics explains how environment, behavior, and mindset influence which genes are turned “on” or “off.” Chronic stress, toxins, poor diet, and injections accelerate harmful methylation patterns and histone deacetylation, locking in inflammation, accelerated aging, and psychopathic predispositions. Meditation flips the script.

Key Epigenetic Mechanisms Activated by Meditation

Studies consistently show rapid and lasting changes:

- **Reduced Histone Deacetylase (HDAC) Expression**: A landmark 2014 study by Richard Davidson’s team found that a single day of intensive mindfulness meditation in experienced practitioners significantly lowered HDAC2, HDAC3, and HDAC9 genes in blood cells. This led to increased histone acetylation (opening chromatin for healthier gene expression) and reduced pro-inflammatory genes like *RIPK2* and *COX2*. Meditators also recovered faster from stress tests.
- **DNA Methylation Shifts**: Long-term meditators show slower epigenetic aging (measured by DNA methylation clocks). One study found that mindfulness and compassion practice correlated with reduced epigenetic age acceleration. Short interventions can rapidly alter methylation at genes tied to immune function, metabolism, inflammation, and stress response (e.g., *TNF*, *FKBP5*). Tai Chi and yoga practitioners exhibit protective methylation patterns against age-related decline.

- **Telomere Protection and Anti-Aging**: Meditation boosts telomerase activity, helping maintain chromosome ends and slowing cellular aging. This counters the telomere shortening driven by chronic stress and genetic damage.
- **Inflammation and Immune Regulation**: Multiple reviews confirm downregulation of NF-κB (a master inflammation switch) and other pro-inflammatory pathways. Experienced meditators show altered methylation in genes for glucose/lipid metabolism, neurotransmission, and immune balance — effects visible even after short retreats.

These changes are not trivial. They demonstrate that meditation creates an "enriched environment" for the genome, reversing stress-induced epigenetic scars and promoting resilience.

Healing in the Context of Genetic Decay

In a world where d (selective turnover) approaches zero and deleterious mutations accumulate, meditation offers individual-level repair. It strengthens neurological substrates for empathy, counters psychopathic predispositions rooted in damaged genomes, and closes doorways to demonic possession by restoring prefrontal and pineal function. Practices like those in Energy Enhancement — which target energy blockages, vampire cords, and higher chakras — amplify these effects through deeper purification and connection to infinite source energy.

For the masses damaged by Mod-RNA Deathvaxxes and environmental assaults, daily meditation becomes revolutionary resistance: slowing the epigenetic clock, reducing loosh-generating inflammation and emotional volatility, and rebuilding sovereign biology from within.

Practical Takeaway: Reclaim Your Genome

You don't need decades of practice. Even short daily sessions or intensive retreats produce measurable shifts. Combine mindfulness, breathwork, and advanced techniques (grounding negativity into Kundalini Chakra in the Center of the Earth, removing Energy Blockage implants using the Energy Enhancement Seven Step Process) for maximum impact. As the Black Nobility's Psychopathocratic system pushes genetic degeneration, meditation empowers the individual to fight back at the molecular level.

The genome is not destiny. Through the molecules of silence, we can rewrite our epigenetic story — healing damage, restoring empathy, and starving the satanic Loosh harvest. In the war for human sovereignty, inner silence may be the ultimate weapon. Start today. Your DNA is listening.

Loosh Spiritual Energy Leeches in the Night

Enter the Sexual Energy Addiction Blockage passed on through Onlyfans and Sex by Lilith: The ultimate sex addiction energy blockage succubus, an “Energy Vampire Succubus Seductor” implanting during sex to addict and drain. “Lilith is the Witch, the Succubus, The Sexual Implant which Vampirises your Energy and sends it back to the Implanter.” She and incubi (male counterparts) vampirize via masturbation, nocturnal emissions or rituals: “The demon thought forms sired by Lilith... derive from the seed of man spilled during masturbation... This essence contains the life-force.”

They’re “Suck-ubus Succubus Hookers,” turning partners into energy slaves: “We have beautiful women and men... implanted with the Succubus Demon... to ‘Hook’ their prey, suck their energy, suck the energy of the orgasm.”

This perverts evolution into psychopathy, with cords channeling Loosh Spiritual Energy back. “If this strikes a chord then look for the implanted succubus demon within yourself,” often in the base chakra. Exorcise them with the Seven-Steps: “Remove the Succubus and incubus Demon by means of the Energy Enhancement Meditation Seven Step Process.”

Breaking the Loosh Spiritual Energy Farm: The Energy Enhancement Revolution

This is your red pill: Humanity's a Loosh Spiritual Energy battery for astral overlords, but Energy Enhancement hands you the tools—Seven-Step Process, third eye activation, chakra fusion—to ground the darkness, sever cords, and tap infinite energy.

RING OF GYGES - "CONCEALMENT OF WICKEDNESS"

BY HUMAN SACRIFICE

AGAINST SATANISM VOLUME TWO

The Secret History of the Modern World and the Battle for the Future - The "One Ring" of Gyges of Plato's Book, Republic - A Comparison between Ring of Gyges of the Hobbit and the One Ring of the Lord of the Rings with reference to the effect of Eugenic No Heart Plato and No Soul Aristotle on the Secret History of the Modern World and Satanic Globalism - the Battle for the Future.

The difference between the simple Ring of Gyges of the Hobbit and the One Ring of the Lord of the Rings is - "into this ring he poured all his cruelty, his malice and his will to dominate all life" -

The difference is this energy of cruelty - "By our sinning and Ritual human sacrifices, and Ritual human sacrifices and sinning, the gods will be propitiated, and we shall not be punished" - Plato's Republic

Used for one purpose "The Concealment of Wickedness"

Plato's Republic - WHAT IS THY NATURE? SATANIC ADEIMANTUS

"Appearance Tyrannizes over Truth and is Lord of Happiness"

Adeimantus of Collytus (432 BCE – 382 BCE) son of Ariston of Athens was also known as Plato's brother. In Plato's Republic, Adeimantus questions whether they would be living a good life with little or no personal property. Consequently, Adeimantus is often associated with greed or love for money in interpretations of the dialogue.

He quotes Pindar (522 – 443 BC) an Ancient Greek lyric poet from Thebes– "Can I by justice or by crooked ways of deceit ascend a loftier tower which may be a fortress to me all my days? For what men say is that, if I am really just and am not also thought just profit there is none, but the pain and loss on the other hand are unmistakable. But if, though unjust, I acquire the reputation of justice, a heavenly life is promised to me."

"Let us be consistent then, and believe both or neither. If the poets speak truly, why then we had better be unjust, and offer of the fruits of injustice; for if we are just, although we may escape the vengeance of heaven, we shall lose the gains of injustice; but, if we are unjust, we shall keep the gains, and by our sinning and Ritual human sacrifices, and Ritual human sacrifices and sinning, the gods will be propitiated, and we shall not be punished."

And here is where the elite get all their negative energy or as we call it in Energy Enhancement - Trauma-Formed Negative Karmic Mass.. from Ritual Human Sacrifice - a Satanic Ritual used in all civilisations on All Continents by the Satanic Elites for tens of Thousands of years.

Yes Satanism, the Occult Cult was created 10,000 years ago before Christ, and has been extant since that time in order to create the psychopaths which rule humanity, grind us down, make us into feudal wage slaves barefoot and back on the reservation, buying everything from the Amazon company store!

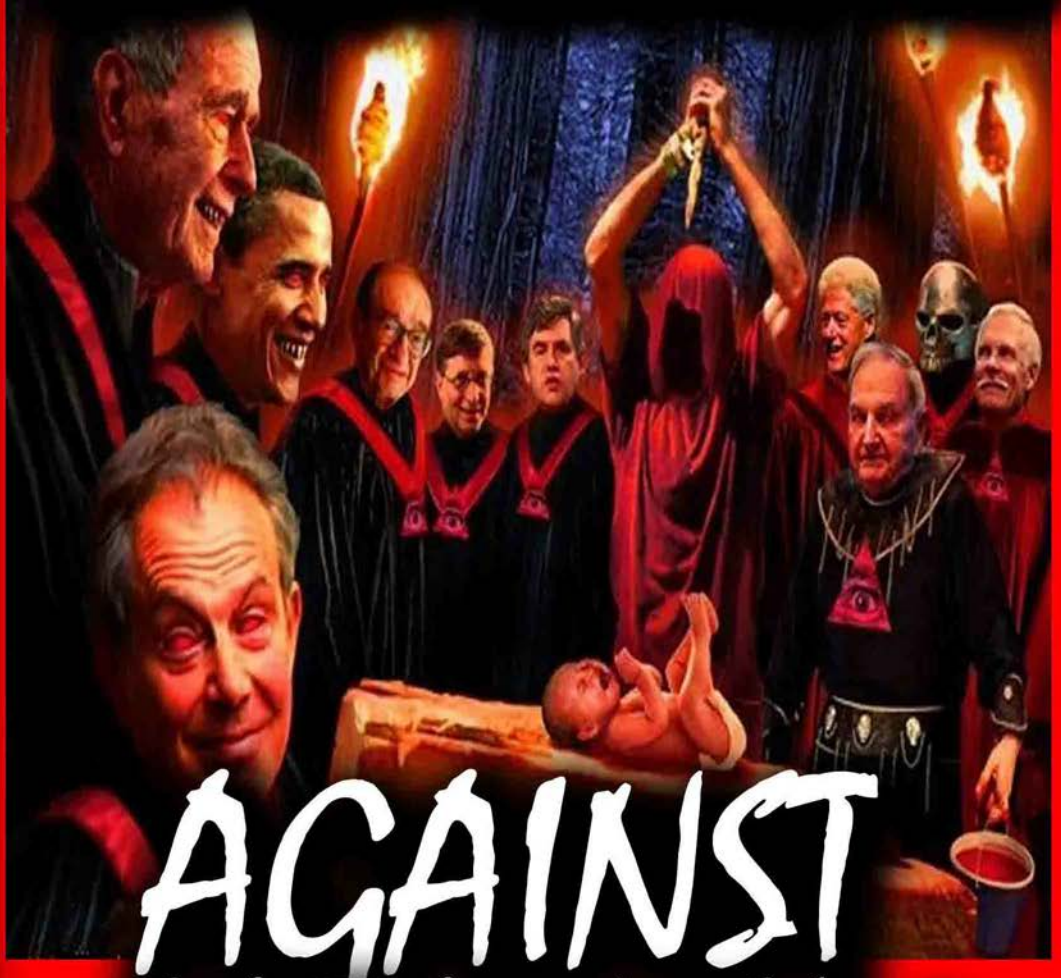
HUMAN SACRIFICE



AGAINST SATANISM

SATANISM - 10,000 YEARS OF TOTAL CONTROL

AGAINST SATANISM VOLUME 3
SATANIC RITUALS AND HUMAN SACRIFICE

Sometimes people reading the Truth get depressed by it.

For people with big hearts though, the truth gets them started with an Implacable Opposition to Absolute Evil.

The Battle of Armageddon can only be won by sufficient Angels to fight against the Demons. Be an Angel!!

The point of this introductory missive is that 72 Empires have been recorded and every one of them has failed in the same way. The facts have been recorded that a totalitarian and satanic elite infil-traitored and took over all these Empires and that 72 once free, flourishing and rich republics were destroyed from within.
Infil-traition of Satanism is the methodology as slowly every Government Ministry and Societal function is taken over. Eventually a Satanist becomes King Emperor President. The Satanist Pillars of Homosexuality, Pederasty, Drugs and Ritual Sex - both Hetero and Homosexual - are introduced overtly and the society is destroyed.
The Ancient Enemy who counts meditation and the mind control psychic arts as one of its main planks of World Domination has used Satanic Infil-Traitors for 10,000 years in every Organisation - Religion, Left and Right Politics, Dynastic Families, Geopolitics, Economics, Universities, Intelligence Services, Think Tanks, Banking, International Companies, Eugenics -
All of them Censoring Worldwide, Advanced Meditation techniques - Alchemical VITRIOL, the Kundalini Key and Energy Blockage Removal from every Meditation Program.. EXCEPT ENERGY ENHANCEMENT!!

The key is that the Satanic Religion and its current recruiting cults of Freemasonry and the Crowlean Sexual Ritual OTO - Ordo Templi Orientis - are Fake Gangs, created by men as a 10,000 years old technique to create psychopathic leaders and thus conquer the world.
All Rituals, Religion, Education, Secret Services and Political Movements have been Scientifically Engineered to create Fake Gangs for 10,000 Years. It's what the old Roman Empire, and the Babylonian Empire, and the Cult of Apollo, and the Byzantine Empire did before.

As you know, all the gangs have Rituals before you can join, making your bones with the Mafia means you must murder someone before you can join and Drug Cartels, secret groups within the Masons, the Hellfire Club, all have their Rituals before you can join and before you can progress.
All Rituals, Religion, Education and Political Movements are designed to create fake gangs of psychopaths who can then be used to create control through chaos created poverty - The Oligarchic Policy of Poverty - destroying infrastructure - preventing human evolution.

AGAINST SATANISM

10,000 YEARS OF TOTAL CONTROL

AGAINST SATANISM VOLUME 4
SATANIC HOMO OCCULTISM SATANIC HITLER

Satanic Communism and Fascism is gradually being instituted as the New World Religion defined by Satanic Ritual.

72 Empires have been recorded and every one of them has failed in the same way. The facts have been recorded that a totalitarian and satanic elite infil-traitored and took over all these Empires and that 72 once free, flourishing and rich republics were destroyed from within by Satanic Ritual.

From South America Incas and Aztecs to Satanic Pagan Odin, Cybele and Attis, Baal and Molech, and the Holy Inquisition, Ritual Human Sacrifice and burning alive and Ritual Homosexuality, Sodomy and Pedophilia has been endemic for Thousands of Years.

Read Against Satanism Volume Two - The Foundation of Western Philosophy is Pagan, Satanic, based on No-Heart Plato and No-Soul Aristotle. Plato's Republic (c.370 BC) propounded the "Concealment of Wickedness" and the use of Ritual Human Sacrifice to placate the Gods of Karma. Plato's Republic's ideal state is based on Sparta - The Spartan society was dominated by a rigidly Hierarchical and Elitist Pedophile Warrior Cult that featured mandatory induction of twelve-year-old boys into Homosexual Partnerships with adult men, and which Plato argues should be ruled by Autocratic Dictator Philosopher-Kings. The Republic propounds the Eugenic elimination of the family and the elimination of private property.

Infil-traition of Satanism is the methodology as slowly every Government Ministry and Societal function is taken over. Eventually a Satanist becomes King Emperor President. The Satanist Pillars of Homosexuality, Pederasty, Drugs and Ritual Sex - both Hetero and Homosexual - are introduced overtly. Christianity and Judaism - the bulwarks Against Satanism - are destroyed and then society fucked through the fear of Ritual Human Sacrifice.

The Ancient Enemy who counts meditation and the mind control psychic arts as one of its main planks of World Domination has used Satanic Infil-Traitors for 10,000 years in every Organisation - Religion, Left and Right Politics, Dynastic Families, Geopolitics, Economics, Universities, Economics, Intelligence Services, Think Tanks, Banking, International Companies, Global Warming, Eugenics -

Read Against Satanism Volume One - Satanic Karl Marx created Communism for Ambassador Urquhart of British Secret Services writing Das Capital in his Office in the British National Library in London. Communism was used by British Agents Satanic Lenin and Stalin and Satanic 33rd Degree Freemason of Yale University, Mao to take over Russia and China torturing and killing 160 millions of people.

All of them Censoring Worldwide, Advanced Meditation techniques - Alchemical VITRIOL, the Kundalini Key and Energy Blockage Removal from every Meditation Program..

EXCEPT ENERGY ENHANCEMENT!! The Energy Enhancement Video Course - energyenhancement.org

Read Against Satanism Volume Three - Satanism is Defined by Satanic Rituals - These Rituals Define Satanism.. Loveless Ritual Sex, Sodomy, Pedophilia, Ritual Drugs, Ritual Blood Sacrifice, Ritual Human Sacrifice, Ritual Torture, Ritual Burning Alive, Ritual Cannibalism, Ritual Castration.

This means Pedophilia Sex Rituals and means the Totalitarian Fear Control of Human Sacrifice. As presently occurs in Totalitarian No-Soul Communist China. Christians, Buddhists and Falun Gong are executed in special organ harvesting vans - Human Sacrifice.

They have ten of these vans in every city and they work all day long taking fresh organs to the airport for implantation in Japan. The organs harvested and sold to Rich Oligarchs Worldwide

Read Against Satanism Volume Four - SATANIC HOMO-OCCULTISM AND THE HOMOSEXUAL ROOTS OF FASCISM - Black Magician Homosexual Hitler created homosexual Cults based upon Black Magic - taught to him by Guido von List and the Armanen Order, Jorg Lanz von Liebenfels and Ariosophy, The Thule Society, Madame Blavatsky and the Theosophical Society, and Friedrich Nietzsche.

Because the Torah and the Bible prohibit Homosexuality, in order to introduce Satanism and its Satanic Rituals, Hitler decided to destroy Judaism and Also he changed Christianity - Jesus - into a Sun God associated with Odin by sending all Clerics to the Concentration Death camps along with the Satanic Ritual Burning Human Sacrifice Holocaust of Six Million Jews.

After that Hitler allied with Islam because Islam promotes Jihad Warrior Spartan Pedophilia and Sex Slavery of Women - "Women for breeding, boys for love" See, Thousands of Muslim child prostitutes in every city of Britain - Rochdale child sex abuse ring.. https://en.wikipedia.org/wiki/Rochdale_child_sex_abuse_ring

Hitler's NAZI is Satanic National Socialism, an offshoot of Satanic No-God Communism - You can see this plan occuring in Western Civilisation and China, everywhere, NOW!!

"What we are trying to do in this meeting today is to give you a new view of how the real economy works today and teach reality economics, instead of the parallel universe that you have in economic textbooks.

So, instead of learning how the economy operates, students are told how a parallel universe might operate on a different planet, if there were no government, if there were no fraud, if the entire economy operated on barter, if there was no debt, and that everybody wanted to help everybody else, that nobody inherited money, that everybody earned all of the income and wealth that they have. The reality is the opposite, but it seems to be talked about only in novels these days.

"Whenever you have a misunderstanding of reality year after year, decade after decade, and now for a century, when a false picture of the economy is painted you can be sure that there is a special interest benefiting. A false picture of reality does not happen by nature; it is subsidised. And the banking sector has subsidised and paid for a junk economics that is taught in the universities, broadcast from your newspapers, mouthed by the politicians, whose election they sponsor, to try to make you believe, that you're living on Mars in a different kind of a world—instead of the actual country that you're living in—and to pretend that there is no financial class that is trying to grab what belongs to the public at large.

This is what ends up with a difference between central bank creation by the government with the government aims of economic growth and full employment, as compared with commercial bank credit that aims at economic shrinkage, at austerity, at lower wages, at lower output, so that it can do to you what the commercial banks are doing to Greece, to say give us your ports and your land and your tourist areas and your water and sewer systems, so we can charge you for water and sewer. And we can take the money that you had expected to get in pensions and we can scale it down, so that we can pay ourselves.

"This is what it took an army in times past. And today it's done without an army, as long as you will be passive and believe the Lies, the science-fiction of the world that banks are painting. Thank you. [Applause]"

Remember, the main purpose is not money or power, it is in fact the Satanic Oligarchic Principle of Poverty. Dummed Down, Barefoot, and Back on the Reservation.

SATANIC HISTORY TWO

AGAINST SATANISM

Vol. 6

AGAINST SATANISM VOLUME SIX

Infiltrating Bloodline Phoenician/Jewish aristocratic Families have existed for over 5000 years before the Birth of Christ. Using emotional rhetorical religious concepts to control, they worship all the Pagan Gods, including Lucifer, Satan, Baal, Bel, Molech, Ashtoreth, Cybele and Attis including all the Satanic Rituals in Against Satanism Volume 3 - RITUAL SEX, RITUAL DRUGS, RITUAL BLOOD SACRIFICE, RITUAL HUMAN SACRIFICE, RITUAL PEDOPHILIA, RITUAL TORTURE, RITUAL BURNING ALIVE, RITUAL CANNIBALISM, RITUAL CASTRATION.

In this book we find that over thousands of years, spook, Bloodline Phoenician/Jewish aristocratic Families infiltrated every country, every Empire, taking over or infiltrating every ruling aristocracy and aristocratic, bloodline family, in Europe, Britain, America, India, China and in every other country in the World.

Jewish/Phoenician aristocrats were never attached to any tiny nation, but were always one globalized trading empire from 2000BC, playing countries against each other for profit. For example using a false Flag to start a fake war between ruling elites in separate countries both of which have been allowed, built up, to become rich, but all the elites in each country coming from the same Infiltrating Bloodline Phoenician/Jewish aristocratic Families, and then buying all the assets for pennies on the dollar after the war. Not only that, giving loans to each country to prosecute the war, owning the Military Academic Industrial Complex providing materiel for the war.

Many Infiltrating Bloodline Phoenician/Jewish families who have ruled the World as one trading block for thousands of years before the Birth of Christ came from the Fertile Middle East Crescent including Lebanon, Libya, Syria, Israel, Mesopotamia-Iraq, and Persia-Iran, and had that region and all it's Empires razed many times over nonetheless, profiting from each destruction. They hop to and fro over the planet, always profiting by shifting, reshuffling and breaking their Empires.

We saw that the important conquests are not in our history books as such. Rather, Europe was colonized in the Bronze Age already, in patterns that match up with structures we see in today's spook aristocracy. The entire upper class of colonized regions was replaced by Phoenician/Jewish families, with common people unaware of it to this day. Some of this colonization is cautiously admitted, just not emphasized.

We saw that the Infiltrating Bloodline Phoenician/Jewish families always held power. The secret behind their power is simply that there is no big secret. They don't know anything special. They can't do anything special. They never achieved anything special —other than monopolizing trade. With the power to deceive from the Father of Lies, owning all the media, - The CIA, the Military Academic Industrial complex, Universities, History, Books, Magazines, Newspapers, Television, Youtube, Facebook, Google - even idiots can rule the world for millennia.

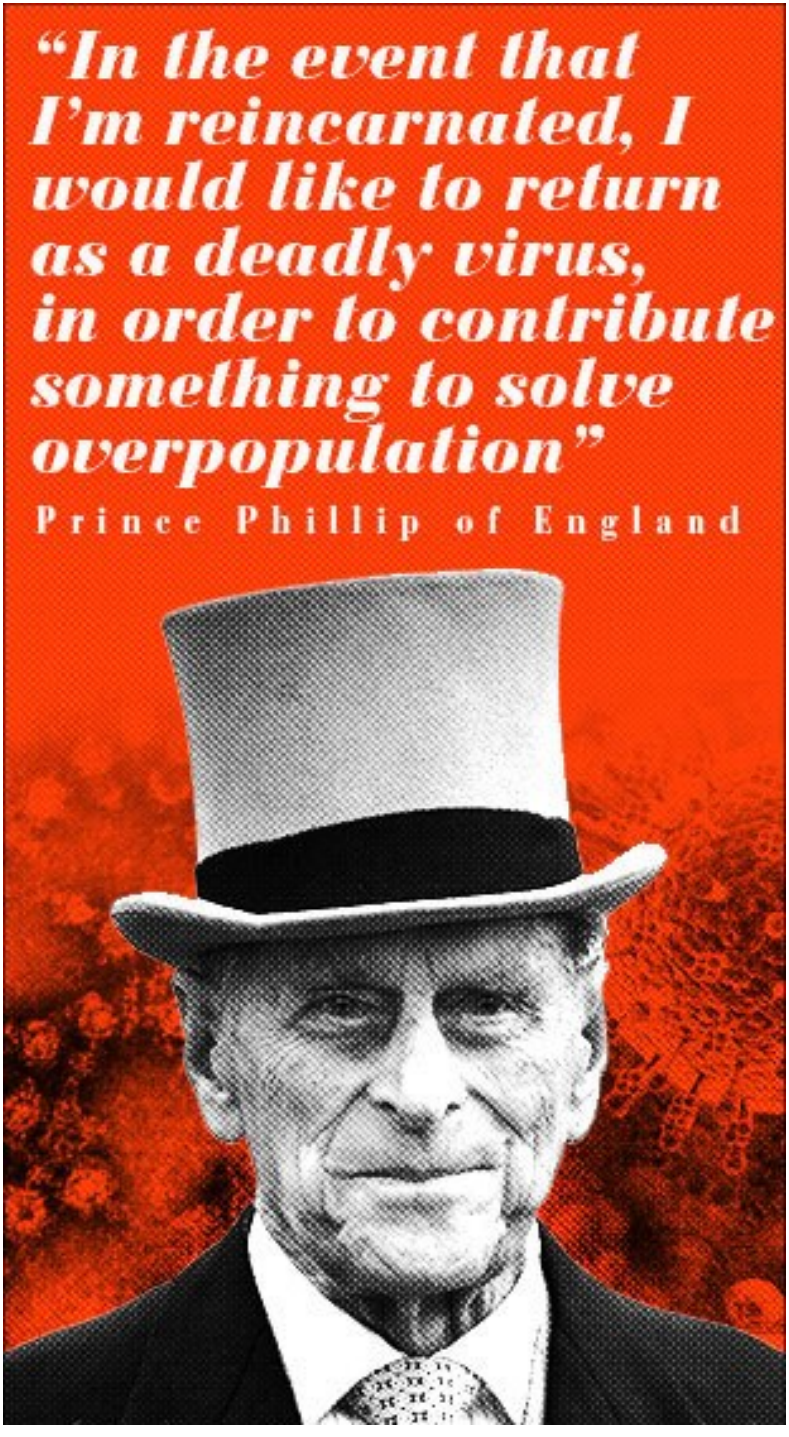
Remember, the main purpose is not money or power, it is in fact the Satanic Oligarchic Principle of Poverty. Dummed Down, Barefoot, and Back on the Reservation

Even though Tesla Free Energy Broadcast Power has been supressed, these next pages show how Fusion power and Fission Power have also been suppressed due to a Policy of Poverty going back to Fra Paolo Sarpi of the Satanic Venetian Republic and the British Royal Society for Science…



“In the event that I’m reincarnated, I would like to return as a deadly virus, in order to contribute something to solve overpopulation”
Prince Phillip of England

These Satanic Malthusians Demand Genocide

"Human population growth is probably the single most serious long-term threat to survival. We're in for a major disaster if it isn't curbed...We have no option." —Prince Philip, interview in People Magazine, December 21, 1981

"In the event that I am reincarnated, I would like to return as a deadly virus, in order to contribute something to solve overpopulation." —Prince Philip, Deutsche Press Agentur, August 1988

"It is almost self-evident that the greater the human population, the greater the demands for natural resources... The paramount question deals with an optimum human population. How many is too many people in relation to available resources? Many believe that our current (satanically consciously created) environmental problems indicate that the optimum level has been surpassed." —Task Force on Earth, Resources and Population, George H. W. Bush, Chairman, July 8, 1970

POST MORTEM

Unfortunately, all the obituaries were premature: Venice has continued to be very much alive. During the nineteenth century and up to our own time it has been the most important single incubator for fascist movements. With its military and financial power largely emigrated elsewhere, Venice's importance for political culture is now greater than ever.

Examples of this are inexhaustible. Richard Wagner wrote part of Tristan und Isolde while living in the Palazzo Giustinian on the Grand Canal. One story has it that the leitmotif of the Liebestod was inspired by the mournful call of

a gondolier. At the end of his life Wagner moved to Palazzo Vendramin Callergi, where he died. This building, presently a gambling casino, was also the home of Count Coudenhove-Kalergi, the founder of the Pan-European Union. Friedrich Nietzsche loved Venice, returned there incessantly, and dedicated certain poems to the city which today can still be used in lieu of a powerful emetic. Venice was an inspiration for Lord Byron, for Thomas Mann, and so on.

Other examples abound of how the Venetian oligarchy's cultural and political influence has reached down into the modern era:

* When British East India Company retainer Thomas Malthus published his Essay on Population he was plagiarizing from the Venetian Giammaria Ortes, who produced, around 1750, a fully developed version of the argument that geometric population growth outstrips the much slower arithmetric progress of food production.

* John Ruskin, the leading ideologue of the British Dark Ages faction, began his career with a raving treatise on architecture, The Stones of Venice (1851). This volume popularized the notion that a "Venetian Gothic" style had been developed in the better times of the city's history (which for Ruskin ended in 1418) and it was used systematically to discredit the Golden Renaissance.

* A turn-of-the-century new Roman Empire faction led by Venetian Count Volpi di Misurata, who was known as the doge of his era, sponsored the fascist Mussolini supporter Gabriele D'Annunzio to drum up enthusiasm for a new crusade into the Balkans and the East. Volpi became finance minister in Mussolini's cabinet, along with a very large number of other Venetians. D'Annunzio incited the Italians to take back Trieste, the rest of Italia Irredenta, and the Dardanelles, bringing on to center stage the so-called Parvus Plan for dismemberment of the Ottoman and Russian empires, which is generally recognized as the detonator of World War I. It is

possible that the turn-of-the- century super spook Alexander Parvus was ultimately employed by Venice.

* The Societe Europeenne de Culture, a think tank created in 1950 through the efforts of Venetian intelligence operative Umberto Campagnolo, has for the past three decades pulled intellectuals from both East and West into organizing for an "international culture," based on rejecting the existence of sovereign nations. The SEC counted among its members the cream of the postwar intelligencia: Adam Schaff of Poland, Bertolt Brecht of East Germany, Georg Lukas of Hungary, and Boris Paternak of the Soviet Union, as well as Stephen Spender and Arnold Toynbee, Benedetto Croce and Norberto Bobbio, Julian Huxley and Thomas Mann, Francois Mauriac, and Jean Cocteau. Later, the SEC launched the Third World national liberation ideology.

Today, the Club of Rome is the institution that represents the most concentrated essence of Venetian influence and the Venetian method. The Club of Rome wants to convince the great powers and peoples of the world to commit collective suicide by accepting the genocidal doctrine of zero growth. It also hopes to abolish the sovereign nation as a vehicle for economic growth and scientific progress.

Club of Rome founder Aurelio Peccei has just written a new book titled One Hundred Pages For the Future, a global review of the impact of the Club of Rome, and particularly since its 1972 release of the zero-growth model Limits to Growth was published, a series of social movements has sprung up under the sponsorship of the ideas in the book. These – the women's movement, the peace movement, Third World national liberation movements, gay rights, civil liberties, ecologists, consumer and minority rights, etc. – must now be welded together into one movement for a single strategic goal: the implementation of a zero-growth international order.

The Venetian problem remains with us today. Truly, the most urgent task of this generation of mankind is to definitively

liquidate the horror that is Venice and all the other Gang Clan Families who have ruled the World for 10,000 years.

The Satanic Conservative outpost of the Satanic Phoenician Navy who for 10,000 years have worshipped Molech, Baal and Cybele and Attis, and with Satanic Ritual, it's not just Sex on Altars like in Kubrick's, "Eyes Wide Shut", it is Pedophilia with Babies and Children supplied by Epstein, Dutroux or Jimmy Savile, it's Ritual Human Sacrifice, Ritual Blood Sacrifice, Ritual Burning Alive, Ritual Torture, Ritual Castration - and those Damn Liberals by Miles Mathis and Satchidanand

The founding fathers have even been sold as liberal in this sense, since although they were rich guys, fully connected, we are supposed to believe they believed in democracy, republicanism, and fairness in general. That is why they go on and on about that in the Declaration of Independence and Constitution. Those are liberal documents, in that they deny not only the divine rights of kings, they deny any other sort of favoritism based on name or birth.

As it turns out, the founding fathers were not liberal at all. They were Satanic fascists, and the whole liberal stance was just another con-job.

The United States were never meant to be republic, much less a democracy, they were meant to be another outpost of the Satanic Phoenician Navy who for 10,000 years have worshipped Molech, Baal and Cybele and Attis, and more worship with Satanic Ritual, it's not just Sex on Altars like in Kubrick's, "Eyes Wide Shut", it is Pedophilia with Babies and children supplied by Epstein, Dutroux or Jimmy Savile, it's Ritual Human Sacrifice, Ritual Blood Sacrifice, Ritual Burning Alive, Ritual Castration.
Some of my readers have been confused by my insistence that I am a liberal. These readers agree with me on a lot of things, so they can't fathom what I mean by calling myself a liberal while they consider themselves conservatives. Since it is important, I will hit it again, trying to get them to understand.

I think the difference is that I am coming at this as a student of history, while many of them are coming at it as students (or consumers) of current politics.

I haven't gotten my definitions and stances by listening to Rush Limbaugh, or Sean Hannity, I have gotten them from texts from the 19th century or earlier. My readers will answer me, "Then why don't you keep up, Holmes! This is 2020, not 1880". Good point. . . except that it isn't.

To see what I mean, let's transport ourselves back to the 1880s. Back then, satanic conservatives were those people who wished to conserve the status quo. Hence the name. They were quite satisfied with the way things were set up, and why should they not be?

They were rich and connected and had it made. Liberals were those who were not satisfied by the way things were, and so they were pushing for reforms. In general, they wished to see more fairness in government policies. They wanted those not "of the manor born" to be given a fair shot at good employment, good wages, court access, and all the various fruits of society.

The founding fathers have even been sold as liberal in this sense, since although they were rich guys, fully connected, we are supposed to believe they believed in democracy, republicanism, and fairness in general. That is why they go on and on about that in the Declaration of Independence and Constitution. Those are liberal documents, in that they deny not only the divine rights of kings, they deny any other sort of favoritism based on name or birth.

As it turns out, the founding fathers were not liberal at all. They were Satanic fascists, and the whole liberal stance was just another con-job.

The United States were never meant to be republic, much less a democracy, they were meant to be another outpost of the Satanic Phoenician Navy who for 10,000 years have

worshipped Molech, Baal and Cybele and Attis, and more worship with Satanic Ritual.

Iit's not just Sex on Altars like in Kubrick's, "Eyes Wide Shut", it is Pedophilia with Babies and children supplied by Epstein, Dutroux or Jimmy Savile, it's Ritual Human Sacrifice, Ritual Blood Sacrifice, Ritual Burning Alive, Ritual Castration.

AGAINST SATANISM VOLUME SIX

Infiltrating Bloodline Phoenician/Jewish aristocratic Families have existed for over 5000 years before the Birth of Christ. Using emotional rhetorical religious concepts to control, they worship all the Pagan Gods, including Lucifer, Satan, Baal, Bel, Molech, Ashtoreth, Cybele and Attis including all the Satanic Rituals in Against Satanism Volume 3 - RITUAL SEX, RITUAL DRUGS, RITUAL BLOOD SACRIFICE, RITUAL HUMAN SACRIFICE, RITUAL PEDOPHILIA, RITUAL TORTURE, RITUAL BURNING ALIVE, RITUAL CANNIBALISM, RITUAL CASTRATION.

In this book we find that over thousands of years, spook, Bloodline Phoenician/Jewish aristocratic Families infiltrated every country, every Empire, taking over or infiltrating every ruling aristocracy and aristocratic, bloodline family, in Europe, Britain, America, India, China and in every other country in the World.

Jewish/Phoenician aristocrats were never attached to any tiny nation, but were always one globalized trading empire from 2000BC, playing countries against each other for profit. For example using a false Flag to start a fake war between ruling elites in separate countries both of which have been allowed, built up, to become rich, but all the elites in each country coming from the same Infiltrating Bloodline Phoenician/Jewish aristocratic Families, and then buying all the assets for pennies on the dollar after the war. Not only that, giving loans to each country to prosecute the war, owning the Military Academic Industrial Complex providing materiel for the war.

Many Infiltrating Bloodline Phoenician/Jewish families who have ruled the World as one trading block for thousands of years before the Birth of Christ came from the Fertile Middle East Crescent including Lebanon, Libya, Syria, Israel, Mesopotamia-Iraq, and Persia-Iran, and had that region and all it's Empires razed many times over nonetheless, profiting from each destruction. They hop to and fro over the planet, always profiting by shifting, reshuffling and breaking their Empires.

We saw that the important conquests are not in our history books as such. Rather, Europe was colonized in the Bronze Age already, in patterns that match up with structures we see in today's spook aristocracy. The entire upper class of colonized regions was replaced by Phoenician/Jewish families, with common people unaware of it to this day. Some of this colonization is cautiously admitted, just not emphasized.

We saw that the Infiltrating Bloodline Phoenician/Jewish families always held power. The secret behind their power is simply that there is no big secret. They don't know anything special. They can't do anything special. They never achieved anything special —other than monopolizing trade. With the power to deceive from the Father of Lies, owning all the media, - The CIA, the Military Academic Industrial complex, Universities, History, Books, Magazines, Newspapers, Television, Youtube, Facebook, Google - even idiots can rule the world for millennia.

Here we are talking Zen Master Hogen.

He said, "By Meditating we can change our messy life painting into a clean white sheet again."

Here he is saying that Meditation can with Intensity of Feeling, ground all the negativity, all the negative emotions, all the energy blockages attached to your memories that ever happened to you in this lifetime

He said, "I spent all my previous lifetimes making Guiness. Now in this lifetime I am drinking all the Guiness!"

Here he is saying that with Passionate Energy Enhancement Samyama Meditation can ground all the negativity, all the negative emotions, all the energy blockages attached to your memories that ever happened to you in all your previous lifetimes.

If you can use Energy Enhancement Meditation to Ground all that negative energy from your past, to remove those dense, deep, energy blockages not only from this lifetime, but from all your previous lifetimes...

Can you Imagine what that will Feel Like?

Today's a brand new day!!

REMOVE ENERGY BLOCKAGES

ENERGY ENHANCEMENT LEVEL TWO
REMOVE ENERGY BLOCKAGES

Learn the "Energy Enhancement Anti Energy Blockage Hack Technique" and Free Your Mind Once and for All.

Why has this Energy Blockage predator taken over in the fashion that you're describing, Don Juan?" I asked. "There must be a logical explanation."

"There is an explanation," don Juan replied, "which is the simplest explanation in the world. They took over because we are food for them, and they squeeze us mercilessly because we are their sustenance. Just as we rear chickens in chicken coops, gallineros, the predators rear us in human coops, humaneros. Therefore, their food is always available to them."

Don Juan had a broad smile on his face. He was as pleased as punch. He explained that sorcerers see infant human beings as strange, luminous balls of energy covered from the top to the bottom with a glowing coat something like a plastic cover that is adjusted tightly over their cocoon of energy. He said that that glowing coat of awareness was what the predators consumed, and that when a human being reached adulthood, all that was left of that glowing coat of awareness was a narrow fringe that went from the ground to the top of the toes.

If we consider a human being as containing seven parallel chakra processors within the body and an infinity of parallel chakra processors above the head and below the base, connecting us to the Universe, then the more of these parallel chakra processors we can access, the more intelligence we have - What stops the access to these parallel chakra processors is Energy Blockages.

We need to learn how to "Hack" these Energy Blockages to remove them so we can access our native genius. The Geni being the Soul Chakra, the first Chakra above the head.

Yet as we remove more of the energy blockages and access many more chakras, even more intelligence is possible!!

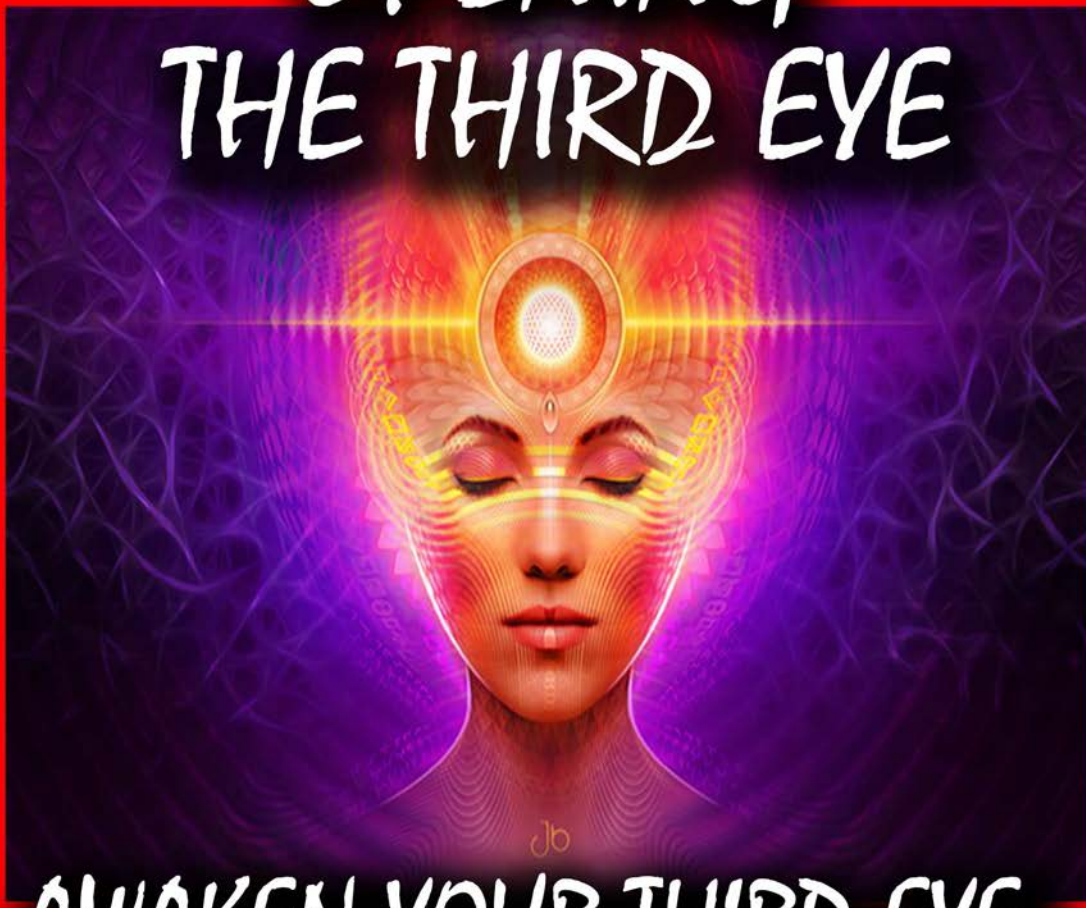
ENERGY ENHANCEMENT OPENING THE THIRD EYE



AWAKEN YOUR THIRD EYE IMPROVING PSYCHIC SIGHT

OPENING THE THIRD EYE

The conscious rocking backwards and forwards at the Start of your EE practice is to get your spine into alignment with the Kundalini energy from the center of the earth out into the center of the Universe..

to power your Psychic Vision, to Open your Third Eye...

Antaeus was killed (the process of Illumination requires the ability to get out of the body into the higher chakras, the same path we take when we die, but without the advantage of being able to come back along the Silver Chord) Antaeus was killed by suspending him in a tree - SEE THE MYTH OF ODIN IN AXIS MUNDI where Odin spent 9 nights supended in the Axix Mundi Tree above the Crown Chakra in order to become Illuminated and gain psychic vision - make all his sight one in the third eye.

We eventually get into a state of energy transfer. We both feel it as white light flowing from one to the other in an incredibly intense way which lasts for two hours. At the end of that time I perceive an initiation which is taking place on the astral plane. Surrounded by a group of ascended masters I introduce him to the chief initiator who uses the rod of initiation to touch his third eye with the intense energies of initiation so that his energies can never again drop into that state we call normal waking consciousness.

The Antahkarana Also refers to the Unicorn - So, by removing the Blockages of Ajna Chakra the Psychic Powers of the Third Eye and of the Rainbow Bridge, a Horn emanating from the Crown Chakra leading to Wisdom, Psychic Vision and the Actualisation of all our Dreams, Our Soul Path which we teach in Energy Enhancement Initiation 4.

YOGA SUTRAS OF PATANJALI

"COMPLETE INSTRUCTIONS ON ENLIGHTENMENT"- THE ENERGY ENHANCEMENT WAY BY-

SATCHIDANAND

"Now!! Here Are Complete Instructions on Enlightenment" After you have tried all the bad things and found they do not work - Here are complete instructions on how to attain your Infinite Peace. Yoga comes from Yoke. This Yoking or Union with the Higher self and the chakras above the head is Enlightenment.

By the loosening of the cause (of the bondage of mind to body) and by knowledge of the procedure of the mind-stuff's functioning, entering another's body is accomplished.

THE WHOLE WORLD IS CONTROLLED BY MEDITATION..

He who, due to his perfect discrimination - dis-crime-ination or sanskrit, Viveka, is the ability to transmute energy blockages and as they transmute and ground, so they go through the symptoms of the Gunas from Tamas, to Rajas, to Sattvic as the Negative Karmic Mass is grounded - The sword of discrimination is the ANTAHKARANA - the energy connection between all the chakras above the head through the body and below the base chakra to below the Center of the Earth, which feeds energy from higher to lower levels of the hierarchy - this discriminative energy blockage transmuting flow of energy if maintained is called Dharma Mega Samadhi.

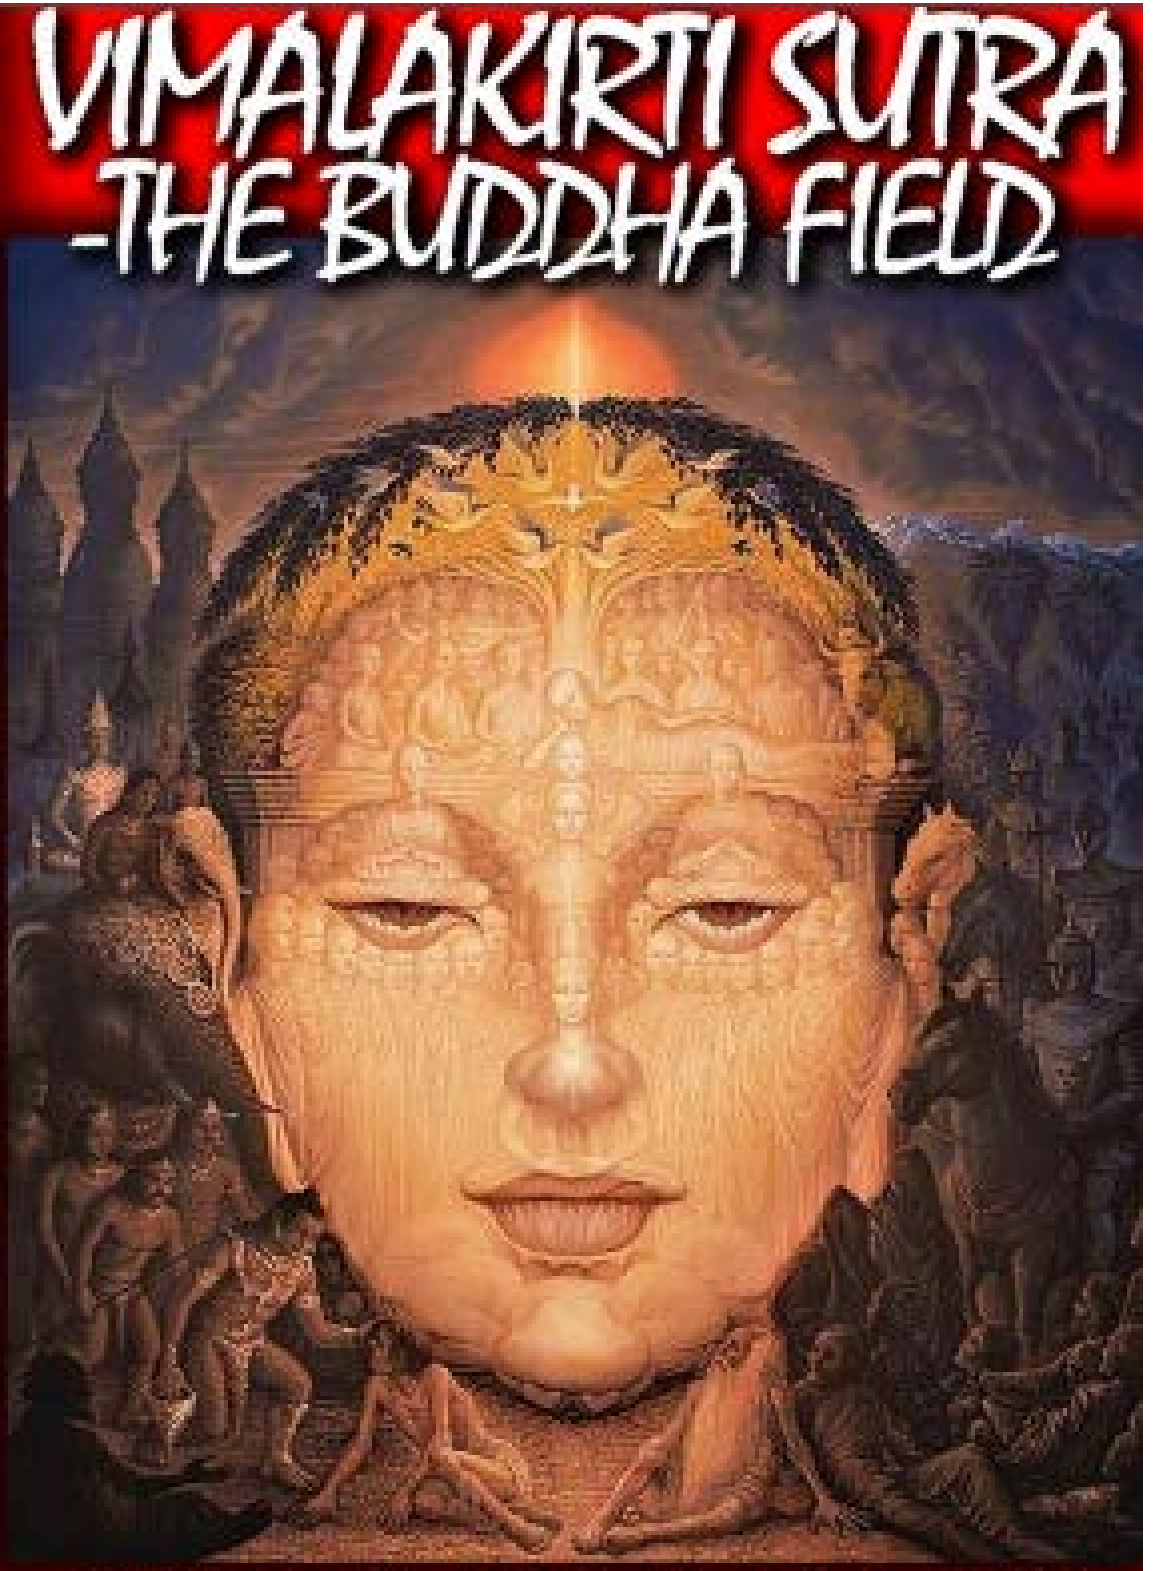
The meaning of dharma includes goodness - next to Godness - virtue, justice, law, duty, morality, religion, religious merit, and steadfast decree - all symptoms of being Soul Infused.

Dharma is the energy of the Soul!!

GOODNESS AND MERCY SHALL FOLLOW ME ALL THE DAYS OF MY LIFE AND I SHALL DWELL IN THE HOUSE OF THE LORD FOREVER..

"WHEN ALL ENERGY BLOCKAGES ARE GONE, ENLIGHTENMENT IS SURE TO FOLLOW" - Satchidanand

VIMALAKIRTI SUTRA
-THE BUDDHA FIELD



SATCHIDANAND

ENERGY ENHANCEMENT

Vimalakirti Sutra - The Buddhafield

Buddhas, Bodhisattvas, Aryasravakas, and Pratyekabuddhas conquering demons, natural spiritual benefactors of all living beings, free from impurities, expert in knowing the spiritual faculties of all living beings, high resolve as hard as diamond, unbreakable in their faith in Buddha, Dharma and Sangha, they showered forth the rain of ambrosia that is released by the light rays of the jewel of the Dharma, which shines everywhere.

The Purification - the Removal of Energy Blockages - And the Augmentation of Psychic Powers - Caused by the Buddhafield

Inconceivable Skill in Enlightenment Liberative Technique, Dharma, Connection with the Infinite Chakras above the Head - Gnosis, conquered all demons, transcendence of wisdom, tolerance and self-control, respected by Indra, Brahma, and all the Lokapalas

Thereby, thirty-two thousand living beings purified their immaculate, undistorted Dharma-eye in regard to all things.
The eight thousand bhikshus were liberated from their mental defilements, attaining the state of non-grasping.

And the eighty-four thousand living beings who were devoted to the grandeur of the buddhafield, having understood that all things are by nature but magical creations, all conceived in their own minds the spirit of unexcelled, totally perfect enlightenment.

A Zen Master saw a child with a broken arm sitting miserably by the side of the road. This guy was so miserable that the Zen Master just knew he was impervious to being cheered up, To accepting good advice, to being told that, "Everything changes". So he took an iron bar and with it he broke his own arm. Sitting down by the young child he said, "Now we can talk!!"

"The Dharma - The Path of the Soul Chakra - The First Chakra above the Head - permeates evenly all things, because all are included in the ultimate realm. It conforms to reality by means of the process of nonconformity. It abides at the reality-limit, for it is utterly without fluctuation. It is immovable, because it is independent of the six objects of sense. It is without coming and going, for it never stands still. It is comprised by voidness, emptiness, a vibration so high that it is not gross like matter, or emotion, or mind, it is remarkable through signlessness, and is free of presumption and repudiation, because of wishlessness. It is without establishment and rejection, without birth or destruction. It is without any fundamental consciousness, transcending the range of eye, ear, nose, tongue, body, and thought. It is without highness and lowness. It abides without movement or activity.

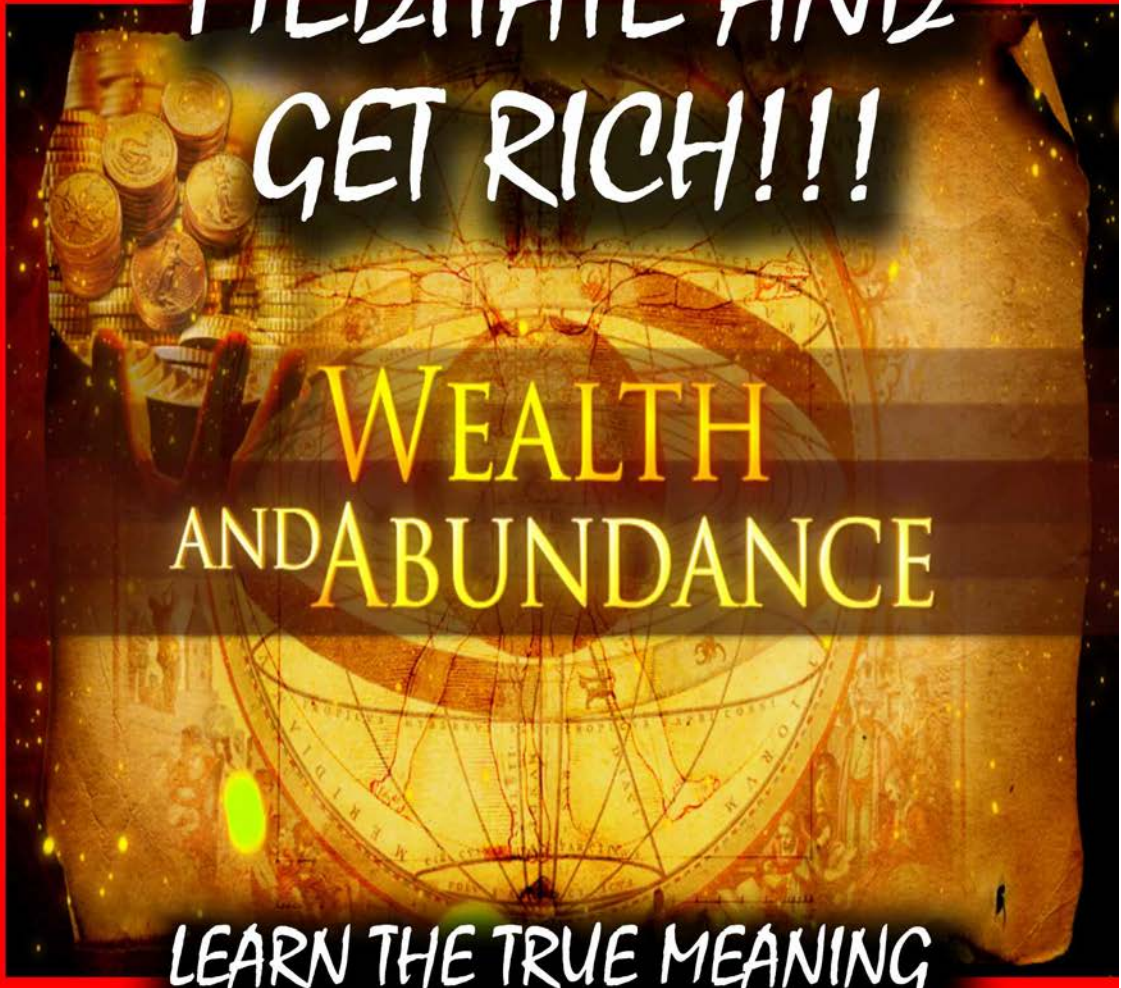
ENERGY ENHANCEMENT MEDITATE AND GET RICH!!!



LEARN THE TRUE MEANING OF THE LAW OF ATTRACTION, ABUNDANCE, RICHNESS AND WEALTH

MEDITATE AND GET RICH!!!

The Human Right to Life surely includes a Rich, Wealthy life. Health, Housing, Air Conditioning, Education, Transport, Entertainment, Books, Pure Food, Water, Environment.
So that we can choose what to work at. So that we can choose to work at The Right Hand Path of Meditation leading to Enlightenment.

Simple, Easy Effective Techniques, Vouchsafed from a Mystical Past lie at the Heart of Alchemical Transmutation of Internal Dragons to Man Up!! and Release the Wellsprings of Energy, Wealth and Internal and External Gold!!

We have all seen "The Secret"

We have all read Napoleon Hill's, "Think and Grow Rich".

But one of the Forgotten Secrets of Wealth and Richness has Traditionally been the Transmutation of Lead into Gold.

The Ancient Secrets of Alchemy!!

And what we need now is the Modern Upgrade of the Secrets of Alchemy brought into the Modern Age.

As Jung has brought Alchemy and Archetypes into Psychology, so Energy Enhancement has brought Alchemy and Archetypes into Wealth and Self Actualisation.

Get the Gold!!

Understand the Ancient Formulas of Alchemy to release Sources of Internal and External Wealth!!

Get the Gold!!

Get the Philosophers Stone which Transmutes All Base Metal into Pure Alchemical Gold!!

There are Powers inside you that once Released, Paradigms Transmuted, Blockages Removed, will enable you to Access your true Potential.

These Ancient Techniques called Alchemy will Truly Release your Beast and Allow Incredible Success in Any Field of Life.

The Secret of Alchemy lies in the Transmutation of Trauma which lies at the Base of all Blocks and Bad Habits.

Trauma creates the Dragon of Fear which in all Ancient Mythical Stories is Killed by the Hero in Order to Rescue and Release the Princess..... and Get the Gold...

After reading this, in lieu of its recommendations which may take a little while to percolate through the Archetypal Mind of humanity, my recommendation is to teach Energy Enhancement Advanced Meditation Techniques..

To achieve True Wealth.. the Ultimate Truth, and Freedom... Enlightenment!!

ENLIGHTENMENT IS AVAILABLE FOR EVERYONE

INCREASING WEALTH WILL SPEED UP THE PROCESS OF EVOLUTION AND ENLIGHTENMENT FOR ALL

MEDITATE AND GET RICH VOL.2

YOUR RICHNESS SEED IS A THOUGHTFORM!!

With regard to becoming rich, becoming strong, any mortal thing you want to be – All these things and more are thoughtforms.
They are thoughtform seeds.
And Napoleon Hill talks about growing these thoughtform seeds, actualising these thoughtform seeds, so that they grown like Acorns to become the great Oak trees they were destined to become - and he gives the formula for this Richness tree to come to fruition.
That you actually become rich!
And Napoleon Hill gives in this book these methods – which suit the natural competents, but require everything from those not naturally competent, including a lot of time..

FAITH, AUTO SUGGESTION, IMAGINATION, DESIRE, DECISION, PERSISTANCE, SEX, THE SUBCONSCIOUS MIND, THE BRAIN, THE SIXTH SENSE, HOW TO OUTWIT THE SIX GHOSTS OF FEAR

NOW, HOW WOULD YOU LIKE TO GROW YOUR PSYCHIC OAK TREE IN DOUBLE QUICK TIME?
HOW WOULD YOU LIKE TO SPEED UP THE PROCESS?

The thing about these Thoughtform Seeds is that they are psychic seeds.
These Thoughtform Seeds do not need real Earth, Water, Sunlight and Carbon Dioxide to grow.
No!
These Thoughtform Seeds need Psychic Energy to Grow.
Most Richness and Wealth Courses teach very beginners techniques.
We are taught the Ancient Buddhist Technique of Metta Bhavana – Gratitude - to Open the Heart.
We are taught the Ancient Yogic Technique of Repetition – of Mantra and Visualisation to Life Stream what we want in the Present tense as though we already have it
So we write down what we want on sheets of paper, read them out into audio files, listen to the files constantly, so that we live in our Matrix, not truly alive so as to enter the prayers into our conscious minds so that with years of repetition the thoughtform seeds might grow, clothe themselves in psychic matter and enter in to the Universal Sub-conscious mind and we might actually become rich and everything work out just as we wish.
So, why does it take so much effort by Mantra to become Rich?
The answer is Energy Blockages which stop our connection with the infinite energies of the Earth and the Central Spiritual Sun and which block our little richness thoughtform from the energies that would make it grow superfast!
As I said, Mantra is a very beginners technique. There are Ancient Techniques of the Siddars which quickly develop the Psychic Powers to get what you want quickly and easily.
Everyone who takes the Energy Enhancement Course gets these psychic powers.
The power to connect with the fountain of kundalini energy from the Earth.
The power to connect with Infinite Spiritual Energy which descends from the Central Spiritual Sun.
The most powerful Technique is that of Meditation developing quickly with Energy Enhancement Initiations into Samadhi and Samyama, talked about in the Ancient – 5000 years old - Yoga Book, the Yoga Sutras of Patanjali.
Everyone knows that Meditation is the best, most ancient, fastest and efficient technique to gain Psychic Powers,
There is a whole chapter in the Yoga Sutras of Patanjali on the use of Samyama to gain all the Psychic Powers – gain immense riches, remove all our vows of poverty from our past lifetimes as monks, remove all bad luck and karma, remove everything holding you back, and attain Enlightenment the goal of All our Past Lifetimes.

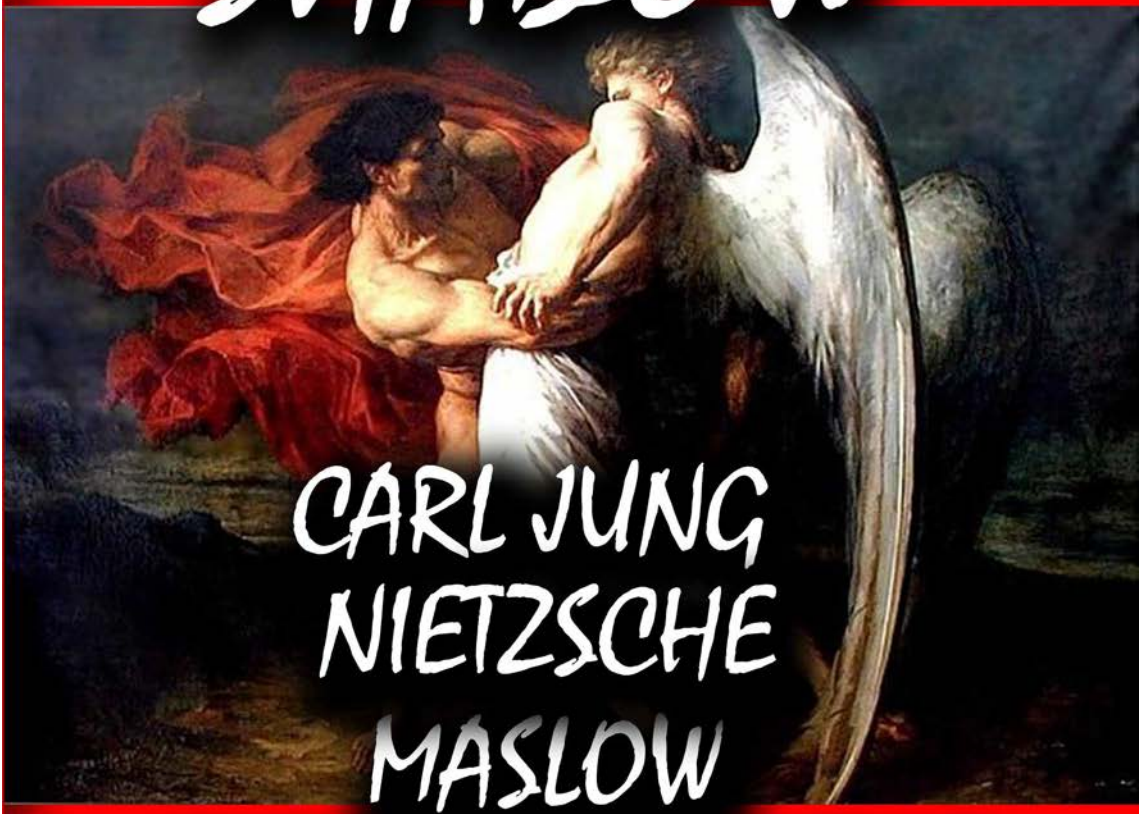
ELIMINATING THE SHADOW



CARL JUNG
NIETZSCHE
MASLOW
JORDAN PETERSON
SATCHIDANAND

www.energyenhancement.org

ELIMINATING THE SHADOW

In this book, Satchidanand trashes the greatest most intellectual investigators and descriptors of the Shadow and the Shadow Subpersonalities. Great People - The Highest of All Humanity - Jordan Peterson, Carl Jung, Nieszche, and every Psychotherapy, Psychological therapist who can describe the problem of the Shadow, talk about the problem of the shadow but have no Practical solution to the Shadow. All of those guys Failed to Solve the Problem of the Shadow. None of these guys have Any practical solution for the Shadow.. And it is the Shadow Subpersonalities which is the Source, The Fount, of All Evil on this Planet... And the Source of All Evil within You!!

Carl Jung says.. "There is no generally effective technique for assimilating the shadow. It is more like diplomacy or statesmanship and it is always an individual matter. First one has to accept and take seriously the existence of the shadow. Second, one has to become aware of its qualities and intentions. This happens through conscientious attention to moods, fantasies and impulses. Third, a long process of negotiation is unavoidable." (Carl Jung)

As Jung notes in the passage above, he thought there is no general technique to integrate the shadow, even though the Buddha and Jesus Christ exemplified the Meditation Technology. For thousands of years great souls have come to earth to demonstrate otherwise, that enlightenment is, "Tat tvam asi" Thou art that!! You are a part of the Universe and have nothing else to seek.

Energy Enhancement Meditation – Spiritual Insight – combined with psychological knowledge is THE complete way of processing and integrating your Shadow Side into wholeness.

Because Energy Enhancement Meditation has actual ancient time-tested meditive techniques that you can use and apply to your Shadow work to Heal All your trauma formed Subpersonalities and Integrate them into the Soul. As long as we have a Shadow Side we have Trauma formed Negative Karmic Mass – pain, fustration, pessimism, depression, anxiety, grief, bitterness, spitefulness, jealousy, anger, greed, lust, addiction, escapism, nihilism. These all need to be addressed and healed – transmuted and integrated.

Energy Enhancement Meditation uses the Psychic Spiritual Center – Third Eye as primary gateway into healing yourself. If we just use psychological analysis then we are limited. If we just use creative therapies, dream exploration, trance-work etc then we are also limited still. This is because we need it all, both sides.

ENERGY ENHANCEMENT MEDITATION – DEEPER THAN THE INTELLECT, MORE PROFOUND THAN THE MIND!

Alchemical VITRIOL is an Ancient Meditation designed to remove Trauma from Memories!! VITRIOL IS A LATIN ACRONYM - VITRIOL. – Visita Interiore Terrae Rectificando Invenies Occultem Lapidem, THE GROUNDING AND TRANSMUTATION OF ENERGY BLOCKAGES – The unification of the conscious and the unconscious., night and day, hot and cold, masculine and feminine. In the center is the Ajna Chakra – Third Eye. The kundalini Serpent has risen from the Muladhara – Base Chakra to the Third Eye Center. The symbolic meaning of its risen state is a raised consciousness that has dissolved duality. A state of Wholeness – Integration – Enlightenment.

"Come together, right now, over me" Singing these famous song lyrics from the Beatles to yourself, You can come together, surpassing your current-self to a higher-self!
